Electric Animal Akira Mizuta Lippit, 2000-05-01 Differentiation from animals helped to establish the notion of a human being but the disappearance of animals now threatens that identity This is the argument underlying *Electric Animal* a probing exploration of the figure of the animal in modern culture Akira Mizuta Lippit shows us the animal as a crucial figure in the definition of modernity essential to developments in the natural sciences and technology radical transformations in modern philosophy and literature and the advent of psychoanalysis and the cinema Moving beyond the dialectical framework that has traditionally bound animal and human being *Electric Animal* raises a series of questions regarding the idea of animality in Western thought Can animals communicate Do they have consciousness Are they aware of death By tracing questions such as these through a wide range of texts by writers ranging from Friedrich Nietzsche to Jacques Derrida Sigmund Freud to Vicki Hearne Lewis Carroll to Franz Kafka and Sergei Eisenstein to Gilles Deleuze Lippit arrives at a remarkable thesis revealing an extraordinary logical consensus in Western thought animals do not have language and hence cannot die The animal has accordingly haunted thought as a form of spectral and undead being Lippit demonstrates how in the late nineteenth century this phantasmic concept of animal being reached the proportions of an epistemological crisis engendering the disciplines and media of psychoanalysis modern literature and cinema among others Against the prohibitive logic of Western philosophy these fields opened a space for rethinking animality Technology usually thought of in opposition to nature came to serve as the repository for an unmournable animality a kind of vast wildlife museum A highly original work that charts new territory in current debates over language and mortality subjectivity and technology *Electric Animal* brings

to light fundamental questions about the status of representation of the animal and of ourselves in the age of biomechanical reproduction The Animal and the Daemon in Early China Roel Sterckx,2012-02-01 Exploring the cultural perception of animals in early Chinese thought this careful reading of Warring States and Han dynasty writings analyzes how views of animals were linked to human self perception and investigates the role of the animal world in the conception of ideals of sagehood and socio political authority Roel Sterckx shows how perceptions of the animal world influenced early Chinese views of man s place among the living species and in the world at large He argues that the classic Chinese perception of the world did not insist on clear categorical or ontological boundaries between animals humans and other creatures such as ghosts and spirits Instead the animal realm was positioned as part of an organic whole and the mutual relationships among the living species both as natural and cultural creatures were characterized as contingent continuous and interdependent

The Lamb of God Sergius Bulgakov,2008-01-02 What is our participation in the divine humanity In explaining this important doctrine Sergius Bulgakov begins by surveying the field of Christology with special reference to the divine humanity He considers the role of the Divine Sophia examines the foundations of the Incarnation explores the nature of Christ s divine consciousness and ponders Christ s ministries while on earth A profound discussion of Christ s kenosis as a model for humanity rounds out this comprehensive and valuable study The Lamb of God is one of the greatest works of Christology in the twentieth century and a crowning achievement in the examination of the theology of divine humanity

Evolution of Adam and Eve Jamal Nassar Hussein,2014-02-07 O Allah Pray upon our master Muhammad the Attribute and the Inspiration and the Message and the Wisdom and upon the members of His household and his companions **The Sophiology of Death** Sergius Bulgakov,James Clarke & Co,2023-10-26 In this book called The Sophiology of Death Essays on Eschatology you can find the answer of these questions What will be the final destiny of humanity At God s final judgement will all be saved or only a few How does Christian eschatology affect Christian political action in the here and now And what is the destiny of each individual facing the prospect of earthly death In these essays Sergius Bulgakov brings the resources of scripture and tradition to bear on these vital questions arguing for the magnificent final restoration of all creatures to union with God in a universal salvation worthy of the infinite scope of Christ s redemption Combining practical theology with doctrinal questions Bulgakov provides on the one hand insight into how Christians can strive to bring God s kingdom to earth in anticipation of the peace and justice of the heavenly Jerusalem On the other he offers profound theological reflections on the nature of human death and Christ s accompaniment of all humans in their dying based on his own near death experience Although originating firmly within the Russian Orthodox tradition Bulgakov s sensitive and incisive writing will shed new light for all on eschatology in all its facets personal political and universal in Sophiology of Death Animal Theory Derek Ryan,2015-06-14 From caged orangutans to roasted pig from dog training to horse phobias from communicating bees to ruminating cows over the course of an introduction and four thematically organised chapters Derek Ryan explores how

animals are encountered in theoretical discourse The Animal World, A Book of Natural History Theodore Wood, Ernest Ingersoll, 2025-03-28 The Animal World A Book of Natural History by Theodore Wood part of the Young Folks Treasury invites readers on a captivating journey through the realm of animals This volume of natural history intended as juvenile literature explores zoology and the wonders of the natural world bringing the animal kingdom to life A timeless classic perfect for nature study this book presents a broad overview of animals making it ideal for anyone interested in animals and science Carefully prepared for print republication it retains the charm and educational value that made it a beloved introduction to the natural world Discover the enduring appeal of this book on animals a treasure trove of information for young minds and curious readers of all ages This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it This work is in the public domain in the United States of America and possibly other nations Within the United States you may freely copy and distribute this work as no entity individual or corporate has a copyright on the body of the work Scholars believe and we concur that this work is important enough to be preserved reproduced and made generally available to the public We appreciate your support of the preservation process and thank you for being an important part of keeping this knowledge alive and relevant **Generation Existential** Ethan Kleinberg, 2018-09-05

When we think of Heidegger s influence in France we tend to focus on such contemporary thinkers as Jacques Derrida Michel Foucault and Jean Fran ois Lyotard In Generation Existential Ethan Kleinberg shifts the focus to the initial reception of Heidegger s philosophy in France by those who first encountered it Kleinberg explains the appeal of Heidegger s philosophy to French thinkers as well as the ways they incorporated and expanded on it in their own work through the interwar Second World War and early postwar periods In so doing Kleinberg offers new insights into intellectual figures whose influence on modern French philosophy has been enormous including some whose thought remains under explored outside France Among Kleinberg s generation existential are Jean Beaufret the only member of the group whom one could characterize as a Heideggerian Maurice Blanchot Alexandre Koj ve Emmanuel Levinas and Jean Paul Sartre In showing how each of these figures engaged with Heidegger Kleinberg helps us to understand how the philosophy of this right wing thinker had such a profound influence on intellectuals of the left Furthermore Kleinberg maintains that our view of Heidegger s influence on contemporary thought is contingent on our comprehension of the ways in which his philosophy was initially understood translated and incorporated into the French philosophical canon by this earlier generation

Encyclopedia of Jewish Folklore and Traditions Raphael Patai, 2015-03-26 This multicultural reference work on Jewish folklore legends customs and other elements of folklife is the first of its kind **Onto-Ethologies** Brett Buchanan, 2008-10-22 German biologist Jakob von Uexk ll focused on how an animal through its behavioral relations both impacts and is impacted by its own unique environment Onto Ethologies traces the influence of Uexk ll s ideas on the thought of Martin Heidegger Maurice Merleau Ponty and Gilles Deleuze as they explore how animal behavior might be said to

approximate but also differ from human behavior It is the relation between animal and environment that interests Heidegger Merleau Ponty and Deleuze and yet it is the differences in their approach to Uexküll and to concepts such as world body and affect that prove so fascinating This book explores the ramifications of these encounters including how animal life both broadens and deepens the ontological significance of their respective philosophies **Anthropocentrism** Rob

Boddice,2011-07-14 Anthropocentrism is a charge of human chauvinism and an acknowledgement of human ontological boundaries Anthropocentrism has provided order and structure to humans understanding of the world while unavoidably expressing the limits of that understanding This collection explores the assumptions behind the label anthropocentrism critically enquiring into the meaning of human It addresses the epistemological and ontological problems of charges of anthropocentrism questioning whether all human views are inherently anthropocentric In addition it examines the potential scope for objective empathetic relational or other views that trump anthropocentrism With a principal focus on ethical questions concerning animals the environment and the social the essays ultimately cohere around the question of the non human be it animal ecosystem god or machine **Our Animal Friends** ,1905 **Imagining Animals** Caroline

Case,2025-07-30 This classic edition of Imagining Animals explores how the making of animal images in art therapy and child psychotherapy can act as a powerful catalyst for children who may be struggling with communication Readers will benefit from learning about the different ways that animal symbolism can support autistic children and children navigating trauma abuse and depression in engaging with the therapeutic process This essential book explores two contrasting primitive states of mind throughout the investing of the world around us with life through animism and participation mystique and the lifeless world in the states of mind encountered in children who are hard to reach Featuring a new introduction by the author subjects covered in subsequent chapters include but are not limited to Animal human relationships Animal symbolism Animals on stage in therapy and anthropomorphic animal objects Three dimensional clay work The location of the self in animals Imagining Animals offers a unique insight into the role and representation of animal imagery in art therapy and child psychotherapy This is an essential read for all arts and play therapists working with children as well as adult psychotherapists interested in the use of imagery *Asian Perspectives on Animal Ethics* Neil Dalal,Chloë

Taylor,2014-04-16 To date philosophical discussions of animal ethics and Critical Animal Studies have been dominated by Western perspectives and Western thinkers This book makes a novel contribution to animal ethics in showing the range and richness of ideas offered to these fields by diverse Asian traditions Asian Perspectives on Animal Ethics is the first of its kind to include the intersection of Asian and European traditions with respect to human and nonhuman relations Presenting a series of studies focusing on specific Asian traditions as well as studies that put those traditions in dialogue with Western thinkers this book looks at Asian philosophical doctrines concerning compassion and nonviolence as these apply to nonhuman animals as well as the moral rights and status of nonhuman animals in Asian traditions Using Asian perspectives to explore

ontological ethical and political questions contributors analyze humanism and post humanism in Asian and comparative traditions and offer insight into the special ethical relations between humans and other particular species of animals This book will be of interest to students and scholars of Asian religion and philosophy as well as to those interested in animal ethics and Critical Animal Studies Contemporaneity of the Mahabharata Narrative Anirban Bhattacharjee,Dhrubajyoti Sarkar,2024-09-02 Notwithstanding its renowned comprehensive narrative encapsulation of the Indic culture the Mahabharata keeps on posing a challenge to its contemporary readers how do we relate to something over two millennia old in today s context without freezing it in time This volume looks at the problem from diverse periods and standpoints and shows us that this challenge is in fact a legacy of the Mahabharata and the responses to this challenge are what makes the text ever contemporary to different readers of different times and positions It traces the evolution of the Mahabharata from its inception in the fifth century BCE to twenty first century spanning classical Sanskrit tradition Persian and Bengali adaptations the Mahabharata as a serialized TV show to more recent graphic narratives By attempting to analyse this diversity this volume further delves into how the issues in the Mahabharata resonate across time from the world of ancient sages to contemporary struggles of women The essays in this book adopt a dual perspective to appreciate both the Mahabharata s historical context its exploration of war heroes and heroines gender psychology philosophy and its implications for the future This book will be of interest to scholars and researchers of Indian literature ancient literature and philosophy English literature cultural studies visual studies gender studies and translation studies Time Briton Hadden, Henry Robinson Luce, 1924 Reels for 1973 include Time index 1973 **Bulletin** University of Nevada.
