*The Apocalypse of St. John* Averkī (Archbishop of Jordanville), 1985-01-01     An Introduction to Reading the Apocalypse Columba Graham Flegg, Graham Flegg, 1999     **The System of Antichrist** Charles Upton, 2005 The System of Antichrist examines the present religious and cultural scene from the standpoint of traditional metaphysics and critiques the New Age spiritualities within their postmodern context Its many references to Rene Guenon and Frithjof Schuon also help introduce these important but little known traditionalist thinkers The book presents lore relating to the latter days of the present cycle from the vantage point of comparative religion drawing upon relevant doctrines from Buddhism Hinduism Judaism Christianity Islam Zoroastrianism and the Native American traditions It also speculates upon the social psychic and spiritual nature of that being known to Christianity Judaism and Islam as the Antichrist presenting him as both an individual and a system and warning those willing to be warned against the spiritual seduction and terror he represents and against the regime which will be and is the social expression of that seduction and that terror Finally in tracing the roots of Antichrist in the fallen nature of man the author sketches the particular quality of spirituality proper to apocalyptic times the dangers it faces the unique opportunities open to it And along the way he describes his own course from the spiritual revolution of the 1960s through the world of New Age spiritualities to the threshold of traditional esoterism and metaphysics As he says speaking of the angst that characterizes the modern world The specific medicine for the shock of despair is the deeper shock of meaning Nothing but the weight of eternity breaking through the thin brittle shell of the postmodern sky can set us on our feet     *Exegesis and Hermeneutics in the Churches of the East* Society of Biblical Literature. Meeting, 2009 Exegesis and Hermeneutics in the Churches of the East contains the proceedings of the Bible in the Eastern and Oriental Orthodox Traditions unit of the Society of Biblical Literature's SBL 2007 meeting in San Diego California Biblical professors and scholars from the Eastern and Oriental Orthodox traditions the latter including Aramaic Syriac Armenian Arabic Georgian and Coptic among others gathered to engage in critical study of the role of the Bible in eastern Christianity past and present The collection of articles in Exegesis and Hermeneutics in the Churches of the East examines the latest scholarly findings in the field of the utilization and interpretation of the Bible in the Christian communities in the East during the first five centuries of Christianity They offer critical evaluations of the early church's hermeneutical and exegetical tools and methodologies     The Traditional Interpretation of the Apocalypse of St John in the Ethiopian Orthodox Church Roger W. Cowley, 2014-11-13 The aim of this study is to describe the traditional Biblical and patristic Amharic commentary material of the Ethiopian Orthodox Church and to present in translation a sufficient sample of the Amharic and also the Geez commentary material that its character can be clearly seen Accordingly the study is divided into three parts a general introduction an annotated translation of a Geez commentary and an annotated translation of an Amharic commentary The book chosen for parts II and III is the Apocalypse of John     **HEAVEN** Michael G. Maness, 2004-12-01 In heaven we shall

know everlasting rest and the full measure of our inheritance Though no eye has seen what God has prepared for us from Revelation 21-22 we can understand a little of what heaven will feel like We shall know a new freedom economy purity peace and so much more Those will be the simple experiences The greater experiences will be in everlasting love most especially in an everlasting marriage and an enduring intimate community Likewise we shall know a growing and everlasting security within our grand heritage within God's promises and in the work of Christ Yet the greatest experience of all is also the hardest to understand because it is the farthest removed from our earthly experience The greatest experience of all will be that for the rest of our everlasting loving lives we will share in the very life and glory of our dynamic and loving God our loving Father and Abba The greatest experience in heaven will be the very life and light that we share with God Himself so very personal and loving to the uttermost

The Mystery of God, the Final Episode Paul Winkler, 2016-01-26 In this eye opening commentary Paul Winkler unlocks the Scriptures to reveal the mystery of God and how it was fulfilled just as Jesus promised within one generation of Christ's time on earth Winkler condenses intensely technical studies from around the world and across time to present an easy to read verse by verse discussion of the entire book of Revelation His masterful inclusion of Scriptures from both the Old and New Testaments will leave readers feeling confident instead of confused and able to apply kingdom promises to their lives today His work supports the preterist prophecy already fulfilled viewpoint If one gives an answer before he hears it is folly and shame The one who states his case first seems right until the other comes and examines him Proverbs 18:13-17 ESV

The Book of Revelation and its Eastern Commentators Thomas Schmidt, 2021-09-09 In this volume T. C. Schmidt offers a new perspective on the formation of the New Testament by examining it simply as a Greco-Roman testament a legal document of great authority in the ancient world His work considers previously unexamined parallels between Greco-Roman juristic

standards and the authorization of Christianity's holy texts Recapitulating how Greco Roman testaments were created and certified he argues that the book of Revelation possessed many testamentary characteristics that were crucial for lending validity to the New Testament Even so Schmidt shows how Revelation fell out of favor amongst most Eastern Christian communities for over a thousand years until commentators rehabilitated its status and reintegrated it into the New Testament Schmidt uncovers why so many Eastern churches neglected Revelation during this period and then draws from Greco Roman legal practice to describe how Eastern commentators successfully argued for Revelation's inclusion in the New Testaments of their Churches

*The Traditional Teaching of the Ethiopian Orthodox Tāwahedo Church* Christine Chaillot, 2023 Christine Chaillot's new book The Traditional Teaching of the Ethiopian Orthodox T wahedo Church Faith and Spirituality presents a topic that is little if at all known outside Ethiopia even in Christian circles Moreover it is a much

neglected field in the wider study of African education It is a teaching based on ancient texts and books taught orally to the students who will become the future clergy and who will then share their knowledge with the faithful in Church life The studies of the different disciplines are pursued at different schools and at different levels in liturgy theology with commentaries of books Old and New Testaments books of the Church fathers and monks as well as composition of poems genes and iconography All this teaching presented in the present volume is deeply related to the faith and spirituality of the Ethiopian Orthodox Church This teaching is a unique intangible cultural heritage One wonders however what its future will be in the context of the modern educational methods and social attitudes that have evolved in Ethiopia over the last half century

*The Christ of the Apocalypse: Contemplating the Faces of Jesus in the Book of Revelation* Msgr. A. Robert Nusca, 2018-06-30 That the Apocalypse of John is a Revelation of Jesus Christ Rev 1 1 is a fact too often overlooked by interpreters of this last book of the Bible As Msgr A Robert Nusca's *The Christ of the Apocalypse Contemplating the Faces of Jesus in the Book of Revelation* proposes beyond predictions of earthquakes and falling stars St John articulates from start to finish a multifaceted and compelling portrait of Jesus Christ Nusca offers an exegetical reading of selected verses of the Book of Revelation incorporating rich spiritual and pastoral reflections The Christ of the Apocalypse above all affirms that St John's God and Christ centered symbolic universe offers our contemporary world a spiritual place to stand amid the shifting sands of postmodernity As Cardinal Thomas Collins Archbishop of Toronto writes in his Foreword Now as in the first century Christians face martyrdom and those who are not called to die for Christ are called to live for Christ in a world which in many ways rejects the Gospel More than ever we need the apocalyptic vision to have our own vision of reality clarified and to be strengthened in our evangelical witness

**To Read and To Know** Bogdan Costea, Alexandru Costea, 2024-01-10 In some language groups Bible commentaries and translations are of lesser quality often due to the lack of training in Greek Hebrew and Aramaic for their authors and translators Additionally many commentaries are authored by those who are unfamiliar with the language church and culture of the target audience Further some language groups struggle with the quality of translations even of the biblical text itself A translation may not be based on the biblical languages but on a Bible translation in another modern language This can result in the theological perspective of the previous translators being unwittingly written into the subsequent translation How can these challenges be addressed In this volume of the Tyndale Theological Seminary Theses Series two brothers Bogdan and Alexandru Costea address these types of biblical studies issues in Romania Bogdan writes about the importance of having a Romanian commentary series that compares the biblical languages with the Romanian Bible versions used by Evangelicals and interacts with the Church Fathers Alexandru evaluates the meaning and implications of as translated in the Romanian Orthodox Bible a word commonly translated as save in many English contexts These two men thus grapple with the core issues related to commentary production suitable for the Romanian context as well as provide a model for other language contexts Their interest in conjunction with that of Dr Octavian Baban and Dr H H

Drake Williams III has helped to produce the *Seria Comentarii Exegetice Rom ne ti Oradea RO Decenu 2023* God, Order, and Chaos Stephen Finamore, 2009-04-01 The ideas of Rene Girard are having a profound effect on Christian theology This book offers a critical introduction to his thought and then uses it to interpret the Book of Revelation The result is a reading of extraordinary relevance for the contemporary world Readers of the Apocalypse are often disturbed by the images of destruction in the book and are unsure why these are unleashed after the exaltation of Jesus This study examines past approaches to these texts and uses Girard s theories to revive some old ideas and propose some new ones Seen in this light the Apocalypse becomes the story of the ultimate vindication of the victim a source of hope and a resource that can be used both to encourage resistance to the destructive forces within culture and to help the church and the poor to engage constructively with the issues of our day *Studies in the Book of Revelation* Steve Moyise, 2002-02-01 General and scholarly interest in Revelation has never been greater This is a specially commissioned set of state of the art studies on the most important aspects of Revelation and its significance for the 21st century by the world s leading scholars The studies can be grouped in relation to three main themes strategies of interpretation theological literary feminist metaphorical the nature of the violent imagery and passages of particular interest the letter to Laodicea praise and politics Old Testament allusions the second coming of Christ This book will provide an invaluable resource for researchers and students alike Reading Hebrews and 1 Peter from Majority World Perspectives Sofanit T. Abebe, Elizabeth W. Mburu, Abeneazer G. Urga, 2024-09-19 The contributors to this volume offer a bold re reading of Hebrews and 1 Peter from the perspective of the Global South The chapters provide enriching new hermeneutical and theological insights revealing facets of the text that may not at first be apparent to readers within a Eurocentric context The volume is thus able to explore topics ranging from the authorship of Hebrews in the Ethiopian Orthodox tradition and the Batak reading of Christus Victor to a Xhosa perception of the solidarity and sacrifice of Jesus and intercultural readings of Christian identity in the context of persecution With an introduction and final response by scholars from the Global North this volume encourages awareness of how the Global South contributes to world Christianity *A Thematic Access-Oriented Bibliography of Jesus's Resurrection* Michael J. Alter, 2019-12-31 The keystone of Christianity is Jesus s physical bodily resurrection Present day scholars can be significantly challenged as they forage through voluminous documents on the resurrection of Jesus The literature measures well over seven thousand sources in English language books alone This makes finding specific sources that are most relevant for specific scholarly purposes an arduous task Even when a specific book is relevant finding the parts of the book that are most relevant to the resurrection rather than other topics often requires additional effort A Thematic Access Oriented Bibliography of Jesus s Resurrection addresses these challenges in several ways First the bibliography organizes more than seven thousand English sources into twelve main categories and then thirty four subcategories which are designed to help you find the most relevant literature quickly and efficiently Embedded are pro and con arguments which support efficient access through brief annotations and

then annotate the diversity and complexity of the field of religion by including sources that represent a diverse range of views theistic e g Christian Jewish Muslim etc agnostic and nontheistic The objective of this bibliography is to provide convenient access to relevant sources from a variety of perspectives allowing you to browse or find the one source accurately and with ease
