early American history Mary Woods dispels the prevailing notion that the profession developed under the leadership of men formally schooled in architecture as an art during the late nineteenth century Instead she cites several instances in the early 1800s of craftsmen builders who shifted their identity to that of professional architects While struggling to survive as designers and supervisors of construction projects these men organized professional societies and worked for architectural education appropriate compensation and accreditation In such leading architectural practitioners as B Henry Latrobe Alexander J Davis H H Richardson Louis Sullivan and Stanford White Woods sees collaborators partners merchandisers educators and lobbyists rather than inspired creators She documents their contributions as well as those far less familiar of women architects and people of color in the profession s early days Woods s extensive research yields a remarkable range of archival materials correspondence among carpenters 200 year old lawsuits architect client spats the organization of craft guilds apprenticeships university programs and correspondence schools and the structure of architectural practices labor unions and the building industry In presenting a more accurate composite of the architectural profession s history Woods lays a foundation for reclaiming the profession s past and recasting its future Her study will appeal not only to architects but also to historians sociologists and readers with an interest in architecture s place in America today This title is part of UC Press s Voices Revived program which commemorates University of California Press s mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1999 This is the first in depth study of how the architectural profession emerged in early American history Mary Woods dispels the prevailing notion that the profession developed under the leadership of men formally schooled in architecture as an art during t

Subject Guide to Books in Print ,1971 **Technology and Culture** ,1977 **Remembering War the American Way** G. Kurt Piehler,2014-10-28 Wars do not fully end when the shooting stops As G Kurt Piehler reveals in this book after every conflict from the Revolution to the Persian Gulf War Americans have argued about how and for what deeds and heroes wars should be remembered Drawing on sources ranging from government documents to Embalmers Monthly Piehler recounts efforts to commemorate wars by erecting monuments designating holidays forming veterans organizations and establishing national cemeteries The federal government he contends initially sidestepped funding for memorials thereby leaving the determination of how and whom to honor in the hands of those with ready money and those who responded to them In one instance monuments to Yankee heroes erected by the Daughters of the American Revolution were countered by immigrant groups who added such figures as Casimir Pulaski and Thaddeus Kosciusko to the record of the war Piehler argues that the conflict between these groups is emblematic of the ongoing reinterpretation of wars by majority and minority groups and by successive generations Demonstrating that the battles over the Vietnam Veterans Memorial are not unique in American history Remembering War the American Way reveals that the memory of war is intrinsically bound to
