our lives There is speculation that Greece might collapse economically and if they do other European countries will follow suit The Middle East is in total chaos and very unstable with all these people rioting in the streets and wreaking havoc on their respective countries along with dictators falling and rising from power Iran is still telling everyone they are intent on annihilating Israel as they improve their nuclear capabilities As Christians our hope is in Jesus Christ we know that our God is sovereign so all the chaos in the world has no effect on how God brings the world to an end But the end is in sight and people are looking for something certain in this world There are so many questions Christians have regarding End Times Prophecy and do not understand simply because the church has not fulfilled its purpose in rightly dividing the Word of truth for the saints The Complete Layman's Guide to End Times Prophecy will bring together all the questions one might have regarding the end of the world and the return of the Warrior King Jesus Christ to this earth to set up His millennial kingdom This book is clear concise and cogent in its message and attempts to address all End Times Prophecy questions Doctor Robert Ramirez B A Political Science College of Santa Fe B A Pastoral Studies Moody Bible Institute MDiv The Master's Seminary DMin Trinity Southwest University Pastor Alive In Christ Bible Church President and Founder New Mexico Bible Institute Bookstore

Critical Theory and the Authoritarian Personality Geoff M. Boucher, 2025-01-31 The worldwide resurgence of authoritarianism has sparked renewed interest in the Frankfurt School theory of the authoritarian personality not as a topic of academic debate but as an urgent political factor Critical Theory and the Authoritarian Personality brings Theodor Adorno's critique up to date in light of new forms of authoritarian politics recent kinds of authoritarian propaganda and current findings about authoritarian personalities Drawing on the work of Slavoj Žižek and the psychoanalysis of Jacques Lacan this is the first sustained application of psychoanalytic theory to the problem of the authoritarian personality since the classical work of the Frankfurt School It explores a pressing problem the resurgence of the radical Right and proposes new solutions grounded in the idea of an affective approach to authoritarian politics as something based on transgressive fantasies and political anxieties Throughout the book illustrates its theoretical claims with reference to new kinds of authoritarian literature which today forms an important part of right wing propaganda

Balancing God, Science, and Technology in the End Times Juanita Werrett, 2021-04-19 It is critical in this day of discovery and augmented scientific knowledge that we come to an accurate balance of understanding between foundational science and foundational religion We are facing a technology that is moving at enormous speed We need to understand the precarious status of humans as we enter and live through the future technology era that is upon us Humanity could be negatively affected by technology either unintentionally or by design As we move forward ethical and moral decisions will be confronted as to how we manage AI artificial intelligence robots avatars and the huge data gathering process associated with the tech industries being formulated at this moment Controversy will rage but solutions will percolate The truth is you and I are the product in the new global technology paradigm and our information will feed AI the data eating beast Pandora's box is open Science and

technology are leapfrogging forward at an exponential pace There is no mechanism to stop it except God God s children are weighted and wired for spiritual success True doctrines and ordinances of the Gospel of Christ fortify faith and give Christians hope in His return Spiritual development and power comes to those who are prepared and willing to stand with Christ The fuller blessings may be ours in spite of the underlying challenges Perhaps it is fortunate that we live in the fullness of time and the fast approaching premillennial era The righteous will be saved in life or death Some may be blessed to witness the glorious Second Coming of the Savior
