**America's War against Global Jihad** William R. Nester, 2018-03-06 A specter haunts America the specter of Global Jihad Islamic Holy War This specter was never more horrific than on September 11 2001 when nineteen fanatics hijacked four jetliners and used them as guided missiles to destroy the twin World Trade Towers damage the Pentagon murder nearly 3 000 people and cause as much as several hundred billion dollars worth of direct and indirect damage to New York City and the national economy But Jihadists have periodically attacked Americans ever since November 1979 when mobs shouting death to America overran the American

embassy in Tehran and held 52 officials hostage for 444 days President George W Bush responded to the September 11 atrocities by declaring a global war on terror Now in its second decade that war has cost the United States thousands of lives and trillions of dollars Americans are haunted by horrific televised images from across a swath of the Muslim world of bomb blasted cities hundreds of slaughtered bodies thousands of refugees huddled in squalid camps and American journalists in orange jump suits kneeling in the desert before the black robed and masked men who will behead them Americans increasingly question whether the global war on terror has been worth those costs for their own nation and the lands where it is fought This book analyzes America's crusade against Jihadism The key related questions it addresses are these Looking back what were the successes and failures of Washington's counter Jihadist strategy before and after September 11 Looking ahead should Americans stay the course or cut their losses in Iraq Afghanistan and elsewhere Was the catastrophic September 11 attack a one time event or could its equivalent or worse in death and destruction happen again Renowned Harvard professor Samuel Huntington asserted that The underlying problem for the West is not Islamic fundamentalism it is Islam a different civilization whose people are convinced of the superiority of their culture and are obsessed with the inferiority of their power Is that true Just what of Muhammad's words and deeds if any justifies the barbarism of al Qaeda Islamic State and other Jihadists Finally just how corporeal is that specter of global Jihad to the United States A startling surprise awaits the reader in the final chapter as acclaimed expert William Nester weighs the specter of global Jihad against an array of other national security threats

*Harriet Beecher Stowe's "Uncle Tom's Cabin" in Arabic* Abeer Abdulaziz AL-Sarrani, 2016-03-25 This book explores the challenges of cross cultural translation of American literary works into Arabic which I argue have prevented many nineteenth century literary works from being translated into Arabic I have used the Arabic translations of Harriet Beecher Stowe's *Uncle Tom's Cabin* and an abridged English text accompanying one of the translations as a case study Since most of the Arabic translations of English and especially American literary works are merely linguistic oriented ones I reinforce the importance of adopting a period specific cultural oriented approach that maintains the cultural context of American literary works including the historical cultural religious geopolitical and gender based elements during the literary translation into the Arabic culture I start with discussing the internationalization of American works and the importance of a cultural reading of these works Reviewing many translations of English and American works in general I categorize the challenges of cross cultural literary translation from English into Arabic into the following cultural religious geopolitical and gender based ones While I am not calling for accurate cross cultural literary translations since it is impossible however I am advocating for faithful translations which maintain the literary text's cultural and historical contexts The accuracy of a literary translation depends on the amount of linguistic skill a translator has while the faithfulness of a literary translation is based upon the translator's sincere effort to include the literary text's entire cultural context including the historical cultural religious geopolitical and gender based elements Using *Uncle Tom's Cabin* as a case study I discuss how the previous challenges had negatively affected the translation process of the work Despite the fact the work has been translated seven times into Arabic due to the linguistic oriented approach the historical and cultural significance of Stowe's novel has not yet been introduced to Arab readers through translation Due to the current era of globalization that demands individuals to have multicultural knowledge and understanding and due to the recent cultural and translation projects of literary works from English into Arabic this book reinforces the importance and possibility of addressing the cultural religious geopolitical and gender based challenges while using *Uncle Tom's Cabin* as an example

**Bridges Burning** William K. Jr. Tell, William Tell, Jr., 2006-04 After decades of Politically Correct attitudes big government fixes culture wars and muddled foreign policy the U S finds itself on the brink of what may become an historic

decline from preeminence In addition recent trends and events such as globalism and the war on terror have created an environment for the U S which is increasingly more dangerous America was founded on the principles of democracy and freedom In the last half of the 20th century America forgot these important principles and allowed elements potentially dangerous to freedom and democracy to prevail What can citizens do to change this trend As the nation s social and political institutions are in peril of failure citizens must rise up and demand change Several areas are identified for reform including education the media and the political process Ready or not America s challenges of the 21st century must be addressed with an eye to both the future s perils as well as the Founders principles Further information and topical updates may be accessed at <http://bridgesburning.com>
