The Aquarius Conspiracy:

The Aquarian Conspiracy Marilyn Ferguson, 2009-08-20 Here is the human potential masterwork that defined the New Age Called an exciting vision of the future Cleveland Plain Dealer a handbook of the New Age USA Today and a new charter of human possibility Norman Cousins upon its initial publication in 1980 *The Aquarian Conspiracy* is a breathtaking compelling study of the changes in work relationships medicine religion education and more that comprised the birth of the New Age movement An influence on thinkers from Deepak Chopra to Al Gore *The Aquarian Conspiracy* remains a thorough detailed classic of contemporary thought an impeccable document that traces one of the most powerful cultural movements of our age

The Aquarian Conspiracy Marilyn Ferguson, 1987 This revised and updated edition offers an indepth analysis of the true nature of the controversial New Age movement and of social and personal transformation in the 1980s

The Aquarian Conspiracy Marilyn Ferguson, 1980 *Aquarius Now* Marilyn Ferguson, 2005-11-01 What Thomas Paine did for the American Revolution with the publication of *Common Sense* Marilyn Ferguson does for the transpersonal revolution with the publication of this astonishing call to internal arms Marilyn Ferguson is one of the preeminent thinkers gatherers synthesizers and interpreters of research on all the cutting edge fields of human consciousness *The Aquarian Conspiracy* published in 1980 has sold 2.5 million copies and has been continuously in print The book was hailed as the handbook of the New Age by USA Today and is widely regarded as one of the most important books of the twentieth century as the harbinger of a new segment of society stemming from the vastly enlarged concept of human potential Before there were Cultural Creatives and Influencers before there were Spiriteers before there was What the Bleep Do We Know there were the Aquarian Conspirators pioneers of social transformation A quarter of a century later Ferguson's original charge still resonates regardless of the name associated with her audience they are still philosophically the same as those who came before In her new book *Aquarius Now* movement pioneer Ferguson reexamines the paradigm shift to a more mindful society and finds us wanting She sees us caught in a mindless materialism that ironically threatens our material existence We are seduced by what she calls the Cult of Numbers obsessed with competition with winning and losing afraid of anything that can't be seen or measured and in the grip of an economic model that says only that which generates economic growth is worth pursuing What can we do In the past Ferguson argues whenever things weren't going that well for any tribe or society they literally gathered their belongings and hit the road But it's too late for that There's nowhere left to go Ferguson boldly tells the truth we have no enemy except ourselves and the mess we've made individually and collectively by refusing to get to know ourselves to see what we're doing to our own bodies our own minds and to society and the Earth itself We've refused to consider the clues in front of our faces The imbalance we see outside ourselves only mirrors the imbalance within The way to heal the imbalance is to heal ourselves The way to heal ourselves is to pay attention to witness And then we need to reclaim our personal sovereignty We need to take responsibility for our own actions We need to heed the words of the myriad

teachers and skills at our disposal We need to learn to rely on our own radical common sense We need to create the New Age in our hearts and minds and carry it out into the world o Within that which we have chosen to ignore lie the wisdom power and impulse to change o The task is not to climb a mountain but to navigate a river We have to stop thinking of ourselves as conquerors and start thinking of ourselves as fellow travelers with other human beings and every living being on this planet including the planet itself o Heroism is nothing more than becoming our latent larger selves Ferguson dares to ask the question Can we change and concludes that we can and we must change The Age of Aquarius will occur when we want it to occur In Aquarius Now Radical Common Sense and Reclaiming Personal Sovereignty Ferguson gives us a way to say Yes to life itself o By reclaiming the word radical from its current usage meaning extremist and going back to its root meaning the essence or substance of things o By returning to the original meaning of common sense The consensus of all of one s senses That power of mind which perceives truth by an instantaneous instinctive and irresistible impulse derived not from education nor from habit but from nature In the quarter century since Marilyn Ferguson s Aquarian Conspiracy defined pulled into focus then accelerated the transformational shift in consciousness known as the human potential movement much has changed Read all about it in Aquarius Now

Aldous Huxley Annual Bernfried Nugel, Jerome Meckier, 2009-03-27 Aldous Huxley Annual is the official organ of the Aldous Huxley Society at the Centre for Aldous Huxley Studies in Munster Germany It publishes essays on the life times and interests of Aldous Huxley and his circle It aspires to be the sort of periodical that Huxley would have wanted to read and to which he might have contributed This issue is dedicated to Prof Peter Edgerly Firchow 18 October 2008 in appreciation of his merits as an outstanding Huxley scholar and as a Founding Member and Curator of the Aldous Huxley Society It opens with Prof Firchow s keynote lecture at the Fourth International Aldous Huxley Symposium in Los Angeles in July 2008 and then presents a rich anthology of Huxley s uncollected prose from 1919 to 1963 edited by James Sexton Two more lectures from the Los Angeles Symposium close this issue one on death in Lawrence s and Huxley s fiction and the other on Erwin Schrodinger s and Huxley s views on the final end of human life

The Phenomenon of Teilhard David H. Lane, 1996 New Age writer of the popular Aquarian Conspiracy Marilyn Ferguson observed that many of the leading lights of the New Age movement claim Teilhard as one of the most influential persons in their lives Other influences acknowledged include C G Jung Aldous Huxley Swami Muktananda Thomas Merton Werner Erhard and Maharishi Yogi Indeed of the 185 New Age leaders surveyed Teilhard was the most frequently mentioned of any person who had most influenced their thinking If this is the case then if we are to understand the New Age movement properly it behooves us to take a careful and critical look at Teilhard de Chardin David Lane has done precisely this in a clear well documented and penetrating way In this crucial book David Lane lays bare the philosophical theological and scientific failures of Teilhard s New Age enterprise In a highly documented and insightful scrutiny of Teilhard s cosmic evolution Lane unveils the apostate Christian roots of one of the most important forerunners of the New Age movement This is one of the

most significant and serious treatments of the modern roots of the New Age in print **Mystery Babylon-Jezebel**

Thomas Milan Konda,2019-03-15 The most comprehensive intellectual history of American conspiracy theories yet produced The American Historical Review It's tempting to think we live in an unprecedentedly fertile age for conspiracy theories with seemingly each churn of the news cycle bringing fresh manifestations of large scale paranoia But the sad fact is that these narratives of suspicion and the delusional psychologies that fuel them have been a constant presence in American life for nearly as long as there's been an America In this sweeping book Thomas Milan Konda traces the country's obsession with conspiratorial thought from the early days of the republic to our own anxious moment Conspiracies of Conspiracies details centuries of sinister speculations from antisemitism and anti Catholicism to UFOs and reptilian humanoids and their often incendiary outcomes Rather than simply rehashing the surface eccentricities of such theories Konda draws from his extraordinary assemblage of conspiratorial writing to crack open the mindsets that lead people toward these self-sealing worlds of denial What is distinctively American about these theories he argues is not simply our country's homegrown obsession with them but their ongoing prevalence and virulence Konda proves that conspiracy theories are no harmless

sideshow They are instead the dark and secret heart of American political history one that is poisoning the bloodstream of an increasingly sick body politic Meticulous scholarship essential context for understanding our present mess Survival Global Politics and Strategy Incisive and engaging Konda s assessment of the new dynamics of conspiracy theories in contemporary US politics is a significant contribution Written with a clarity of expression rare in academic writing the book is accessible to a wide readership Choice

The Human Being Hans Schwarz,2013-12-20 This overview of Christian anthropology by Hans Schwarz uniquely emphasizes three things 1 the biblical testimony 2 the historical unfolding of Christian anthropology through the centuries and 3 the present affirmation of Christian anthropology in view of rival options and current scientific evidence Schwarz begins by elucidating the special place occupied by human beings in the world then ponders the complex issue of human freedom and concludes by investigating humanity as a community of men and women in this world and in the world beyond While maintaining a strong biblical orientation Schwarz draws on a wide range of resources including philosophy and the natural sciences in order to map out what it means to be human Schwarz s Human Being will interest anyone who is concerned with how in the face of fascinating scientific insights we can intelligently talk today about human sinfulness human freedom and human beings as children of the God who created us

The Quest for the Inner Human Steven H. Propp,2013-12-03 Psychology means the study of the soul it is the social science concerned with investigating who we are why we have certain feelings and why we do the things we do Are we no more than a vast assembly of nerve cells and their associated molecules Is biology our genetic inheritance destiny or does social upbringing play a crucial role What are the roles played by Nature and by Nurture Are we purely physical beings or is there an aspect that can be called spiritual This thought provoking novel takes you on a journey of intellectual and emotional exploration considering along the way questions that weve all asked ourselves such as Is it true that we only use 10% of our brains Does playing classical music for infants increase their intelligence Do crime rates go up during a full moon Can hypnosis or post hypnotic suggestions make us do something we wouldnt normally do Does subliminal advertising influence us to buy products Are our memories stored indelibly almost like a tape recorder What causes memory lapses as we age Can repressed traumatic memories be recovered through hypnosis Do some people have multiple personalities How can I tell if someone has a neurosis or a psychosis Do men have an inner feminine side and women an inner masculine Are there innate psychological differences between males and females The four main characters in this book will guide you through a diverse and sometimes bewildering world of differing approaches to answering such questions such as Freudian Jungian and Adlerian Humanistic Existential and Transpersonal as well as Cognitive Emotive and Behaviorist Along the way you will learn about the developmental stages proposed by psychologists such as Erikson Kohlberg Piaget and Fowler and even explore some of the questions currently being asked by both neuroscientists and philosophers of the mind Start reading to begin your study of our innermost selves

Encyclopedia of Prophecy Geoffrey Ashe,2001-06-04 A definitive factual A Z reference guide offering a global

perspective on the role of prophecy in world history religion folklore and literature From at least 1200 B C and probably long before prophets have attempted to see into the future Most from ancient oracles to modern astrologers from doomsday sects to telephone psychics have been wrong the majority of the time says British researcher Geoffrey Ashe True foreknowledge is rare but those rare occurrences are impressive In this fascinating reference work the first to encompass the entire 3 000 year span of recorded prophecy Ashe examines the predictions of both good prophets and bad including seers like Jacques Cazotte who forecast the Reign of Terror in the French Revolution and Morgan Robertson who described the Titanic disaster 14 years before it happened He refutes many of the far fetched claims of Nostradamus and highlights those that foreshadow events after his lifetime He also examines failed prophecies that have been influential including the many end of the world forecasts along with the surprisingly accurate visions of some science fiction authors

Canada's Religions Robert Choquette,2004-02-24 With nine out of ten Canadians claiming a religious affiliation of some kind Catholic Protestant Jewish Islamic Hindu Buddhist Aboriginal or one of dozens of other religions faith has huge impact on our personal and social lives In this book Robert Choquette offers a comprehensive history of religion in Canada and examines the ongoing tug of war between modernity and conservatism within the religious traditions themselves Published in English *Bounded Choice*

Janja A. Lalich,2020-11-30 Heaven s Gate a secretive group of celibate monks awaiting pickup by a UFO captured intense public attention in 1997 when its members committed collective suicide As a way of understanding such perplexing events many have seen those who join cults as needy lost souls unable to think for themselves This book a compelling look at the cult phenomenon written for a wide audience dispels such simple formulations by explaining how normal intelligent people can give up years of their lives and sometimes their very lives to groups and beliefs that appear bizarre and irrational Looking closely at Heaven s Gate and at the Democratic Workers Party a radical political group of the 1970s and 1980s Janja Lalich gives us a rare insider s look at these two cults and advances a new theoretical framework that will reshape our understanding of those who join such groups Lalich s fascinating discussion includes her in depth interviews with cult devotees as well as reflections gained from her own experience as a high ranking member of the Democratic Workers Party Incorporating classical sociological concepts such as charisma and commitment with more recent work on the social psychology of influence and control she develops a new approach for understanding how charismatic cult leaders are able to dominate their devotees She shows how members are led into a state of bounded choice in which they make seemingly irrational decisions within a context that makes perfect sense to them and is in fact consistent with their highest aspirations In addition to illuminating the cult phenomenon in the United States and around the world this important book also addresses our pressing need to know more about the mentality of those true believers who take extreme or violent measures in the name of a cause

The Dawning of the Golden Age of Aquarius Albert Amao Ph. D.,2012 We are at the threshold of a transitional period from the Age of Pisces to the Age of Aquarius What should we expect from this coming New Era What

are its signs What is the fate of human spirituality What will the new concepts of God and of religion be This book attempts to answer these questions based on well researched sources complemented and endorsed by cosmology archeology psychology religion Near East studies and mythology among other scientific disciplines The book also intends to clarify the confusion created by some Protestant religious leaders and sensationalistic writers who have misinterpreted the signs of the transitional period as the end of the world The truth is that we are witnessing a shift of ages that is the slow evolution from the Piscean Era to the commencing of a new worldwide social order a new chapter in human history called the Aquarian dispensation The huge conspiracy propounded by false prophets and some New Age writers whether overtly or covertly feeds the fear and anxiety of ordinary people with unfounded apocalyptic propaganda This book attempts to give the reader an accurate perspective regarding the planetary transformations that are taking place it offers hope and inspiration as we approach the Golden Age

A Fifty-Year Development Policy Lyndon LaRouche, This 1983 proposal by Lyndon LaRouche is not just a technical array of now mostly completed or rapidly developing toward completion transformative projects aimed at bringing Indian Pacific nations into the modern world but one of the most detailed explications of LaRouche's economic ideas The fact that many Asian nations have eagerly adopted his ideas to leapfrog from poverty to the frontiers of science and space development while the leaders of most of North America and Western Europe have fearfully clung to old discredited imperial geopolitical doctrines underlines the importance and also the controversial nature of this work

Gospel of the Open Road Robert C. Gordon, 2001 *Gospel of the Open Road* reclaims Ralph Waldo Emerson Walt Whitman and Henry David Thoreau as America's spiritual birthright It rescues them from literary history and reveals them in their true light as democracy's prophets of the soul Emerson Whitman and Thoreau were religious seers who developed a new form of spirituality and *Gospel of the Open Road* explains in scholarly yet passionate fashion the deep wisdom that is their enduring legacy It presents them as a viable spiritual path for those who do not belong and do not want to belong to any organized religion But this book does more It draws fascinating parallels between the new spirituality taught by Emerson Whitman Thoreau and ancient spiritual wisdom as found in shamanism Goddess worship Tantra Taoism Confucianism Vajrayana and Zen Buddhism and Hinduism This book is an evocative synthesis of humanity's most venerable spiritual wisdom and the most modern of philosophical social psychological political scientific and Humanistic concepts It traces the New Age spiritual revolution to its source in Emerson Whitman and Thoreau and explains how to apply their spiritual teachings to our everyday life here on Earth

Handbook of New Age James Lewis, Daren Kemp, 2007-05-30 The *Handbook of New Age* is a comprehensive survey of alternative spiritualities their history their global impact their cultural influence and how they are understood by scholars Chapters by many of the leading scholars of the movement give the latest analysis of contemporary spiritual trends and present up to date observations of the interaction between the New Age movement and many different fields of knowledge and research
