

The American Turn Of Edgar Allan Poe

Darcie Rives-East

The American Turn Of Edgar Allan Poe:

The Afterlife of Edgar Allan Poe Scott Peeples, 2007 Scott Peeples here examines the many controversies surrounding the work and life of Poe shedding light on such issues as the relevance of literary criticism to teaching the role of biography in literary study and the importance of integrating various interpretations into one's own reading of literature *The American Turn of Edgar Allan Poe* J. Gerald Kennedy, Edgar Allan Poe Society of Baltimore (Md.), 2002 *The Oxford Handbook of Edgar Allan Poe* J. Gerald Kennedy, Scott Peeples, Caleb Doan, 2019 This handbook is currently in development with individual articles publishing online in advance of print publication At this time we cannot add information about unpublished articles in this handbook however the table of contents will continue to grow as additional articles pass through the review process and are added to the site Please note that the online publication date for this handbook is the date that the first article in the title was published online *The Critical History of Edgar Allan Poe's The Narrative of Arthur Gordon Pym* Ronald C. Harvey, 2015-12-22 The Critical History of Edgar Allan Poe's *The Narrative of Arthur Gordon Pym* A Dialogue with Unreason traces the complex scattered criticism of Poe's most anomalous work as it has steadily grown in prominence to a central position in the study of Poe and American literature The winding route the criticism of Pym has charted as convoluted as the narrative itself has been a history of disagreement at almost every level at which critics and scholars read texts including the nature and genre of the work the seriousness or levity of the author's intent and its stature as a work of genius hackwork or something in between The unique set of thematic and narrative problems the work poses has eluded every hermeneutic structure brought against it so far consistently undermining the very reading strategies it seems to invite The only comprehensive critical history and bibliography of Pym this study fills a large hole Poe scholars have long felt as it analyzes the ways in which critics and critical camps have attempted to confront rationalize contain or evade its novel and disturbing features In the process the criticism is correlated with the popular reception and the international response Because literary history has entangled no author with his work more than Poe ultimately this book is as much a study of Poe as of Pym At every point therefore this study embeds the critical response to Pym in the history of Poe studies in general as well as in the larger context of American literary theory and history Includes bibliography and index **The Unsettlement of America** Anna Brickhouse, 2015 The Unsettlement of America explores the career and legacy of Don Luis de Velasco an early modern indigenous translator of the sixteenth century Atlantic world who traveled far and wide and experienced nearly a decade of Western civilization before acting decisively against European settlement The book attends specifically to the interpretive and knowledge producing roles played by Don Luis as a translator acting not only in Native European contact zones but in a complex arena of inter indigenous transmission of information about the hemisphere The book argues for the conceptual and literary significance of unsettlement a term enlisted here both in its literal sense as the thwarting or destroying of settlement and as a heuristic for understanding a wide range of texts related to settler colonialism including

those that recount the story of Don Luis as it is told and retold in a wide array of diplomatic religious historical epistolary and literary writings from the middle of the sixteenth century to the middle of the twentieth Tracing accounts of this elusive and complex unfounding father from the colonial era as they unfolds across the centuries The Unsettlement of America addresses the problems of translation at the heart of his story and speculates on the implications of the broader transhistorical afterlife of Don Luis for the present and future of hemispheric American studies

Poe and the Remapping of Antebellum Print Culture Jerome McGann, 2012-12-19 Edgar Allan Poe 1809 1849 has long occupied the position of literary outsider Dismissed as unrepresentative of the main currents of antebellum culture Poe commented incisively in fiction and nonfiction on nationalism science materialism popular taste and cultural ideology Opposing the pressure to write nationalistic American tales or from a restricted New England perspective he produced a body of work held in greater international esteem than that of any of his U S contemporaries In Poe and the Remapping of Antebellum Print Culture scholars explore Poe s anti nationalistic Americanism as they redefine the outlines of antebellum print culture and challenge ideas that situate Poe at the margins of national thought and cultural activity The contributors offer fresh perspectives on an often maligned author including essays on Poe s preoccupation with celebrity his fascination with metropolitan crime and mystery his impact as an observer of racial fear his role as an eccentric cultural icon and his fluctuating reputation in our own era They also argue for new digital approaches that facilitate remapping of print culture Contributors Anna Brickhouse Betsy Erkkila Jennifer Rae Greeson Leon Jackson J Gerald Kennedy Maurice S Lee Jerome McGann Scott Peeples Leland S Person and Eliza Richards

Strange Nation J. Gerald Kennedy, 2016-03-21 Examining work by Washington Irving James Fenimore Cooper Catharine M Sedgwick William Gilmore Simms Nathaniel Hawthorne and Lydia Maria Child Strange Nation investigates America s often vexed relationships with the practice of literary nationalism

The Formal Center in Literature Richard Kopley, 2018 An investigation of the phenomenon of the framed formal center in literature of the last 180 years illuminating both the works and correspondences among works of different genres periods and nations

The Man of the Crowd Scott Peeples, 2023-04-25 We tend to think of Edgar Allan Poe as a loner living in a world of his own imagination and detached from his physical environment Poe might seem like a Nowhere Man but of course he was always somewhere just not at the same address for very long The Man of the Crowd chronicles Poe s rootless life focusing on the American cities where he lived the longest Richmond Baltimore Philadelphia and New York The Poe who emerges in The Man of the Crowd is a man whose outlook and career were shaped by his physical environments mostly urban and almost entirely American His career was tied closely to the rise of American magazines so he lived in the cities that produced them and wrote not just stories and poems but journalism and editorials with an urban magazine reading public in mind For years he witnessed urban slavery up close living and working within a few blocks of slave jails and auction houses in Richmond In Philadelphia he saw an orderly expanding city struggling to contain its own violent propensities And at a time when suburbs were just beginning to offer an

alternative to crowded city dwellings Poe tried living cheaply on the then rural Upper West Side of Manhattan and later in what is now the Bronx Though Poe rarely provided local color in his fiction his urban mysteries and claustrophobic tales of troubled minds and abused bodies reflect his experience living among soldiers slaves and immigrants [Anthologizing Poe](#) Emron Esplin, Margarida Vale de Gato, 2020-08-06 This collection explores how anthologizers and editors of Edgar Allan Poe play an integral role in shaping our conceptions of Poe as the author we have come to recognize revere and critique today In the spheres of literature and popular culture Poe wields more global influence than any other U S author This influence however cannot be attributed solely to the quality of Poe s texts or to his compellingly tragic biography Rather his continued prominence as a writer owes much to the ways that Poe has been interpreted portrayed and packaged by an extensive group of mediators ranging from anthologizers editors translators and fellow writers to literary critics filmmakers musicians and illustrators In this volume the work of presenting Poe s texts for public consumption becomes a fascinating object of study in its own right one that highlights the powerful and often overlooked influence of those who have edited anthologized translated and adapted the author s writing over the past 170 years **The Historical and Political Turn in Literary Studies** Winfried Fluck, 1995 *Rethinking Gothic Transgressions of Gender and Sexuality* Sarah Faber, Kerstin-Anja Münderlein, 2024-03-11 From early examples of queer representation in mainstream media to present day dissolutions of the human nature boundary the Gothic is always concerned with delineating and transgressing the norms that regulate society and speak to our collective fears and anxieties This volume examines British and American Gothic texts from four centuries and diverse media including novels films podcasts and games in case studies which outline the central relationship between the Gothic and transgression particularly gender ed and sexual transgression This relationship is both crucial and constantly shifting ever in the process of renegotiation as transgression defines the Gothic and society redefines transgression The case studies draw on a combination of well studied and under studied texts in order to arrive at a more comprehensive picture of transgression in the Gothic Pointing the way forward in Gothic Studies this original and nuanced combination of gendered Ecogothic queer and media critical approaches addresses established and new scholars of the Gothic alike [Theorising the Contemporary Zombie](#) Scott Hamilton, Conor Heffernan, 2022-05-15 Zombies have become an increasingly popular object of research in academic studies and of course in popular media Over the past decade they have been employed to explain mathematical equations vortex phenomena in astrophysics the need for improved laws issues within higher education and even the structure of human societies Despite the surge of interest in the zombie as a critical metaphor no coherent theoretical framework for studying the zombie actually exists Addressing this current gap in the literature *Theorising the Contemporary Zombie* defines zombiism as a means of theorising and examining various issues of society in any given era by immersing those social issues within the destabilising context of apocalyptic crisis and applying this definition the volume considers issues including gender sexuality family literature health popular culture and extinction *Edgar Allan Poe* James

M. Hutchisson, 2011-06-16 Most frequently regarded as a writer of the supernatural Poe was actually among the most versatile of American authors writing social satire comic hoaxes mystery stories science fiction prose poems literary criticism and theory and even a play As a journalist and editor Poe was closely in touch with the social political and cultural trends of nineteenth century America Recent scholarship has linked Poe's imaginative writings to the historical realities of nineteenth century America including to science and technology wars and politics the cult of death and bereavement and most controversially to slavery and stereotyped attitudes toward women Edgar Allan Poe Beyond Gothicism presents a systematic approach to topical criticism of Poe revealing a new portrait of Poe as an author who blended topics of intellectual and social importance and returned repeatedly to these ideas in different works and using different aesthetic strategies during his brief but highly productive career Twelve essays point readers toward new ways of considering Poe's themes techniques and aesthetic preoccupations by looking at Poe in the context of landscapes domestic interiors slavery prosody Eastern cultures optical sciences Gothicism and literary competitions clubs and reviewing **American Obscurantism** Peter Lurie, 2018-05-01 American Obscurantism argues for a salutary indirection in US culture Critiquing the impulse to see history in seminal works like Griffith's Birth of a Nation and the residual positivism of New Historicist methodology the book challenges this shared visual epistemology It traces meaningful exceptions to this pattern across canonical figures from US literature and film **Deciphering Poe** Alexandra Urakova, 2013-09-05 Founder of the detective genre and author of works on cryptography Edgar Allan Poe possessed what Shawn Rosenheim called a cryptographic imagination Not only was Poe's work influenced by secret writing it inspired future critics to search his texts for secret clues and that fostered new modes of reading Poe's acclaimed complexity owes as much to a long and sophisticated tradition of his interpretative reading as it does to the undercurrent of meaning ciphered in his texts Grounded in previous scholarly work Deciphering Poe Contexts Subtexts Subversive Meanings explores the hoaxing and subversive nature of Poe's art and expands this contextual framework Contributors to the volume offer a highly nuanced picture of Poe's engagement in the major discourses of the time religious philosophical social and literary Twelve essays of the collection discuss Poe's debt to baroque tradition his response to Catholicism his tribute to philosophical idea of sublimity his complex response to racial issues and his controversial afterlife reception The volume includes new readings of Poe's texts explicitly using codes secret writing or techniques of detection The Gold Bug The Narrative of Arthur Gordon Pym and the Dupin tales The essays in the collection were originally presented as talks at the Poe Studies Association's Third International Edgar Allan Poe Conference The Bicentennial in October 2009 The contributors are Poe scholars from the United States France Germany and Canada Amy C Branam Lauren Curtright Daniel Fineman William E Engel John C Havard Henri Justin John Edward Martin Sean Moreland Philip E Phillips Stephanie Sommerfeld and Timothy N Towslee The Monetary Imagination of Edgar Allan Poe Heinz Tschachler, 2013-06-04 In this first of its kind treatment Heinz Tschachler offers an account of Edgar Allan Poe's relation to the world of banking and money

in antebellum America He contends that Poe gave the full force of his censure to the acrimonious debates about America's money Andrew Jackson's bank war the panic of 1837 and the ensuing depression and the nation's inability to furnish a sound and uniform currency Poe's attitude is overt in his early satires more subdued in *The Gold Bug* and almost an undercurrent in writings that enter into and historicize the discovery of gold in California In Poe's writings much is concealed though his art also reveals while it conceals in this instance a deep felt desire for an authority that would guarantee a measure of permanence and continuity to the nation's currency That kind of currency was finally furnished by Abraham Lincoln both were born in 1809 Poe died in 1849 at one time a dedicated reader of Poe's tales and sketches Wielding his power of regulation Lincoln came to save the Union not just militarily but also economically Under him the United States government finally provided the kind of sound and uniform currency that Poe in his writings could only name and rehearse

Toni Morrison: A Thematic Study Vipin Pratap Singh, 2022-09-27 This research looks on Toni Morrison's usage of several narrative voices in her novel *Home* Its goal is to reveal the impact and purpose of this novel's employment of such a narrative method The use of a variety of narrative tactics and horrific events creates a horror universe that represents the African American community's sorrow and struggle The current study examines how racism and patriarchy shaped the growth and creation of black female identity in Toni Morrison's books *The Bluest Eye* and *Sula* Morrison's books depict how racial and gender prejudices influence the black female's struggle for individual identity and selfhood These works mostly use horror as a tactic for exploring the traumatic history of black life The study's goal is to investigate the function and relevance of terror as well as the associated narrative techniques of disruption and disconnectedness in revealing the repercussions of social exclusion in the texts It is based on the premise that horror offers a different perspective on African American culture The most disheartening part of human development and civilisation is that some of us are unable to embrace others as fellow humans Human civilization is always divided by class colour and culture Rather of embracing our differences and using them to our advantage we fight to stifle and destroy others Negroids were loathed by Caucasians and the Mongoloids were continually at odds with Caucasians We had lost our feeling of belonging The chasm between wealthy and poor between blacks and whites and between man and woman is evident Some unseen hand is constantly rolling the dice in the name of this class race and gender Since the dawn of human civilization human society has been basically split into classes

The American Stationer, 1897

Surveillance and Terror in Post-9/11 British and American Television Darcie Rives-East, 2019-07-18 This interdisciplinary study examines how state surveillance has preoccupied British and American television series in the twenty years since 9/11 *Surveillance and Terror in Post 9/11 British and American Television* illuminates how the U S and U K bound by an historical cultural and television partnership have broadcast numerous programs centred on three state surveillance apparatuses tasked with protecting us from terrorism and criminal activity the prison the police and the national intelligence agency Drawing from a range of case studies such as *Sherlock* *Orange Is the New Black* and *The Night Manager* this book

discusses how television allows viewers writers and producers to articulate fears about an increased erosion of privacy and civil liberties following 9 11 while simultaneously expressing a desire for a preventative mechanism that can stop such events occurring in the future However these concerns and desires are not new encompassing surveillance narratives both past and present this book demonstrates how television today builds on earlier narratives about panoptic power to construct our present understanding of government surveillance
