The Employee Contemporary Viewpoints:

The Employee, Contemporary Viewpoints Marie Ensign, Laurie Nogg Adler, 1985 Contemporary Perspectives on Corporate Marketing John M.T. Balmer, Laura Illia, Almudena González del Valle Brena, 2013-07-24 Corporate marketing and corporate communications are topics that have grown in scholarly and practical importance in these last decades. Fields such as branding, marketing, communications, and public relations have all contributed to this boost. Whilst there is a large amount of literature on each of these disciplines, there is little systematic development from the perspective of corporate marketing and corporate communication studies, although these two have the most to contribute to how companies manage their brands, image, and corporate identities in the 21st Century. This book seeks to redress this balance and provide insights via case studies or histories on issues such as nation branding, managing multiple corporate identities during merger and acquisitions, and establishing a company's CSR and green image. Scholars from various disciplines within the fields of public relations, branding, marketing, and corporate identity have come together in Contemporary Perspectives on Corporate Marketing to offer the latest approaches and studies in these areas. As such, it will become a platform for developments in the field and serve as a respected reference resource for corporate marketing and corporate communication studies. Contemporary Perspectives in Human Resource Management and Organizational Behavior Riann Singh, Shalini Ramdeo, 2023-05-04 This book aims to address one of the key challenges facing Human Resource Management (HRM) and Organizational Behavior (OB) researchers. It delves into contemporary topics from which focused research models, ideas, and questions can be developed and tested. HRM and OB are closely related and intersect each other in the examination of practices which are aimed at managing employees and explaining their behaviors. Proposing to provide researchers with easy access to a slew of contemporary research advancements within the field, this work explores ten contemporary research areas within HRM and OB. Topics include innovative HRM/OB responses in crises, alternative work arrangements for the contemporary workplace, employee mental health, from diversity to inclusion in the workplace, workplace harassment, HRM in small and medium enterprises, alternative perspectives in employee turnover, organizational citizenship, and counterproductive work behaviors leading to work engagement and employee motivation in a changing environment. Providing researchers with a comprehensive overview of research advances within selected contemporary areas, this book seeks to spur critical thinking, spark alternative research perspectives, innovate extensions to existing theories, and provide the foundation from which focused research can grow and develop within these management fields. *Contemporary Perspectives in Psychology: Theory, Research, and Practice* Dr. Rakheebrita Biswas, Dr. Sasmita Pattanaik, Dr. Pranay Pandey, Dr. Shivani Bhardwaj, 2025-10-06 **Contemporary Perspectives on Organizational Behaviour**, 2025-06-11 Contemporary Perspectives on Organizational Behaviour explores leadership, organizational culture, and the future of business in a rapidly evolving world.
