The Annals Ninetieth Anniversary Index American Academy of Political and Social Science, 1981 *Constitutionalism and Rights* Louis Henkin, Albert J. Rosenthal, 1990 Why do smokers claim that the first cigarette of the day is the best What is the biological basis behind some heavy drinkers belief that the hair of the dog method alleviates the effects of a hangover Why does marijuana seem to affect ones problem solving capacity Intoxicating Minds is in the author s words a grand excavation of drug myth Neither extolling nor condemning drug use it is a story of scientific and artistic achievement war and greed empires and religions and lessons for the future Ciaran Regan looks at each class of drugs describing the historical evolution of their use explaining how they work within the brain s neurophysiology and outlining the basic pharmacology of those substances From a consideration of the effect of stimulants such as caffeine and nicotine and the reasons and consequences of their sudden popularity in the seventeenth century the book moves to a discussion of more modern stimulants such as cocaine and ecstasy In addition Regan explains how we process memory the nature of thought disorders and therapies for treating depression and schizophrenia Regan then considers psychedelic drugs and their perceived mystical properties and traces the history of placebos to ancient civilizations Finally Intoxicating Minds considers the physical consequences of our co evolution with drugs how they have altered our very being and offers a glimpse of the brave new world of drug therapies **The Annals of the American Academy of Political and Social Science** ,1976-11 □□ Japan, 1977 **Region and Nation in India** Richard Leonard Park, 1985 A Group Of Eminent Scholars Analyze The Political Expression Of Region And Nation In India Post Indira Gandhi S Assassination In Original And Often Provocative Chapters **ABC Pol Sci** ,1977 National Union Catalog ,1963 Includes entries for maps and atlases **Library of Congress Catalogs** Library of Congress, 1979 *United States Political Science Documents* ,1977 **Subject Catalog, 1977** Library of Congress, 1977 **Annual Legal Bibliography** Harvard Law School. Caiden, 2014-07-24 No detailed description available for Administrative Reform Comes of Age *Chasing Freedom* Adele Webb, 2022-01-01 How did Rodrigo Duterte earn the support of large segments of the Philippine middle class despite imposing arbitrary rule and offering little tolerance for dissent Has the Filipino middle class heroes of the 1986 People Power Revolution given up on democracy Chasing Freedom tells the story of the love hate relationship of the Philippine middle class with democratic politics It illuminates the historical roots and contingency of the Philippine middle class s reticence about democracy and makes visible the forms of power that have shaped and constrained middle class imaginings of democracy and representations of themselves as political subjects Drawing on historical archival work discourse analysis and fieldwork interviews the chapters trace the attitudes of the Filipino middle class from the time of American colonization in 1898 to the 2016 election of strongman Rodrigo Duterte The argument is that democracy has been and continues to be lived in a deeply ambivalent way The simultaneous saying of

yes and no to democracy by citizens is one of the defining features of the Philippines democratic journey The prime source of this ambivalence the book argues is the Janus face of America s democratic imperialism and the deprecation inherent in the project of democratic tutelage According to Webb the Philippines is a bellwether case of what she calls democratic ambivalence In an age when disenchantment with democracy is on the rise it provides lessons of global importance The book s empirical findings support a striking conclusion since ambivalence is not simply a pathology of democracy but one of its persistent features the dynamics of ambivalence need to be at the heart of descriptive and normative accounts of how democracy works

Gangsterismo is an extraordinary accomplishment the most comprehensive history yet of the clash of epic forces over several decades in Cuba It is a chronicle that touches upon deep and ongoing themes in the history of the Americas and more specifically of the United States government Cuba before and after the revolution and the criminal networks known as the Mafia The result of 18 years research at national archives and presidential libraries in Kansas Maryland Texas and Massachusetts here is the story of the making and unmaking of a gangster state in Cuba In the early 1930s mobster Meyer Lansky sowed the seeds of gangsterismo when he won Cuban strongman Fulgencio Batista s support for a mutually beneficial arrangement the North American Mafia were to share the profits from a future colony of casinos hotels and nightclubs with Batista his inner circle and senior Cuban Army and police officers In return Cuban authorities allowed the Mafia to operate its establishments without interference Over the next twenty five years a gangster state took root in Cuba as Batista other corrupt Cuban politicians and senior Cuban army and police officers got rich All was going swimmingly until a handful of revolutionaries upended the neat arrangement and the CIA Cuban counterrevolutionaries and the Mafia joined forces to attempt the overthrow of Castro Gangsterismo is unique in the literature on Cuba and establishes for the first time the integral extensive role of mobsters in the Cuban exile movement The narrative unfolds against a broader historical backdrop of which it was a part the confrontation between the United States and the Cuban revolution which turned Cuba into one of the most perilous battlegrounds of the Cold War The anti communist hysteria generated by the Cold War frequently unhinged the policy judgments of US government officials in many areas but nowhere so completely as in our relations with Cuba This conclusion is inescapable as Gangsterismo brilliantly unravels the bizarre tale of the Mafia army the Kennedy brothers recruited in their manic determination to rid Cuba of Castro that vexing seemingly indomitable Communist Martin J Sherwin co winner of the Pulitzer Prize together with Kai Bird for American Prometheus The Triumph and Tragedy of J Robert Oppenheimer What is shocking is not what is new but how much that is old already on the record in presidential and other archives CIA and FBI files memoirs and histories in Jack Colhoun s Gangsterismo Drawing on the National Security Archives papers and books public and private he damningly documents the pathetic incompetent and sometimes comic but always inappropriate and anti
