cultural dimensions of the propagandistic diffusion of Nazi ideology Herf offers the most thorough examination to date of this important chapter in the history of World War II Importantly he also shows how the anti-Semitism promoted by the Nazi propaganda effort contributed to the anti-Semitism exhibited by adherents of radical forms of Islam in the Middle East today

An Analysis of Albert Hourani's A History of the Arab Peoples Brown,Bryan Gibson,2017-07-05 Few works of history make as well structured a case for the importance of studying continuity rather than change than Albert Hourani's A History of the Arab Peoples Hourani's work had three major aims to refute the idea that Arab society stagnated between 1000 and 1800 to study the period through the lens of diverse Arab rather than Muslim history and to stress intellectual and cultural continuity All of these intentions were the product of the author's evaluation of a great mass of secondary sources many of them devoted to arguing for ideas that contradicted his and it demanded considerable

skill to synthesize from them a coherent and well evidenced counter argument Hourani was able to do this largely because his grasp of the relevance and adequacy of his predecessors arguments was second to none his achievement lies in his ability to reject the reasoning of other historians while still making good use of their evidence In this task he was aided by an interpretative skill almost equal to his powers of evaluation A History of the Arab Peoples is also a monument to the importance of properly understanding the meaning of available evidence *Western Historiography in Asia* Q. Edward Wang, Okamoto Michihiro, Longguo Li, 2022-02-21 This volume provides a unique and critical perspective on how Chinese Japanese and Korean scholars engage and critique the West in their historical thinking It showcases the dialogue between Asian experts and their Euro American counterparts and offers valuable insights on how to challenge and overcome Eurocentrism in historical writing
