*The Revolt of the Angels* Anatole France,2016-02-10 The Human Spirit in His Quest for Knowledge I sought out the laws which govern nature solid or ethereal and after much pondering I perceived that the Universe had not been formed as its pretended Creator would have us believe I knew that all that exists exists of itself and not by the caprice of Iahveh that the world is itself its own creator and the spirit its own God Henceforth I despised Iahveh for his imposture and I hated him because he showed himself to be opposed to all that I found desirable and good liberty curiosity doubt Anatole France *The Revolt of the Angels* Arcade a guardian angel of the lowest rank seeks knowledge and falls out of Heaven because of it He meets other fallen beings who plot to dethrone God Maurice is the human who Arcade should be guarding and he wants his guardian angel back But is he ready to face the truth This book has been professionally formatted for e readers and contains a bonus book club leadership guide and discussion questions We hope you ll share this book with your friends neighbors and colleagues and can t wait to hear what you have to say about it *The 30 Trials of Ix and the Angels* Mark

Durant,2004-09-16 *The 30 Trials of Ix and the Angels* follows Ix Pantheos from his awakening in a ruined castle through his travels to the moon the sun and beyond carried along by the songs of thirty angels as they initiate him into the mysteries of consciousness and the nature of existence The answer seemingly found and the journey apparently nearing its end Ix then finds that he must suffer the destruction of his former self and face a new struggle to hold onto all that was revealed to him Born of a series of meditations performed by the author and utilizing an eclectic mix of various world religious and occult philosophies the story is a surreal journey into the depths of the mind echoing Ix s own quest to redeem both himself and mankind While it stands alone as an engaging read for those unacquainted with the various schools of inquiry that comprise the fertile field within which it took root it retains that symbolism which may prove insightful to like minded readers who find themselves treading its obscure paths *The Stars and the Angels, Or The Natural History of the Universe and Its*

*Inhabitants* ,1858 **The Angel Came** Ophelia Griggs,2019-12-17 The revealing events in the book are compelling and intriguing They are powerful intense and realistically experienced The author shares her personal experiences about two beloved family members who cannot tell their story about surrendering to dying It is no secret that losing loved ones to death can be agonizing and challenging but the death described in the book made an entrance in a beautiful manner Death

revealed moments of no defeat yet demanded attention from the author to grasp different perspectives about each beloved one The captivating occurrences of how each beloved one expired are unique revelations that will ignite discussions The author shares how she came to forgive the young man who murdered her brother and how the spiritual insight from God opened that door to forgiveness The shared supernatural encounters that started during the author s childhood are regarded as hidden treasures beyond human knowledge Some of those encounters were not of the Great Divine but because of curiosity the author got on a path leading to demonic practices unaware The dreams in the book are phenomenal and another discussion piece for those who desires the interpretation of dreams The hereafter is described dramatically and in the book points evidently to there being a life afar from the earthly realm The childhood memories are remarkably described with love and no regrets Those memories echo experiences and an environment that shaped the author s world The strong belief system and faith in God is the pillar that gets the author through those life challenges and devastating situations pertaining to her beloved ones and the medical issues leaving her non childbearing The experiences with fibroids and how they formed in the uterus from a natural and spiritual side leave pondering thoughts The fact of never having children is accepted by the author

**The Angel Babies 8** Clive Alando Taylor,2016-08-24 Angel Babies 8 Dieu et Mon Droit is simply a prophetic vision and statement or speech that is written and delivered in the form of a spoken sermon or spiritual communication presented through verses as homilies that are directed toward the household of Selah and also of those who are presently beside the ophanim or throne of God in giving a detailed and in depth insight into the unwritten laws that addresses heaven as they themselves are about to embark upon a return journey to earth

**The Wisdom of angels concerning Divine love and Divine wisdom. Translated from the original Latin, etc** Emanuel Swedenborg,1852

The Angel Babies V Clive Alando Taylor,2015-03-25 The Angel Babies is really and truly the story of humanity set against the backdrop and told through the trials of the Angels of the Celestial and Empyreans Heavens But I suppose it also translates on a much higher and grander level of understanding as I also feel that this story very much ties together the complex relationships and beliefs that can separate us all but can also equally tie us together within a common thread if not a higher power Then at least let me say love for want of better attribute with which to identify with as it is in this the definitive and final chapter of the Angel Babies whereupon our angels are found to be at the beginning and yet the end of time with which to know and to examine their true purpose and potential in life With everything that they have now they finally came to know hinges upon a black hole and the truth of all totality concerning their Timespell which could inevitably deliver them to salvation or even their own demise and destruction It is into coming to terms with what most of us ordinary people of the world would do for an ultimate explanation of all in calling God As much as I have had many an interest in prophetic and religious and spiritual text I have always for some reason tried to apply my spiritual attainments to become concerned and attuned to the Book of Revelations especially as I believe that if I did not at least attempt to try to tackle the themes and narrative set out in this apocalyptic

vision then I myself would not be doing humanity or mankind any real service or commitment to unlock the potentiality of holistic creativity and the imagination of the human spirited nature which we all seem so easily to possess and yet are limited in its usage So I only pray and hope that this story may shed some light upon this and grant us some bearing upon reading and discovering the world as I have come to know it with the Angel Babies      **The Return of the Angels** George Herbert Morrison,1909      *Troubling The Angels* Patricia A Lather,Christine S Smithies,2018-03-14 Educator Patti Lather and psychologist Chris Smithies observed and chronicled support groups for women diagnosed with HIV Whether black Latina poor or middle class the women in these groups share the common bond of living with HIV AIDS and they describe how it affects their lives in terms full of practical reality and moving poignancy as they fight the disease accept reflect live and die with and in it      *Wrestling the Angel* Terryl L. The Catechism Explained Francis Spirago, 1899 This Catechism is divided into three parts The first part treats of faith the second of morals the third of the means of grace In the first part Our Lord appears in His character of Teacher in the second in His character of King and in the third in His character of High Priest And since this Catechism proposes as its primary object to answer the question for what purpose are we here upon earth thereby emphasizing and giving prominence to man's high calling and destiny it is especially suited to the present day when the pursuit of material interests self indulgence and pleasure engrosses the attention of so many This Catechism is in fact nothing more nor less than an abstract of Our Lord's teaching and may be called a guide book for the Christian on the road to heaven Preface The Cultural Encyclopedia of
