The Courting of Marcus Dupree Willie Morris, 2011-02-11 At the time of Marcus Dupree's birth when Deep South racism was about to crest and shatter against the Civil Rights Movement Willie Morris journeyed north in a circular transit peculiar to southern writers His memoir of those years North Toward Home became a modern classic In The Courting of Marcus Dupree he turned again home to Mississippi to write about the small town of Philadelphia and its favorite son a black high school quarterback In Marcus Dupree Morris found a living emblem of that baroque strain in the American character called southern Beginning on the summer practice fields Morris follows Marcus Dupree through each game of his senior varsity year He talks with the Dupree family the college recruiters the coach and the school principal some of the teachers and townspeople and of course with the young man himself As the season progresses and the seventeen year old Dupree attracts a degree of national attention to Philadelphia neither known nor endured since the Troubles of the early sixties these conversations take on a wider significance Willie Morris has created more than a spectator's journal He writes here of his repatriation to a land and a people who have recovered something that fear and misdirected loyalties had once eclipsed The result is a fascinating unusual and even topical work that tells a story richer than its apparent subject for it brings the whole of the eighties South with all its distinctive resonances to life
