Three to four million dogs and cats are killed in shelters every year billions of chickens pigs and cows are killed for food and countless animals are killed in research labs or their habitat. The numbers are daunting but there's good news too. Even one person truly can make a difference without breaking the bank. With Stephanie Feldstein's straightforward and encouraging guidance readers will learn how to take action to create a better world for the animals we love. It starts with changes as simple as taking a shorter shower skipping meat once a week wearing this not that and extends all the way to online activism and politics.
