The Makers of American Wine

Thomas Pinney,2012-05-07 Americans learned how to make wine successfully about two hundred years ago after failing for more than two hundred years Thomas Pinney takes an engaging approach to the history of American wine by telling its story through the lives of 13 people who played significant roles in building an industry that now extends to every state While some names such as Mondavi and Gallo will be familiar others are less well known These include the wealthy Nicholas Longworth who produced the first popular American wine the German immigrant George Husmann who championed the native Norton grape in Missouri and supplied rootstock to save French vineyards from phylloxera Frank Schoonmaker who championed the varietal concept over wines with misleading names and Maynard Amerine who helped make UC Davis a world class winemaking school

A History of Wine in America, Volume 1 Thomas Pinney,2007-09-17 The Vikings called North America Vinland the land of wine Giovanni de Verrazzano the Italian explorer who first described the grapes of the New World was sure that they would yield excellent wines And when the English settlers found grapes growing so thickly that they covered the ground down to the very seashore they concluded that in all the world the like abundance is not to be found Thus from the very beginning the promise of America was in part the alluring promise of wine How that promise was repeatedly baffled how its realization was gradually begun and how at last it has been triumphantly fulfilled is the story told in this book It is a story that touches on nearly every section of the United States and includes the whole range of American society from the founders to the latest immigrants Germans in Pennsylvania Swiss in Georgia Minorcans in Florida Italians in Arkansas French in Kansas Chinese in California all contributed to the domestication of Bacchus in the New World So too did innumerable individuals institutions and organizations Prominent politicians obscure farmers eager amateurs sober scientists these and all the other kinds and conditions of American men and women figure in the story The history of wine in America is in many ways the history of American origins and of American enterprise in microcosm While much of that history has been lost to sight especially after Prohibition the recovery of the record has been the goal of many investigators over the years and the results are here brought together for the first time In print in its entirety for the first time *A History of Wine in America* is the most comprehensive account of winemaking in the United States from the Norse discovery of native grapes in 1001 A D through Prohibition and up to the present expansion of winemaking in every state

A History of Wine in America from the Beginnings to Prohibition Thomas Pinney,1989-01-01 Tells the story of vitaculture and winemaking in America and discusses the individuals organizations and institutions

associated with the enterprise Wine and Wine Cooking Anne M. Logan,1972 **Intoxicating Pleasures** Lisa Sheryl Jacobson,2024 In popular memory the repeal of US Prohibition in 1933 signaled alcohol s decisive triumph in a decades long culture war But as Lisa Jacobson reveals alcohol s respectability and mass market success were neither sudden nor assured It took a world war and a battalion of public relations experts and tastemakers to transform wine beer and whiskey into emblems of the American good life Alcohol producers and their allies a group that included scientists trade associations restaurateurs home economists cookbook authors and New Deal planners powered a publicity machine that linked alcohol to wartime food crusades and new ideas about the place of pleasure in modern American life In this deeply researched and engagingly written book Jacobson shows how the yearnings of ordinary consumers and military personnel shaped alcohol s cultural reinvention and put intoxicating pleasures at the center of broader debates about the rights and obligations of citizens

American Wine Tom Acitelli,2015-09-01 James Beard Book Award Nominee 2016 Readable Feast Winner 2016 From the author of *The Audacity of Hops* *The History of America s Craft Beer Revolution* comes the triumphant tale of how America belted France from atop its centuries old pedestal as the world s top wine producing and wine drinking nation Until the mid 1970s most American wine was far from fine Instead it was fortified and sweet and came from grape varieties prized less for their taste than for their ability to ferment fast Even in big cities a bottle of domestically made Chardonnay or Merlot was hard to come by and most Americans thought wine like that was for the wealthy anyway not for them Then a series of game changing events and a group of plucky entrepreneurs transformed everything forever Within a generation America would stand unquestionably at the world vanguard of wine reversing centuries of Eurocentrism and dominating the Field This change spawned hundreds of thousands of jobs and billions of dollars in sales European vintners found themselves altering centuries old recipes and techniques to cater to these newly ascendant free spending tastes The most popular fine wines worldwide became big powerful and loud American in other words *American Wine* tells that story All the big players and milestones are here with never before told details and analyses based on fresh interviews Written in a fast moving engaging style free of wine jargon *American Wine* is the first of its kind a book focused solely on the rise of fine wine in the United States since the early 1960s in California and elsewhere and how that rise altered the way the world drinks for better or worse
