## **The Ape In The Corner Office Understanding The Workplace Beast In All Of Us:**

**The Ape in the Corner Office** Richard Conniff, 2005-09-06 Tired of swimming with the sharks Fed up with that big ape down the hall Real animals can teach us better ways to thrive in the workplace jungle You're ambitious and want to get ahead but what's the best way to do it Become the biggest baddest predator The proverbial 800 pound gorilla Or does nature teach you to be more subtle and sophisticated Richard Conniff the acclaimed author of *The Natural History of the Rich* has survived savage beasts in the workplace jungle where he hooted and preened in the corner office as a publishing executive He's also spent time studying how animals operate in the real jungles of the Amazon and the African bush What he shows in *The Ape in the Corner Office* is that nature built you to be nice Doing favors grooming coworkers with kind words building coalitions these tools for getting ahead come straight from the jungle The stereotypical Darwinian hard charger supposedly thinks only about accumulating resources But highly effective apes know it's often smarter to give them away That doesn't mean it's a peaceable kingdom out there however Conniff shows that you can become more effective by understanding how other species negotiate the tricky balance between conflict and cooperation Conniff quotes one biologist on a chimpanzee's obsession with rank His attempts to maintain and achieve alpha status are cunning persistent energetic and time consuming They affect whom he travels with whom he grooms where he glances how often he scratches where he goes what times he gets up in the morning Sound familiar It's the same behavior you can find written up in any issue of *BusinessWeek* or *The Wall Street Journal* *The Ape in the Corner Office* connects with the day to day of the workplace because it helps explain what people are really concerned about How come he got the wing chair with the gold trim How can I survive as that big ape's subordinate without becoming a spineless yes man Why does being a lone wolf mean being a loser And yes why is it that jerks seem to prosper at least in the short run Also available as a Random House AudioBook and an eBook

**The Way We Work** Regina Fazio Maruca, 2007-12-30 From corner office to 24/7 the world of work has permeated every facet of our culture *The Way We Work* explores in over 150 A-Z entries the origins and impact of the concepts ideas fads and themes have become part of the business vernacular shedding light on the dynamic ways in which business and society both influence and reflect each other Assessing the evolving business environment in the context of technology development globalization and workplace diversity *The Way We Work* covers the gamut of business related topics including Crisis Management Outsourcing and Whistleblowing as well as popular subjects such as Casual Friday Feng Shui and Napster

[The Birth of a Jungle](#) Michael Lundblad, 2013-01-10 According to the law of the jungle the behavior of wild animals can be equated with natural human instincts not only for competition and reproduction but also for violence and exploitation Drawing on numerous novels and cultural events at the turn of the twentieth century *The Birth of a Jungle* examines how the characteristics and imagery of wild animals were evoked to explore a wide range of human behaviors including homosexuality labor exploitation and the lynching of African Americans Throughout the study Michael Lundblad emphasizes

what he terms the discourse of the jungle Darwinist Freudian constructions of the human and the animal that redefined various behaviors in relation to animal instincts With nuanced attentive readings Lundblad reveals how these formulations of the human animal despite reigning critical interpretations were often contested rather than reinforced in Progressive Era texts Henry James s *The Beast in the Jungle* and fiction by Jack London serve as opportunities to examine changing attitudes toward sexuality and queer desire Works like Andrew Carnegie s *The Gospel of Wealth* and Frank Norris s *The Octopus* offer insights into another type of jungle the capitalist marketplace The real life electrocution of a circus elephant at Coney Island and Upton Sinclair s muckraking classic *The Jungle* inform the subsequent discussion of animalized class warfare Understandings of race and evolution are explored through the work of William James Edgar Rice Burrough s *Tarzan of the Apes* and the role of William Jennings Bryan at the Scopes Monkey Trial of 1925 Engagingly written and cogently argued *The Birth of a Jungle* reveals the significance of animality in relation to the history of sexuality literary naturalism and critical race studies while highlighting how the discourse of the jungle remains a disturbing yet powerful presence in today s culture

12: The Elements of Great Managing Gallup,James Harter,2014-12-02 Based on the largest worldwide study of employee engagement and more than a decade of research Gallup explains the 12 elements essential to motivating employees and features the inspiring stories of 12 managers who succeeded in these dimensions More than a decade ago Gallup combed through its database of more than 1 million employee and manager interviews to identify the elements most important in sustaining workplace excellence These elements were revealed in the international bestseller *First Break All the Rules* *12 The Elements of Great Managing* is that book s long awaited sequel It follows great managers as they harness employee engagement to turn around a failing call center save a struggling hotel improve patient care in a hospital maintain production through power outages and successfully face a host of other challenges in settings around the world Gallup s study now includes 10 million employee and manager interviews spanning 114 countries and conducted in 41 languages In *12* Gallup weaves its latest insights with recent discoveries in the fields of neuroscience game theory psychology sociology and economics Written for managers and employees of companies large and small *12* explains what every company needs to know about creating and sustaining employee engagement

Powers of Two Joshua Wolf Shenk,2014-08-05 The power of collaboration from Lennon and McCartney to Wozniak and Jobs An inspiring book that also happens to be a great read Daniel H Pink author of *Drive* Throughout history partners have buoyed each other to better work though often one member is little known to the general public See Warren Buffett and Charlie Munger or Vincent and Theo van Gogh *Powers of Two* draws on neuroscience social psychology and cultural history to present the social foundations of creativity with the pair as its primary embodiment Revealing the six essential stages through which creative intimacy unfolds this book shows how pairs begin to talk think and even look like each other how the most successful ones thrive on conflict and why some cease to work together while others carry on At once intuitive and deeply surprising *Powers of Two* will reshape the way you view individuals

relationships and society itself A rare glimpse into the private realms of duos A natural storyteller The New York Times A book about magic about the Beatles about the chemistry between people about neuroscience and about the buddy system it examines love and hate harmony and dissonance and everything in between Wise funny surprising and completely engrossing Susan Orlean We sometimes think of creativity as coming from brilliant loners In fact it more often happens when bright people pair up and complement each other Shenk s fascinating book shows how to spark the power of this phenomenon Walter Isaacson Surprising compelling Shenk banishes the idea of solitary genius by demonstrating that our richest art and science come from collaboration we need one another not only for love but also for thinking and imagining and growing and being Andrew Solomon

**Emotionomics** Dan Hill,2010-10-03 I believe that emotion is where it s at Tom Peters For far too long emotions have been ignored in favour of rationality and efficiency but breakthroughs in brain science have revealed that people are primarily emotional decision makers Many companies have not yet accepted that fact much less acted on it In this fully revised edition Emotionomics will help you to understand emotions in terms of business opportunities both in the marketplace and in the workplace In today s highly competitive marketplace where many products look alike it is the emotional benefit that can make the difference At the same time companies with engaged productive work forces will undoubtedly achieve competitive advantage Dan Hill s book draws on insights gathered through facial coding the single best viable means of measuring and managing the emotional response of customers and employees to help you to leverage emotions for business success in terms of branding product design advertising sales customer satisfaction leadership and employee management Emotions matter and Emotionomics will help you to step closer to customers and employees but step ahead of your competitors

Difference Works: Improving Retention, Productivity and Profitability through Inclusion Caroline Turner,2012-01-09 The evidence is clear Inclusive cultures and businesses with gender diversity in leadership get better results Yet women still aren t proportionally represented within the upper ranks of business This problem has a big price tag and solving it has a big payoff Difference Works offers a unique solution by giving leaders and managers the ability to understand and appreciate different approaches to work and so increase engagement and performance Combining her own experience as a C level executive with extensive research and insights on workplace behavior Caroline Turner provides powerful and practical tools to change any business environment for the better Readers will gain the profound understanding that difference works

**Organization Development** Joan V. Gallos,2017-07-27 This is the third book in the Jossey Bass Reader series Organization Development A Jossey Bass Reader This collection will introduce the key thinkers and contributors in organization development including Ed Lawler Peter Senge Chris Argyris Richard Hackman Jay Galbraith Cooperrider Rosabeth Moss Kanter Bolman Deal Kouzes Posner and Ed Schein among others Without reservations I recommend this volume to those students of organizational behavior who want an encyclopedia of OD to gain a perspective on the past present and future Jonathan D Springer of the American Psychological Association

**Tame Your Anxiety**

Loretta Graziano Breuning,2019-05-08 Anxiety is natural Calm is learned If you didn t learn yesterday you can learn today It s not easy of course Once your natural alarm system is triggered it s hard to find the off switch Indeed you don t have an off switch until you build one Tame Your Anxiety shows you how Readers learn about the brain chemicals that make us feel threatened and the chemicals that make us feel safe You ll see how your brain turns on these chemicals with neural pathways built from past experience and most important you discover your power to build new pathways to enjoy more happy chemicals and reduce threat chemicals This book does not tell you to imagine yourself on a tropical beach That s the last thing you want when you feel like a lion is chasing you Instead you will learn to ask your inner mammal what it wants and how you can get it Each time you step toward meeting a survival need you build the neural pathways that expect your needs to be met You don t have to wait for a perfect world to feel good You can feel good right now The exercises in this book help you build a self soothing circuit in steps so small that anyone can do it Once you learn how it s done and how it can help ease your anxiety you will learn how to handle situations in which you feel threatened or anxious Understanding the underlying mechanisms will help you stop them before they get ahead of you     Reputation Management John Doorley,Helio Fred Garcia,2015-02-20 Reputation Management is a how to guide for students and professionals as well as CEOs and other business leaders It rests on the premise that reputation can be measured monitored and managed Organized by corporate communication units including media relations employee communication government relations and investor relations the book provides a field tested guide to corporate reputation problems such as leaked memos unfair treatment by the press and negative rumors and focuses on practical solutions Each chapter is fleshed out with the real world experience of the authors and contributors who come from a wide range of professional corporate communication backgrounds Updates to the third edition include Global content has been incorporated and expanded throughout the book rather than being restricted to only one chapter Opening vignettes examples and case studies have been updated in each chapter Additional case studies and examples with an international focus have been added     Training ,2006     **Smithsonian** ,2006     **Book Review Index** ,2006 Every 3rd issue is a quarterly cumulation     **Elle** ,2005-10     Access ,2006     People ,2005-09     *Kreatív párosok* Joshua Wolf Shenk,2018-07-23 Mi a k z s Warren Buffettban Sigmund Freudban s J R R Tolkienben Hogyan kov csolnak t k t a konfliktusokb l a legsikeresebbek Kit akart t lsz rnyalni Picasso az Avignoni kisasszonyokkal Mi rt alszik ki a t z egyes p rosok k z tt s mi rt marad meg m sokn l Joshua Wolf Shenk r essz ista lebilincsel k nyv ben lerombolja a mag nyos zseni m tosz t s r mutat hogy az emberi kreativit s legnagyobb eredm nyei egy ttm k d s gy m lcese Legyen sz a South Parkr l az amerikai polg rjogi mozgalomr l vagy ppen Van Gogh Csillagos j r l mindig egy p ros ll a h tt rben A szerz t bbek k z tt John Lennon s Paul McCartney Marie s Pierre Curie Steve Jobs s Steve Wozniak p ld j n kereszt l felt rja a bens s ges viszony hat fontos szakasz t a tal lkoz st l a kapcsolat felboml s ig Tudom nyos kutat sokra szem lyes besz mol kra s t rt nelmi bizony t kokra t maszkodva nemcsak a kreativit sr l s az emberi kapcsolatokr l alkotott v lem ny nket v ltoztatja meg de k z s alkot sra is sz t n z
