The Old Testament in Eastern Orthodox Tradition Eugen J. Pentiuc, 2014-01-09 This study provides a general overview and a succinct analysis of the primary ways in which the Old Testament has been received interpreted and conveyed within Eastern Orthodox tradition filling a vacuum in scholarly literature on the history of biblical interpretation The book is divided into two parts Reception and Interpretation Under Reception issues such as unity and diversity of the Christian Bible text canon and Tradition are considered The second part Interpretation focuses on Eastern Orthodox modes of interpretation discursive and intuitive Among the discursive modes the patristic exegesis is chosen as a case study The intuitive modes representing the so

called liturgical exegesis are subdivided into aural hymns psalmody lectionaries and visual portable icons frescoes mosaics A special emphasis is placed on the hallmarks of Eastern Orthodox reception and interpretation of the Old Testament including the centrality of Scripture within Tradition a blend of flexibility and strictness at all levels of the faith community integrative function and holistic use of the sacred text a tensed unity of discursive and intuitive modes of interpretation and a dynamic synergy between formative and informative goals in the use of Scripture Marital Imagery in the Bible Colin

Hamer,2019-01-04 Marital Imagery in the Bible It can only be imagined that when the New Testament writers made their albeit brief comments on divorce and remarriage that they assumed they would be understood So what has gone wrong In the years after the destruction of Jerusalem in 70 CE when Graeco Roman culture was at its height the Jewish perspective of marriage and divorce and thus the context of those brief New Testament comments was lost The Christian church of that era was influenced by the neoplatonic ideas of the day and an idealised concept of marriage developed from on Adam and Eve s marriage recorded in Genesis 2 23 it was love at first sight a marriage made in heaven These concepts frame an understanding of marriage in much of Western culture even today However that was never the understanding of ancient Israel Instead they looked to Genesis 2 24 Therefore a man shall leave his father and his mother and hold fast to his wife and they shall become one flesh so a naturally born man chooses a wife for himself and their union was based on a covenant in other words an agreement The Old Testament makes it clear what the basis of that agreement was Furthermore it is clear if that agreement was broken there could be a divorce and a remarriage All the Bible s marital imagery where the Hebrew and Christian Scriptures imagine that God is married to his people is based on that understanding of human marriage But so strong is our concept of marriage that when Genesis 2 24 is referred to in the New Testament it is thought that the reference is to Adam and Eve s marriage It is a paradigmatic marriage that for many excludes or greatly restricts the possibility of divorce and remarriage This study looks to challenge that paradigm and to suggest that the New Testament writers would not have employed an imagery which had at its center divorce and remarriage only to deny the possibility of such in their own human marriage teaching Colin Hamer s thesis represents the only recent work on metaphor theory in biblical scholarship It challenges centuries of academic scholarship and ecclesiastical assumptions about divorce Hamer s detailed and well researched analysis challenges the consensus view that the marriage of Adam and Eve in Gen 2 24 represents an ontological unity suggesting important implications for contemporary Christian teaching on marriage and divorce
