The Ancient East D. G. Hogarth, 2023-07-23 Reproduction of the original *The Ancient East* David George Hogarth, 1914 **The Ancient East** D. G. Hogarth, 2015-06-04 Excerpt from *The Ancient East* The title of this book needs a word of explanation since each of its terms can legitimately be used to denote more than one conception both of time and place The East is understood widely and vaguely nowadays to include all the continent and islands of Asia some part of Africa the northern part where society and conditions of life are most like the Asiatic and some regions also of South Eastern and Eastern Europe Therefore it may appear arbitrary to restrict it in the present book to Western Asia But the qualifying term in my title must be invoked in justification It is the East not of to day but of antiquity with which I have to deal and therefore I plead that it is not unreasonable to understand by The East what in antiquity European historians understood by that term About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works **The Life of the Ancient East** James Baikie, 1923 **The Ancient East** D.
