Representing the Holocaust in a comic book is a daring enterprise doing it with animal figures is even bolder Spiegelman's work *Maus* braves many conventions of dealing with the Holocaust but reconstructs it in an unprecedented and unique manner By exceeding literary boundaries and generic expectations it is thus an essential addition to Holocaust literature This paper analyzes the animal metaphor in Spiegelman's *Maus* It examines and discusses the different spheres in which the functions of the animal metaphor become evident First this paper traces back to the origins of using animals in literature After a brief historical introduction of the sources and the development of animal figures chapter 2 explains their literary function and their significance in comic books Chapter 3 delivers a brief overview of *Maus* It includes a synopsis of the comic's plot as well as a summary of its reception Chapter 4 the main part of this paper investigates the various functions and receptions of the animal metaphor in *Maus* from different perspectives In chapter 4.1 Spiegelman's personal explanations reveal how *Maus*'s animal characters function for him as a second generation witness Chapter 4.2 focuses upon these

implications brought into play with the use of the mask A further subject discussed in chapter 4 3 is how the animal imagery serves as a distancing and defamiliarizing device in order to deal with the horror of the Holocaust Chapter 4 4 discusses the interconnection between both features In chapter 4 5 the examination tries further to comprehend how the animal metaphor contributes to the reconstruction of ethnicity and identity in Maus Since any analysis of a comic book must not neglect its visual dimension chapter 4 6 considers Maus s drawing style and the significance of its visual representation Maus has attracted many critics and its reception has been diverse and manifold Target of the criticism has been especially the use of animals as substitutes for human beings Chapter 4 7 examines and discusses Maus s animal device from a critical point of view regarding its incongruities and problems brought into play with the association of human beings and animals The last chapter summarizes the insights of the analysis and discusses in what way Maus s animal metaphor strikes a new path in the conception and reconstruction of the Holocaust

**The Animal Other in Narratives of Conquest** Stacy Hoult,2023-04-11  
The Animal Other in Narratives of Conquest Uncanny Encounters investigates the functions of nonhuman animal imagery in diverse narratives of the Conquest of the Americas The author s explications of film poetry literary and popular fiction and theme park spaces draw on postcolonial and animal theory deconstructive and Freudian literary criticism and radical social theory She argues that animals in these texts function on two levels while they play a key role in the development of both Indigenous and European characters depictions of their treatment and symbolic charge consistently work to disrupt narratives that seek to present the Conquest as a mutually beneficial encounter between two cultures The close readings of animal imagery in texts ranging from Pablo Neruda s poetry to the animated film The Road to El Dorado represent a fresh approach to questions surrounding the depictions of Indigenous Americans and the motivations tactics and lasting contributions of the invading culture

*The Eye of the Crocodile* Val Plumwood,2012-11-01 Val Plumwood was an eminent environmental philosopher and activist who was prominent in the development of radical ecophilosophy from the early 1970s until her death in 2008 Her book *Feminism and the Mastery of Nature* 1992 has become a classic In 1985 she was attacked by a crocodile while kayaking alone in the Kakadu national park in the Northern Territory She was death rolled three times before being released from the crocodile s jaws She crawled for hours through swamp with appalling injuries before being rescued The experience made her well placed to write about cultural responses to death and predation The first section of *The Eye of the Crocodile* consists of chapters intended for a book on crocodiles that remained unfinished at the time of Val s death The remaining chapters are previously published papers brought together to form an overview of Val s ideas on death predation and nature

*Perspectives on Human-animal Communication* Emily Plec,2013 Despite its inherent interdisciplinarity the Communication discipline has remained an almost entirely anthropocentric enterprise This book represents early and prominent forays into the subject of human animal communication from a Communication Studies perspective an effort that brings a discipline too long defined by that fallacy of division human or nonhuman into conversation with animal studies biosemiotics and environmental communication as well as other recent intellectual and activist movements for reconceptualizing relationships and interactions in the biosphere This book is a much needed point of entry for future scholarship on animal human communication as well as the whole range of communication possibilities among the more than human world It offers a groundbreaking transformation of higher education by charting new directions for communication research policy formation and personal and professional practices involving animals

**Animation in China** Sean Macdonald,2015-11-06 By the turn of the 21st century animation production has grown to thousands of hours a year in the People s Republic of China PRC Despite this and unlike American blockbuster productions and the diverse genres of Japanese anime much animation from the PRC remains relatively unknown This book is an historical and theoretical study of animation in the PRC Although the Wan Brothers produced the first feature length animated film in 1941 the industry as we know it today truly began in the 1950s at the Shanghai Animation Film Studio SAFS which remained the sole animation

studio until the 1980s Considering animation in China as a convergence of the institutions of education fine arts literature popular culture and film the book takes comparative approaches that link SAFS animation to contemporary cultural production including American and Japanese animation Pop Art and mass media theory Through readings of classic films such as Princess Iron Fan Uproar in Heaven Princess Peacock and Nezha Conquers the Dragon King this study represents a revisionist history of animation in the PRC as a form of postmodernism with Chinese characteristics As a theoretical exploration of animation in the People s Republic of China this book will appeal greatly to students and scholars of animation film studies Chinese studies cultural studies political and cultural theory Cartooning: Character Design Sherm

Cohen,2006-04-01 Learn the art of cartooning step by step with an Emmy winning storyboard artist and character designer This addition to the How to Draw and Paint series comes from accomplished cartoonist Sherm Cohen renowned for his work on SpongeBob SquarePants and many other film and television productions It teaches artists the essentials of creating cartoon characters from using basic shapes and conveying age and mood to adding props and costumes and much more It also brings the artistic process up to date by touching on the use of computers in cartooning Featuring step by step instructions and a wealth of original images this book is a must have resource for any aspiring cartoonist looking to develop their personal style **Real World AI Ethics for Data Scientists** Nachshon (Sean) Goltz,Tracey Dowdeswell,2023-04-13
