Afrasiabi, 2019-11-20

With the advent of the Trump Administration relations between Iran and the United States have become increasingly conflictual to the point that a future war between the two countries is a realistic possibility President Trump has unilaterally withdrawn the US from the historic Iran nuclear accord and has re imposed the nuclear related sanctions which had been removed as a result of that accord Reflecting a new determined US effort to curb Iran's hegemonic behavior throughout the Middle East Trump's Iran policy has all the markings of a sharp discontinuity in the Iran containment strategy of the previous six US administrations The regime change policy spearheaded by a hawkish cabinet with a long history of antipathy toward the Iranian government has become the most salient feature of US policy toward Iran under President Trump This turn in US foreign policy has important consequences not just for Iran but also for Iran's neighbors and prospects of long term stability in the Persian Gulf and beyond This book seeks to examine the fluid dynamic of US Iran relations in the Trump era by providing a social scientific understanding of the pattern of hostility and antagonism between Washington and Tehran and the resulting spiraling conflict that may lead to a disastrous war in the region **Arms Control and Iranian Foreign**

Policy Bobi Pirseyedi, 2012-10-12 Since 2003 when the world learned that the Islamic Republic of Iran had succeeded in secretly developing a capability to enrich uranium and separate plutonium the question of Iran's nuclear program has ranked high on the international political and arms control agenda This book studies the IRI's diplomatic operations in the issue area of arms control and demonstrates how arms control diplomacy has formed an integral part of the IRI's foreign policy during the various phases of its history Furthermore it fills a gap in the research literature on Iran's foreign and security policies by providing the first comprehensive account of Iranian arms control diplomacy under the Islamic regime This book aims at reconstructing Iran's diplomatic operations in four distinct thematic areas of arms control conventional chemical biological and nuclear arms control It also looks at the diplomatic means by which the IRI's leadership has tried to achieve its arms

control objectives This text also seeks to identify and examine the individual objectives that have guided Iranian policy choices in the domain of arms control Finally it places the reconstructed Iranian objectives into a broader context by elaborating on the fundamental values or foreign policy goals that the IRI s arms control objectives have served This highly informative and thought provoking volume will be valuable reading for students researchers and academics as well as for commentators and policy makers interested in Middle East studies Iranian studies international relations and arms control
