THE ANTI- MARCOS STRUGGLE

The Anti Marcos Struggle Personalistic Rule And Democratic Transition In The Philippines

William Case

The Anti Marcos Struggle Personalistic Rule And Democratic Transition In The Philippines:

The Anti-Marcos Struggle Mark R. Thompson,1995 The Philippine dictatorship of Ferdinand E Marcos was characterized by family based rule and corruption This sultanistic regime in which the ruler exercised power freely without loyalty to any ideology or institution had to be brought down because Marcos would never step down In this book Mark Thompson analyzes how Marcos opponents in the political and economic elite coped with this situation and why their struggle resulted in a transition to democracy through people power rather than through violence and revolution Based on 150 interviews that Thompson conducted with key participants and on unpublished materials collected during his five trips to the Philippines the book sheds new light on the transition process Thompson reveals how anti Marcos politicians backed a terrorist campaign by social democrats and then after its failure joined a united front with the communists But when opposition leader Benigno S Aquino Jr was assassinated in 1983 the politicians were able to draw on public outrage and challenge Marcos at the polls The opposition s moral crusade brought down Marcos and enabled the new president Corazon C Aquino to consolidate democracy despite the troubling legacies of the dictatorship Thompson argues that the Philippines long standing democratic tradition and the appeal that honest government had to the Filipinos were important elements in explaining the peaceful transition process

Politics in Southeast Asia William Case,2013-09-13 This volume provides an introduction to the politics of the five key southeast Asian states Malaysia Singapore Indonesia Thailand and the Philippines and is intended as a textbook for undergraduate and graduate students taking courses on this subject Using a comparative politics and political economy perspective the author focuses in particular on the degree of democracy in the five countries arguing that in all the countries considered democracy is to varying degrees imperfect The book synthesises a wide range of scholarship and presents the material in a concise and accessible way

Conjunctures and Continuities in Southeast Asian Politics Narayanan Ganesan,2013 In their evolution of political structures and life countries often undergo significant conjunctures major events that reorder political structures and norms The examination of such conjunctures offers an important methodological framework to uncover and document changes that have significantly altered the political template of a country This collection of case studies examines the critical conjunctures that have affected the countries of Southeast Asia in recent decades Each chapter traces the antecedent conditions prior to the event describes the changes brought about by the conjuncture and details the lasting legacy

Booty Capitalism Paul David Hutchcroft,1998 Analyses how booty capitalism emerges from relations between a patrimonial state and a predatory oligarchy Focuses on the nature of relations between state and oligarchy in the banking sector in the period 1960 1995

Capital, Coercion, and Crime John Thayer Sidel,1999 Drawing on in depth research in the Philippines this book reveals how local forms of political and economic monopoly may thrive under conditions of democracy and capitalist development

Populist Threats and Democracy's Fate in Southeast Asia William Case,2017-02-17 This book offers a new explanation for democracy s collapse or persistence in Southeast Asia today

Focusing on Thailand the Philippines and Indonesia the three countries in the region with the most democratic experience William Case shows that existing accounts based on contextual factors are by themselves incomplete Hence they lead us wrongly to anticipate democracy s persistence in Thailand and its collapse in Indonesia They more accurately though only partially correlate with democracy s fluctuations in the Philippines

Transnational Repression in the Age of Globalisation Saipira Furstenberg,Dana Moss,2024-04-30 Bringing together leading scholars this volume is the first of its kind to address the growing global phenomenon of transnational repression in a comparative perspective Authoritarian regimes in places like China Russia and Saudi Arabia are infamous for cracking down on domestic opposition movements and democracy activists at home And in our age of globalisation migration and technological development dictators are increasingly able to extend their authoritarian power over their critics abroad Using tactics that include surveillance coercion harassment and physical violence transnational repression threatens the lives of democracy defenders the basic rights of diaspora members and the rule of law in host states

Staging Politics Julia C. Strauss,Donal B.Cruise O'Brien,2007-04-27 This fresh and original study analyses how power presents itself in dramatic performance in these two increasingly economically and politically important continents Emotion and politics play a hugely important role in the politics of Asia and Africa but as this book sets out too much of western political research into the subject concentrates on apparent deficiencies on the weakness of institutions defects in the bureaucracy or markets poor management of elections absent judicial autonomy Viewing political performance through Western eyes in this way where politics is primarily about the naked pursuit of power and interests can lead to a misunderstanding of how politics actually works in Africa and Asia where process plays a far more important role Thus performance drama and emotion are far more integral to political outcome there than in the West By concentrating on this new perspective the authors each a recognised specialist in one or more states in Asia and Africa avoid this trap and offer a coherent picture of the impact political performance has on the culture and politics of these societies and how they function

Comparative Politics of Southeast Asia Aurel Croissant,Philip Lorenz,2017-12-26 This textbook provides a comprehensive introduction to the political systems of all ASEAN countries and Timor Leste from a comparative perspective It investigates the political institutions actors and processes in eleven states covering democracies as well as autocratic regimes Each country study includes an analysis of the current system of governance the party and electoral system and an assessment of the state its legal system and administrative bodies Students of political science and regional studies will also learn about processes of democratic transition and autocratic persistence as well as how civil society and the media influence the political culture in each country

(Dys-)Functionalities of Corruption Tobias Debiel,Andrea Gawrich,2013-12-16 Corruption is usually understood as hampering political development economic growth and democratic participation of citizens but comparing the effects of corruption for different political regimes presents astonishingly complex findings The ongoing persistence of corruption underlines that it is not only dysfunctional but can be

highly functional as well. This special issue brings together contributions from comparative politics, political science and economics which precisely focus on these dysfunctionalities of corruption in political regimes across various world regions. The question of methodological pluralism is especially important for studying corruption comparatively. While on an international level a trend towards an increased use of quantitative methods in political science as well as in economics can be observed, the special issue underlines the importance of having a pluralistic approach for grasping the complex and multi-layered effects of the phenomenon. Of similar importance is the adoption of a comparative perspective that includes different world regions in order to understand the different roles of corruption in developing, transforming and developed countries alike. Dr Tobias Debiel is Director of the Centre for Global Cooperation Research and of the Institute for Development and Peace INEF. Since 2006 he is also Professor in International Relations and Development Policy, Institute of Political Science, University of Duisburg-Essen. Dr Andrea Gawrich is Professor for International Integration at the University of Gießen.

Stateness and Democracy in East Asia Aurel Croissant, Olli Hellmann, 2020-05-21. Comparative analysis of case studies across East Asia provides new insights into the relationship between state building, stateness and democracy. **Historical Dictionary of the Philippines** Artemio R. Guillermo, 2012. The Historical Dictionary of the Philippines, Third Edition, contains a chronology, an introductory essay, an extensive bibliography and several hundred cross-referenced dictionary entries.

Contemporary Authoritarianism in Southeast Asia William Case, 2013-09-27. Over the past two decades, book-length analyses of politics in Southeast Asia, like those addressing other parts of the developing world, have focused closely on democratic change, election events and institution building. But recently, democracy's fortunes have ebbed in the region. In the Philippines, the progenitor of people power democracy has been diminished by electoral cheating and gross human rights violations. In Thailand, though the former Prime Minister Thaksin Shinawatra scored successive electoral victories, he so committed executive abuses that he served up the pretext by which royalist elements in the military might mount a coup, one that even gained favour with the new middle class. And in Indonesia, lauded today as the region's only democracy still standing, the government's writ over the security forces has remained weak, with military commanders nestling in unaccountable domains there to conduct their shadowy business dealings. Elsewhere, dominant single parties persist in Malaysia, Singapore, Vietnam, Cambodia and Laos, while a military junta perpetuates its brutal control over Burma. This volume, the first to bring together a series of country cases and comparative narratives about the recent revival of authoritarian rule in Southeast Asia, identifies the structural and voluntarist dynamics that underlie this trend and the institutional patterns that are taking shape. This book was published as a special issue of *The Pacific Review*. **Routledge Handbook of Southeast Asian Democratization** William Case, 2015-04-24. Southeast Asia, an economically dynamic and strategically vital region, seemed until recently to be transiting to more democratic politics. This progress has suddenly stalled or even gone into reverse, requiring that analysts seriously rethink their expectations and theorizing. The Routledge Handbook of Southeast

Asian Democratization provides the first book length account of the reasons for democracy's declining fortunes in the region today. Combining theory and case studies it is structured in four major sections: Stunted Trajectories and Unhelpful Milieus; Wavering Social Forces; Uncertain Institutions; Country cases and democratic guises. This interdisciplinary reference work addresses topics including the impact of belief systems, historical records, regional and global contexts, civil society, ethnicity, women, Islam, and social media. The performance of political institutions is also assessed and the volume offers a series of in depth case studies evaluating the country records of particular democratic, hybrid and authoritarian regimes from a democratization perspective. Bringing together nearly 30 key international experts in the field, this cutting edge Handbook offers a comprehensive and fresh investigation into democracy in the region. This timely survey will be essential reading for scholars and students of Democratization and Asian Politics as well as policymakers concerned with democracy's setbacks in Southeast Asia and the implications for the region's citizens.

Dictators and their Secret Police Sheena Chestnut Greitens, 2016-08-16 How do dictators stay in power? When and how do they use repression to do so? *Dictators and their Secret Police* explores the role of the coercive apparatus under authoritarian rule in Asia: how these secret organizations originated, how they operated, and how their violence affected ordinary citizens. Greitens argues that autocrats face a coercive dilemma: whether to create internal security forces designed to manage popular mobilization or defend against potential coup. Violence against civilians, she suggests, is a byproduct of their attempt to resolve this dilemma. Drawing on a wealth of new historical evidence, this book challenges conventional wisdom on dictatorship: what autocrats are threatened by, how they respond, and how this affects the lives and security of the millions under their rule. It offers an unprecedented view into the use of surveillance, coercion, and violence, and sheds new light on the institutional and social foundations of authoritarian power.

Security Challenges and Military Politics in East Asia Jongseok Woo, 2011-02-24 This comparative work examines the political role played by armed forces in South Korea, Indonesia, the Philippines, and Taiwan. The work brings together theory and empirical study, analyzing how security threats have shaped the military's organization, doctrine, and domestic political role at various stages of political development, from the state building period to today's post democratization era. Using four representative case studies, Woo sets to answer: What determines the armed forces' political influence? How does it affect political development? How do democratically elected leaders establish civilian control over them? The book first looks at how security threats led to military expansion and authoritarianism at the onset of the Cold War. Next, it examines military dictatorial rule, followed by a study of the military's withdrawal process during democratization. Lastly, it focuses on contemporary civil-military dynamics in the four countries, discussing the obstacles faced by civilian authority and what maybe the most desirable model for civil-military relations in post democratization Asian societies. *Security Challenges and Military Politics in East Asia* will be an essential resource for anyone studying Asian political development, civil-military relations, and comparative democratization.

The SAGE Encyclopedia of Filipina/x/o American Studies Kevin Leo Yabut

Nadal, Allyson Tintiangco-Cubales, E.J.R. David, 2022-09-13 Filipino Americans are one of the three largest Asian American groups in the United States and the second largest immigrant population in the country. Yet within the field of Asian American Studies, Filipino American history and culture have received comparatively less attention than have other ethnic groups. Over the past twenty years, however, Filipino American scholars across various disciplines have published numerous books and research articles as a way of addressing their unique concerns and experiences as an ethnic group. The SAGE Encyclopedia of Filipina x o American Studies, the first on the topic of Filipino American Studies, offers a comprehensive survey of an emerging field focusing on the Filipino diaspora in the United States as well as highlighting issues facing immigrant groups in general. It covers a broad range of topics and disciplines including activism and education, arts and humanities, health, history, and historical figures, immigration, psychology, regional trends, and sociology and social issues.

Routledge Handbook of Southeast Asian Politics Richard Robison, 2012-03-12 Now available in paperback, this Handbook provides a comprehensive analysis of the major themes that have defined the politics of Southeast Asia. It provides a comprehensive and cutting-edge examination of this important subject. The introductory chapter provides an overview of the theoretical and ideological themes that have dominated the study of the region's politics and presents the different ways the complex politics of the region have been understood. The contributions by leading scholars in the field cover a range of broad questions about the dynamics of politics. The Handbook analyses how the dominant political and social coalitions of the region were forged in the Cold War era and assesses the complex processes of transition towards various forms of democratic politics. How institutions and systems of governance are being forged in an increasingly global environment is discussed, and whether civil society in Southeast Asia has really evolved as an independent sphere of social and political activity. The Handbook examines how national governments are dealing with growing tensions within the region as matters such as labour, human rights, and the environment spill beyond national boundaries and how they are establishing a place in the new global framework. By engaging the Southeast Asian experience more firmly with larger debates about modern political systems, the Handbook is an essential reference tool for students and scholars of Political Science and Southeast Asian studies.

Democracy, Inequality and Corruption Jong-sung You, 2015-01-22 In this comparative historical survey of three East Asian democracies, Jong-sung You explores the correlation between inequality and corruption in the countries of South Korea, Taiwan, and the Philippines. Drawing on a wealth of rich empirical research, he illustrates the ways in which economic inequality can undermine democratic accountability, thereby increasing the risk of clientelism and capture. Transcending the scope of corruption research beyond economic growth, this book surveys why some countries like the Philippines have failed to curb corruption and develop, whilst others such as South Korea and Taiwan have been more successful. Taking into account factors such as the success and failure of land reform, variations in social structure, and industrial policy, Jong-sung You provides a sound example of how comparative analysis can be employed to identify causal

direction and mechanisms in political science **Five Faces of Exile** Augusto Fauni Espiritu, 2005 Five Faces of Exile is the first transnational history of Asian American intellectuals Espiritu explores five Filipino American writers whose travels literary works and political reflections transcend the boundaries of nations and the categories of Asia and America

The Anti Marcos Struggle Personalistic Rule And Democratic Transition In The Philippines Introduction

In the digital age, access to information has become easier than ever before. The ability to download The Anti Marcos Struggle Personalistic Rule And Democratic Transition In The Philippines has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download The Anti Marcos Struggle Personalistic Rule And Democratic Transition In The Philippines has opened up a world of possibilities. Downloading The Anti Marcos Struggle Personalistic

The Anti Marcos Struggle Personalistic Rule And Democratic Transition In The Philippines

Rule And Democratic Transition In The Philippines provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading The Anti Marcos Struggle Personalistic Rule And Democratic Transition In The Philippines has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download The Anti Marcos Struggle Personalistic Rule And Democratic Transition In The Philippines. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading The Anti Marcos Struggle Personalistic Rule And Democratic Transition In The Philippines. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading The Anti Marcos Struggle Personalistic Rule And Democratic Transition In The Philippines, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download The Anti Marcos Struggle Personalistic Rule And Democratic Transition In The Philippines has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

FAQs About The Anti Marcos Struggle Personalistic Rule And Democratic Transition In The Philippines Books

1. Where can I buy The Anti Marcos Struggle Personalistic Rule And Democratic Transition In The Philippines books?
Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
2. What are the different book formats available? Hardcover: Sturdy and durable, usually more expensive. Paperback: Cheaper, lighter, and more portable than hardcovers. E-books: Digital books available for e-readers like Kindle or software like Apple Books, Kindle, and Google Play Books.
3. How do I choose a The Anti Marcos Struggle Personalistic Rule And Democratic Transition In The Philippines book to read? Genres: Consider the genre you enjoy (fiction, non-fiction, mystery, sci-fi, etc.). Recommendations: Ask friends, join book clubs, or explore online reviews and recommendations. Author: If you like a particular author, you might enjoy more of their work.
4. How do I take care of The Anti Marcos Struggle Personalistic Rule And Democratic Transition In The Philippines books? Storage: Keep them away from direct sunlight and in a dry environment. Handling: Avoid folding pages, use bookmarks, and handle them with clean hands. Cleaning: Gently dust the covers and pages occasionally.
5. Can I borrow books without buying them? Public Libraries: Local libraries offer a wide range of books for borrowing. Book Swaps: Community book exchanges or online platforms where people exchange books.
