Webber, 1999-11 In a world marked by relativism individualism pluralism and the transition from a modern to a postmodern worldview evangelical Christians must find ways to re present the historic faith In his provocative new work *Ancient Future Faith* Robert E Webber contends that present day evangelicalism is a product of modernity Allegiance to modernity he argues must be relinquished to free evangelicals to become more consistently historic Empowerment to function in our changing culture will be found by adapting the classical tradition to our postmodern time Webber demonstrates the implications in the key areas of church worship spirituality evangelism nurture and mission Webber writes The fundamental concern of *Ancient Future Faith* is to find points of contact between classical Christianity and postmodern thought Classical Christianity was shaped in a pagan and relativistic society much like our own Classical Christianity was not an accommodation to paganism but an alternative practice of life Christians in a postmodern world will succeed not by watering down the faith but by being a counter cultural community that invites people to be shaped by the story of Israel and Jesus A substantial appendix explores the development of authority in the early church an important issue for evangelicals in a society that shares many features with the Roman world of early Christians Students professors pastors and laypeople concerned with the church s effective response to a postmodern world will benefit from this paradigmatic volume Informative tables and extensive bibliographies enhance the book s educational value Amazon **An Echo in Time Atlantis** Traci Harding, 2010-04-01 The extraordinary and bestselling journeys of one woman throughout time the narrow stairway inside the mountain led to a door that opened into a huge marble plateau Upon this stood a stone circle of nine of
