Abolish Criminology Viviane Saleh-Hanna, Jason M. Williams, Michael J Coyle, 2023-08-25 Abolish Criminology presents critical scholarship on criminology and criminal justice ideologies and practices alongside emerging freedom driven visions and practices for new world formations The book introduces readers to a detailed history and analysis of crime as a concept and its colonizing trajectories into existence and enforcement These significant contexts buried within peculiar academic histories and classroom practices are often overlooked or unknown outside academic spaces This causes the impact of criminology's racializing gendering sexualizing histories to extend and grow through criminology's creation of crime as a very limiting way of thinking about violence and what can be done about it These limitations allow the concept of crime to be weaponized and enforced through the criminal legal system Abolish Criminology offers an accessible critical study of criminology in written visual and poetic forms and through the perspectives of university students professors imprisoned and formerly imprisoned scholars poets and visual artists This allows readers to engage in multi sensory inter disciplinary and multi perspective teachings on criminology's often discussed but seldom interrogated mythologies on violence and danger while bringing to light the wide reaching enforcements of violence through criminology's research theories agencies and dominant cultures Abolish Criminology serves the needs of undergraduate and graduate students and educators in the social sciences arts and humanities It will also appeal to scholars researchers policy makers activists community organizers social movement builders and various reading groups in the general public who are grappling with increased critical public discourse on policing and criminal legal reform or abolition

Health Care in Rural America Mary Ahearn, 1979 Nonmetropolitan areas have greater unmet health needs and fewer health resources than metropolitan areas This report compares health needs and resources in both areas and shows that nonmetro areas lower incomes larger aged

populations hazardous occupations and lower educational levels contribute to poorer health care conditions A positive development has been the Federal Government s recognition of problems and its program designed to meet these special needs It will be important to recognize rural residents health needs under any national health insurance program The Petroleum Resources of the North Sea William D. Dietzman,1983 *On Money, Method and Keynes* Philip Arestis, Sheila C. Dow,1992-03-03 In these twelve essays spanning fifteen years Victoria Chick develops a distinctive view of macroeconomics especially the economics of Keynes and monetary theory By careful and rigorous analysis in which nothing is taken for granted she uncovers the implicit assumptions of economic theory and argues in a variety of contexts that differences of economic method and the influence of the stylised facts are decisive forces both in the construction of theories and in appraising their contemporary relevance
