The Ark A Reality:

Animals in Heaven- Fantasy or Reality Arch Stanton, 2006-06-02 Animals have been with us since the state of existence or being The bible tells us God created the animal kingdom for his pleasure When God created the heaven and earth and all life that exist he obviously saw a need for animals or they would not be here Why God created them in the shapes and forms as they were we do not know the choice was his and as I mentioned He chose to do so in a way that pleases him Animals have a mind that gives them the ability to think and have feelings Animals have a certain intelligence we do not possess such as an internal guidance system Both dogs and cats have this ability and I would imagine there are other animals as well God created everything with a purpose and a need the animals kingdom is one such example Many people believe God s purpose for animals is to serve humankind and upon death they are to perish with no possible chance for eternal life However does the bible teach this In the first chapter of the book of Genesis the bible tells us God considered the animals a creation that was very good he was pleased with them Many people consider the life of an animal as having a very small worth To them an animal just lives and dies Many people have the attitude of so what The bible tells us God doesn t care for an attitude such as this because he values the life of his animals very much Throughout the entire bible the information found pertaining to the animal kingdom is very precise The bible tells us the animals are to be forever God had this intention when he created them and this application of thought remains today and forever The bible never mentions mankind alone is to receive eternal life How different would our lives be without animals There would be no pets for those who are lonely and without family There would be no zoos for family outings There would be no circus acts with animals There would be no dog as a best friend There would be no Seeing Eye dogs There would be no animals to alert their owners of an ever present danger during the night such as fires burglars etc I believe we simply overlook the fact there is a purpose for all of God s creatures The purpose for this book is to reveal the truth in what the bible tells about the animal kingdom We need to know God s purpose for them The bible explains in detail God s plan for his animals even after death God wants us to know about them or he would never have emphasized their importance in his word Many people are reluctant to discuss the animal kingdom from a biblical point of view I find this strange to say the least God has included them in his written word but many ministers will say very little if anything about them The scriptures in this book are from the King James Bible What the bible tells us is 100% accurate and lest we never forget God simply made no mistakes in his word The bible is never contradictory We will read scriptures that clearly explain that animals will be in heaven and why God wants them to be there with us If we had the power to give our pet s eternal life would we want the life of our animals to be temporal If God loves his animals more than we could ever love them shouldn t this type of love indicate his love for them is tremendous Since we know God can give animal s eternal life could be there any single reason to give them life that would be only temporary First we should know the bible is not dull dismal or neutral The bible is not an area between two extremes having mingled characteristics of both of them a situation in

which there are no clear cut distinctions The interpretations of scriptures have been defined several ways over the years and this has cause confusion in many churches We will read scriptures about the animal kingdom that many of you may not know are in the bible We will read scriptures that are clearly stated to mean one thing and one thing only and that is Animals are to be in heaven By the time you have finished this book you will have a better understanding for the purpose of the animal kingdom You may then decide if the scriptures do indeed tell us animals have a soul do they have a spirit did God create them with a purpose in this life is he going to give them eternal life With God s help you will decide For more information please visit www.dutchman3d.com **The Ark, a Reality?** Richard C. Imagining Creates Reality Neville,2017-02-16 Neville was born in Barbados West Indies in 1905 into a poor English family nine boys and one girl where he was raised and educated in a traditional Christian manner His father who knew about the power of imagining along with the help of his industrious sons made the Goddards into the largest business presence in the island and at his death left all ten children independently wealthy At age seventeen Neville left Barbados for New York City where he worked in retail for several years until he became a dancer in Broadway shows This led to a stint in London where he was introduced to metaphysical thought and upon returning to New York he began to teach the law of imagining in 1938 to ever growing audiences in the East Los Angeles and San Francisco When he moved his family to Los Angeles in the early 1950s he was attracting crowds of 2 000 for his Sunday talks Everyone wanted something homes new jobs mates money and he successfully taught them how to fulfill those desires through the use of their all powerful human imaginations The techniques testimonies from his audiences the creative formula visions dreams and Bible interpretations are discussed simply and in detail in these lectures They encourage any seeker to apply his or her imagination for success and ultimately lead to the appreciation that there is no intermediary between God mans I AM and man Starting in 1959 he had a series of six visions over a three and a half year period resurrection birth from above David splitting of the temple ascension and the doves descent Then he understood his mission To first experience these visions understand their meanings and then teach the meaning of these signs that are given to man after multiple lifetimes

and all states of consciousness have been played by each individual These signs confirm the awakening of mans soul Mans origin and destiny are divine from unity into diversity back to unity with no loss of individuality All is forgiven and the exile the prodigal returns to Lordship greatly expanded by the journey through limitation illusion and a sleep likened unto death

A NEW PICTURE OF HOLINESS Mark Osereme,2014 It is sad to see the personality of Holiness so misrepresented that it constitutes a hindrance in a believer s relationship with God False Holiness is man s attempt to enter into perfect relationship with God through rules and regulations God s present plan through Jesus Christ is to institutionalize Holiness into the salvation and spiritual life of every believer Holiness fulfils and captures the essence of God s love the type of love which has no need to condemn or judge but relishes in forgiveness and mercy Holiness qualifies rather than disqualifies believers from serving God in all manners before him in love The revelation of Holiness is a personal freedom to breathe the air of intimate and affectionate relationship with God without condemnation or guilt We cannot earn Holiness through our works or by personal efforts but it is earned by safely depending on the sacrifice of Jesus Christ Just like our Heavenly Father holiness teaches us to love others unreservedly without a choice for who they are and not what we want them to be **The Bible Heroes of Faith Book of Poems** Joseph William Gilbert Barnett,2022-03-18 After completing my first book The Holy Scriptures Book of Poems I was inspired to write another book Initially I thought of trying to write several children stories of the more known Bible characters I also wanted to add more detail and depth to the stories After I completed the stories of the Bible characters I had set out to write about I had the idea to put them all together in one book That is how this book came to be I hope you enjoy it **Our Reality , The Truth About Reality** Anti Christ,2008-08-15 This book is for you Anti Christ introduces you to yourself your government and to your god People from all walks of life and religion wonder about the validity of religion Are physical creatures eternal beings cast in a prison of flesh or did life accidentally spring forth from the absurd and incoherent twists and turns of evolution The several kinds of reality this book introduces fill the voids of understanding about reality with real knowledge The book is not about religion spirituality occult or anything concretely physical It encompasses all the deceitful control schemes laid on you like obedient dogs in their traces You cannot afford to stay ignorant for your continued existence depends on knowing what and who you are physically and spiritually The mysteries of life are caused by your belief systems To believe means that you do not know Belief is the portal to hell the permanent state of living death knowledge is the portal to reality and eternal life Science and religion cannot give the insight this book brings Whether you believe the material is for you or not you cannot afford to remain ignorant for the route back to true reality is made clear Ignorance always portrays itself as brilliance The world is full of brilliant pretenders My brother Anti Christ leads you from example to example to understand the hoax on which physical reality is based The more real life seems the more you are betrayed and trapped The greatest mystery in the mind is the mystery of yourself Vaguely you all believe to be strangers guilty of something not understood Anti Christ gives you the better outlook on life than any ideology

Stories, Pictures And Reality Virginia Lowe,2007 Stories Pictures and Reality follows two children as they work out the reality status of stories and pictures with a daily parent observer record from the birth of the first child until the second is eight a span of eleven years in all Together these children pick through the meaning of stories and the motivations of the characters they discover in this unique first hand description of the discernment that children bring to books from an early age full of revealing quotes that tell us a great deal about the cognitive development of our young readers It s a joke cause it couldn t really have happened I ll tell you what s pretend Batman Robin Superman pirates cowboys and Indians Pussy cats don t fly kites The man who drawed it was wrong In analysis this longitudinal study shows that children have more insight and understanding than they are often given credit for and that they approach subjects that puzzle the most sophisticated of thinkers with an elegant simplicity beyond the expectations of conventional psychologists and children s literature commentators This book urges readers especially practitioners and academics to afford greater respect to what young children are capable of in this area **A Thesis on the Construction, Significance, and Historical Reality of the Mosaic Tabernacle** Benjamin Thomas,1899
