Ponomareff, 2023-12-14 The main thrust of this collection of essays excluding those on Russian literature is to visualize the European Holocaust from a number of different vantage points the historical and cultural the political and individual the psychological and social and the critical and literary This wider perspective especially as it relates to the range and extent of human suffering suggests that a redefinition of the twentieth century Holocaust is now timely "Dew on the Grass" Radislav Lapushin, 2010 *Dew on the Grass* The Poetics of Inbetweenness in Chekhov is the first comprehensive and systematic study to focus on the poetic dimensions of Anton Chekhov's prose and drama Using the concept on inbetweenness this book reconceptualizes the central aspects of Chekhov's style from his use of language to the origins of his artistic worldview Radislav Lapushin offers a fresh interpretive framework for the analysis of Chekhov's individual works and his oeuvre as a whole Book cover Vergil in Russia Zara Martirosova Torlone, 2014-11-27 The Russian reception of the greatest Roman poet Vergil provided Russian thinkers with a way in which to define Russian European features This volume looks to uncover the nature of Russian reception of Vergil and argues that the best way to analyse his presence in Russian letters is to view it in the context of the formation and development of Russian national and literary identity Russian

reception of Vergil began to play an integral role in the eighteenth century starting with the reforms of Peter the Great and continued to be an important point of reference for Russian writers well into the last part of the twentieth century. At the beginning of the twentieth century it took on a spiritual almost messianic mission while towards the end of the millennium the post modernist Vergil of Joseph Brodsky contemplated the fate of a poet in the world. However Russian reception of Vergil offers significantly more than mere foreign importation or imitation of the beliefs and attitudes towards Vergil developed in Europe. It provides a gateway to understanding Russian eighteenth and nineteenth century thought about national identity and values and uncovers important sources of later thinking about the character and destiny of Russia. Vergil in Russia reveals that at the centre of Russian reception of Vergil is Russia's challenge to define the character and validity of their own civilization. Vergil's poems especially the Aeneid gave Russian men of letters an opportunity to think about and act upon national self determination in both political and cultural terms.

The Myth of A.S. Pushkin in Russia's Silver Age Brian Horowitz, 1996 Mikhail Osipovich Gershenzon philosopher journalist and scholar was one of the most original and eccentric Pushkinists of Russia's Silver Age. His eclectic critical judgment was highly esteemed by his generation's best poets and critics and many of his idiosyncratic interpretations of Pushkin have become canonical. Brian Horowitz's detailed study illuminates both Pushkin's position as a cultural icon of the Silver Age and Gershenzon's role in establishing and challenging that reputation. As Gershenzon's work mirrors both significant and hidden aspects of the Pushkin scholarship of his day his articulation of Pushkin as the symbolic key to Russian culture reflects the Silver Age nostalgia for and identification with the Golden Age in which Pushkin wrote. This first book length study of this important figure provides a vivid sense of the inner workings of Russian literary life in the early part of this century.
