The Art of Africa: an Introduction Astley John Hilary Goodwin, 1958 *The Art of Africa*, 1960 The Art of Africa, the Pacific Islands, and the Americas Metropolitan Museum of Art (New York, N.Y.), Douglas Newton, 1988 **Yoruba Art and Language** Rowland Abiodun, 2014-09-29 The Yoruba was one of the most important civilizations of sub-Saharan Africa. While the high quality and range of its artistic and material production have long been recognized, the art of the Yoruba has been judged primarily according to the standards and principles of Western aesthetics. In this book, which merges the methods of art history, archaeology, and anthropology, Rowland Abiodun offers new insights into Yoruba art and material culture by examining them within the context of the civilization's cultural norms and values, and above all, the Yoruba language. Abiodun draws on his fluency and prodigious knowledge of Yoruba culture and language to dramatically enrich our understanding of Yoruba civilization and its arts. The book includes a companion website with audio clips of the Yoruba language, helping the reader better grasp the integral connection between art and language in Yoruba culture. **The Art of Africa** Walter W. Battiss, 1958 *The Rock Art of Africa* A.R. Willcox, 2018-01-29 It has long been known that all forms of art—rock paintings, carvings, and scribings, and also portable sculpture—are present at various locations throughout Africa. This book was the first inclusive survey and brings together in one volume accounts of African rock art, which were previously scattered in scholarly monographs, journals, and travellers' tales. The range of the coverage is geophysically comprehensive, from the Atlas Mountains to the Cape of Good Hope. The art styles are set into a firm chronological framework and are displayed against a background of human physical and cultural evolution. Considerable discussion is also devoted to the varied purposes which the paintings and carvings served in the communities which produced them, looking at the differing interpretations fully and fairly. A fascinating collection of illustrations, some in colour, truly reflects the variety of forms in which African rock art is manifested. Originally published 1984. **Art Beyond the West** Michael Kampen-O'Riley, 2001 Photographs and text profile the art traditions of Africa, India, Southeast Asia, China, Japan, Korea, the Pacific, and the Americas. **The Art of Black Africa** Elsy Leuzinger, Isabelle Wettstein, 1977 Especially photographed for this volume, more than two hundred rare art objects provide masterful examples of primitive African art in a visual survey of the continent's centuries-old artistic traditions.

Traditional African Art Avner Shkarov, Lyubov Senatorova, 2015-06-14 The art of sub-Saharan Africa reveals the marvelous achievements of unknown artists over thousands of years. Their aesthetic ideal finds form in wood, ivory, fabric, bronze, and iron. This illustrated study of traditional African art includes pieces from Western Sudan, the Congolese Basin, the Guinea coast, Gabon, the Democratic Republic of Congo, and East and South Africa. Each piece is characterized by its own traditions and artistic forms. The earliest works date from the beginning of the first millennium; the most recent from the early 20th century. Unique and rare examples are documented, many heretofore virtually unknown. The Art of Africa Willis F. Woods, 1963 **African Art & Culture** Jane Bingham, 2004 Looks at the art of Africa, including pottery, baskets, and wood carving, and explains what we can learn about the culture of Africa while examining these art forms. **Media Primitivism**
