The Antilles Incident:

The Antilles Incident Donald Todd, 1997-11 The Captain of a Navy destroyer is ordered to investigate and unspecified craft just north of Antilles and finds himself engaged in an underwater battle with a submersible UFO The Antilles Incident The UFO Maritime narrative herein described actually happened Stressing anonymity for the ship and crew the captain s wishes for confidentiality have been honored All else is as it happened **Investigation of Mexican Affairs** United States. Congress. Senate. Committee on Foreign Relations, 1920 Postcolonial Violence, Culture and Identity in Francophone Africa and the Antilles Lorna Milne, 2007 This collection of essays derives from a conference on Violence Culture and Identity held in St Andrews in June 2003 It examines postcolonial cultures and identities by investigating the way in which violence is represented by Francophone creative artists Problems of the Antilles Norman Lamont, 1912 Aircraft Accident **Report** ,1978 The Wireless Age J. Andrew White, 1914 **UFOs and Water: Physical Effects of UFOs on Water Through Accounts by Eyewitnesses** Carl W. Feindt, 2016-02-23 UFOs have approximately 75% of this planet in which to operate undetected Adding another piece to the puzzle From dissimilar puzzle pieces supplied by ufologists throughout the years of UFO history a picture is starting to take shape Ufologist Carl Feindt has not only contributed his own small piece but he has also connected many of the previous pieces to form an enlightening and highly plausible theory Feindt's studies concern Unidentified Flying Objects UFOs that enter and exit the dense medium of water This aspect aroused his curiosity because while we humans do not understand alien science we do know our water This book contains cases from just about every type of body of water from puddles to oceans It opens a long overlooked door to discover the operating principles of UFOs by closely observing water s reaction to these craft and finding similarities among cases involving water Four Years' Residence in the West Indies Frederic William Navlor Bayley, 1833 Seeking Imperialism's Embrace Kristen Stromberg Childers, 2016-09-01 In 1946 at a time when other French colonies were just beginning to break free of French imperial control the people of the French Antilles the Caribbean islands of Martinique and Guadeloupe voted to join the French nation as departments D partments d outre mer or DOMs Eschewing independence in favor of complete integration with the metropole the people of the French Antilles affirmed their Frenchness in an important decision that would define their citizenship and shape their politics for decades to come For Antilleans this novel path was the natural culmination of a centuries long quest for recognition of their equality with the French and a means of overcoming the entrenched political and economic power of the islands white minority Disappointment with departmentalization quickly set in Kristen Stromberg Childers shows in this work as the promised equality was slow in coming and Antillean contributions to World War II went unrecognized Champions of departmentalization such as Aim C saire argued that the race blind Republic was far from universal and egalitarian The French government struggled to stem unrest through economic development tourism and immigration to the metropole where labor was in short supply Antilleans fought against racial and gender stereotypes

imposed on them by European French and sought to stem the tide of white metropolitan workers arriving in the Antilles Although departmentalization has been criticized as a weak alternative to national independence it was overwhelmingly popular among Antilleans at the time of the vote and subsequent disappointment reflects the broken promises of assimilation more than the misguided nature of the decision Contrasting with the wars of decolonization in Algeria and Vietnam Seeking Imperialism's Embrace examines the Antilleans more peaceful but perhaps equally vexing process of forging a national identity in the French empire

Central Intelligence The Spanish Crown and the Defense of the Caribbean, 1535-1585 Paul E. Hoffman, 1999-03-01 Agency, 1968 Because of the legendary exploits of Sir Francis Drake most people have heard of the sixteenth century conflicts between the English and the Spanish in the New World Paul Hoffman looks behind the legend to discover the reality of what the Spanish crown was doing to defend its empire against raiders such as Drake Using quantitative as well as literary data on the costs types and locations of defenses and on the locations and types of corsair incidents Hoffman documents the evolution of s system of defenses that he believes was adequate for confronting the violence of the French and English in the years before 1586 He suggests that the size of Drake's expedition of 1586 was a response to this system and in turn caused the Spanish to

abandon the system in favor of one that concentrated on the defense of the major towns and trade routes Besides telling the complex story of how the Spanish built forts installed garrisons and artillery and patrolled the Caribbean Hoffman discusses the ways in which the political system of the empire shaped decisions on defenses Contrary to what many have believed Hoffman concludes Spain exhibited neither military failure nor timidity in its defense of hits interest in the New World Sharing the results of his meticulous research about the Spanish Caribbean Paul Hoffman examines an important period that legend has obscured **Leaflets from the Danish West Indies** Charles Edwin Taylor,1888 **A Brief History of the Caribbean** Jan Rogozinski,2000-09-01 This comprehensive volume takes the reader and student through more than five hundred years of Caribbean history beginning with Columbus s arrival in the Bahamas in 1492 A Brief History of the Caribbean traces the people and events that have marked this constantly shifting region encompassing everything from economic booms and busts to epidemics wars and revolutions and bringing to life such important figures as Sir Francis Drake Blackbeard Toussaint Louverture Fidel Castro the Duvaliers and Jean Bertrand Aristide This superbly written history revised and updated with new chapters that reflect the islands most recent social economic and political developments is a work of impeccable scholarship Featuring maps charts tables and photographs it remains the ideal guide to the region and its people
