The Armed Bureaucrats Military Administrative Regimes And Political Development

**Howard Handelman, Thomas Griffin
Sanders**

The Armed Bureaucrats Military Administrative Regimes And Political Development:

The Armed Bureaucrats Edward Feit, 1972 Dr Feit begins his book by presenting his chief theoretical contribution armies when they become modernized and bureaucratized can come to have the same concerns for order and efficiency as do civilian administrators The author then illustrates how military regimes exhibit cyclical tendencies first military officers occupy principal offices in the state followed by a period when civilians play an increasingly important role as technocrats and administrators This phase of cohesion without consensus is followed by a state of political stasis founded on mutual acceptance of the new rulers by competing and often antagonistic social groups that nevertheless derive or hope to derive some benefit from the regime But military governments are ultimately wrecked by the social forces that made them necessary and for the same reason an inability to mediate among clashing hostile social groupings and to build real coalition among them These ideas are refined with the aid of six case studies of military regimes of significant duration in different time periods and in different cultures In its theorizing and its search for generalizable propositions the book breaks new ground and should lead to additional research using comparative data on both the bureaucratization of armies and the performance of military governments

The Military's Impact on Democratic Development David Kuehn, 2019-10-23 Despite the decline in the number of military coups since the 1960s and 1970s Militaries continue to be crucial political actors in many world regions Their impact on the democratic development of nations however has been mixed On the one hand coups against democratically elected leaders in Mali 2012 Egypt 2013 and Thailand 2014 have spelled doom for these countries nascent democratic regimes and have ushered in new periods of military dominance in politics The cases of Portugal 1974 the Philippines 1986 and Tunisia 2011 on the other hand show that the military's decision not to defend authoritarian leaders against mass protests contributed crucially to the fall of dictatorships and facilitated transitions to democracy This volume addresses the military's ambivalent role as midwife or gravedigger of democracy and highlights the often multi layered and complex relationship between militaries political behaviour and democratization The chapters were originally published in a special issue of Democratization

Military Government and the Movement Toward Democracy in South America Howard Handelman, Thomas Griffin Sanders, 1981 Sophisticated investigations of governmental transition in Brazil Chile Uruguay Peru and Ecuador Discusses such issues as the undercurrents of popular discontent and the recent progress toward increased civilian political participation

Politics and Society in the Developing World Mehran Kamrava, 2012-10-12 This book is a welcome new edition which completely updates and revises the very popular first edition Politics and Society in the Third World Mehran Kamrava has brought the book in line with the major changes in global politics and the politics and social issues of the developing world The book examines key issues such as democratisation civil society organisations and NGOs political society state collapse democratic bargains and transition consolidation and problems of legitimacy elections multi party politics industrial development dependency theory and

globalisation the roles of the IMF and the World Bank the GATT and other multinational institutions urbanisation social change the increasing influence of western values capital and institutions urbanisation social change the increasing influence of western values capital and institutions political culture its role and impact in newly democratic developing countries revolution and gives more examples from Africa East Asia and rural societies [The State and the Mass Media in Japan, 1918-1945](#) Gregory J. Kasza, 2023-09-01 Gregory Kasza examines state society relations in interwar Japan through a case study of public policy toward radio film newspapers and magazines Gregory Kasza examines state society relations in interwar Japan through a case study of public policy toward radio film newspapers and magazines *Coercion and Governance* Muthiah Alagappa, 2001 This far ranging volume offers both a broad overview of the role of the military in contemporary Asia and a close look at the state of civil military relations in sixteen Asian countries It discusses these relations in countries where the military continues to dominate the political realm as well as others where it is disengaging from politics *The Paradox of Myanmar's Regime Change* Roger Huang, 2020-04-06 This book analyzes Myanmar's contemporary political history arguing that Myanmar's so called democratization has always been a calculated regime transition planned by the military with every intention that the military to remain the key permanent political actor in Myanmar's political regime Using the period since Myanmar's regime change in 2011 as an extended case study this book offers an original theory of regime transition The author argues that Myanmar's ongoing regime transition has not diverged from its authoritarian military roots and explains how the military has long planned its voluntary partial withdrawal from direct politics Therefore Myanmar's disciplined democracy contains features of democratic politics but at its core remains authoritarian Providing an original contribution to the theoretical literature on regime change by developing a theory of trial and error regime transition the book engages with and challenges the popular democratization theory by arguing that this theory does not sufficiently explain hybrid regimes or authoritarian durability Additionally the book adds to an alternative understanding of how the regime transition was initiated by examining the historical evolution of Myanmar's post colonial regime and offers a fresh perspective on contemporary political developments in Myanmar An important contribution to the study of authoritarian durability and the dynamics of regime change in Southeast Asia this book will be of interest to academic researchers of comparative politics international relations and Southeast Asian studies **Armed Forces and International Security** Jean M. Callaghan, Franz Kernic, 2003 Designed as a textbook and interdisciplinary reference for the social sciences this volume examines key issues in the current global security agenda and relationships between armed forces and society around the world The book's concise chapters on a broad range of themes related to national and international security military sociology and civil military relations were written by experts from 18 countries This volume also has a groundbreaking section which using country studies and regional overviews discusses civil military relations in as well as the most salient theoretical and practical features of current means of democratic control of the armed forces in the

early 21st century *The Comparative Method and Civil-Military Relations* J. 'Bayo Adekanye, 2024-10-11 Comprising critical writings in civil military relations theory and research this book of essays integrates the ideas and insights drawn from political science particularly its subfields of comparative politics theory and methodology both normative and empirical with those from the combined disciplines of philosophy of science history sociology and development studies bringing out the relevance of these ideas and insights for understanding and analysing the issues central to the place and role of military in the Nigerian society This book will be useful to students academics journalists and activists working on Nigeria in particular and Africa in general Print edition not for sale in Nigeria **Soldiers and Diplomacy in Burma** Renaud Egretreau, Larry Jagan, 2013-06-10 Soldiers and Diplomacy addresses the key question of the ongoing role of the military in Burma's foreign policy The authors a political scientist and a former top Asia editor for the BBC provide a fresh perspective on Burma's foreign and security policies which have shifted between pro active diplomacies of neutralism and non alignment and autarkical policies of isolation and xenophobic nationalism They argue that important elements of continuity underlie Burma's striking postcolonial policy changes and contrasting diplomatic practices Among the defining factors here are the formidable dominance of the Burmese armed forces over state structure the enduring domestic political conundrum and the peculiar geography of a country located at the crossroads of India China and Southeast Asia Egretreau and Jagan argue that the Burmese military still has the tools needed to retain their praetorian influence over the country's foreign policy in the post junta context of the 2010s For international policymakers potential foreign investors and Burma's immediate neighbors this will have strong implications in terms of the country's foreign policy approach *Understanding Comparative Politics* Mehran Kamrava, 2012-08-21 Comparative politics has undergone significant theoretical changes in recent decades Particularly since the 1980s a new generation of scholars have revamped and rejuvenated the study of the subject Mehran Kamrava examines current and past approaches to the study of comparative politics and proposes a new framework for analysis This is achieved through a comparative examination of state and social institutions the interactions that occur between them and the political cultures within which they operate The book also offers a concise and detailed synthesis of existing comparative frameworks that up to now at least have encountered analytical shortcomings on their own Although analytically different in its arguments and emphasis from the current Mainstream genre of literature on comparative politics the present study is a logical outgrowth of the scholarly works of the last decade or so It will be essential reading for all students of comparative politics **War and the Art of Governance** Nadia Schadlow, 2017-03-01 Success in war ultimately depends on the consolidation of political order Nadia Schadlow argues that the steps needed to consolidate a new political order are not separate from war They are instead an essential component of war and victory The challenge of governance operations did not start with the wars in Iraq and Afghanistan The US Army's involvement in the political and economic reconstruction of states has been central to all its armed conflicts from large scale conventional wars to so called irregular or

counterinsurgency wars Yet US policymakers and military leaders have failed to institutionalize lessons on how to consolidate combat gains into desired political outcomes War and the Art of Governance examines fifteen historical cases of US Army military interventions from the Mexican War through the wars in Iraq and Afghanistan Improving future outcomes will require US policymakers and military leaders to accept that plans timelines and resources must be shaped to reflect this reality before they intervene in a conflict not after things go wrong Schadlow provides clear lessons for students and scholars of security studies and military history as well as for policymakers and the military personnel who will be involved in the next foreign intervention

Politics and Constitutions in Southeast Asia Marco Bunte, Björn Dressel, 2016-07-15 In recent years the constitutional landscape of Southeast Asia has changed tremendously Against a worldwide background of liberalization globalization and democratization states in the region have begun to alter their constitutions reinforcing human rights provisions and putting in place institutional safeguards such as constitutional courts and human rights commissions On closer examination however the picture is very complex with constitutional developments differing greatly between states This book explores a range of current constitutional developments in the different states of Southeast Asia through a distinct political lens Drawing on comparative and single case studies it considers various constitutional areas including constitution drafting human rights legal safeguards and the continuing role of the military sets constitutional developments in the wider political and historical context of each country and makes comparisons both with Western democracies and with other developing regions The book concludes by assessing overall how far constitutional practices and trajectories are converging towards a liberal Western model or towards a distinctly Southeast Asian model

Comparative Education, Terrorism and Human Security W. Nelles, 2003-12-18 Policy decisions in education have changed drastically as a result of the recent threats to our international and national security In this timely and compelling collection authors discuss the significance of policy decisions on education systems and argue that all forms of violence including terrorism are often reproduced through education Authors incorporate case studies from a broad spectrum of countries to make a case for peace building alternatives and non military security cooperation Comparative Education Terrorism and Human Security will highlight education systems around the globe that sustain violence will bring together human security and preventive diplomacy research to predict future trends will explore foreign policy implications that could lead to non violent interventions abroad and will provide teachers and policymakers with relevant reflections on reform This book arrives at a time when many of us are wondering what education systems can do to eliminate perpetuate violence and will be the only one of its kind to address these questions on a global scale

Praetorians, Profiteers or Professionals? Michael J Montesano, Terence Chong, Prajak Kongkirati, 2020-12-23 Praetorians Profiteers or Professionals contributes to the ongoing renaissance in scholarship on Southeast Asia s armed forces and their political social and economic roles This renaissance comes in an era in which the states of the region and the societies and economies that they govern have grown complex beyond all

recognition Nevertheless understanding those states armies remains crucial Emphasizing the ideologies and economic activities of the militaries of two large Mainland Southeast Asian neighbours this volume transcends clichés about coups coercion caudillos and kings Its findings will challenge the thinking of even long time observers of the region not least through its comparative perspective and the fresh understanding of the roles and orientations of the armed forces of Myanmar and Thailand that that perspective suggests

The Cambridge History of Latin America Leslie Bethell, 1984 This is an authoritative large scale history of the whole of Latin America from the first contacts between native American peoples and Europeans in the late fifteenth and early sixteenth centuries to the present day

No Farewell To Arms? Claude Welch, 2019-04-11 In many contemporary nations particularly in Africa Asia and Latin America the armed forces play a major role in governing Historical economic and sociological factors have contributed to the political prominence of the military in developing countries Nevertheless in the 1980s several states in Latin America restored civilian rule followi

Politics in Francophone Africa Victor T. Le Vine, 2004 Explores the elements that have shaped the particular political dynamics of the 14 former French colonies in west and equatorial Africa while allowing them to remain part of a unique francophone sociopolitical community

War Termination as a Civil-Military Bargain Shawn T. Cochran, 2016-01-26 War termination reflects a civil military bargain and affects relevant decisions made by political leaders For the leader embroiled in protracted war this risk dictates whether he or she will commit more resources to the fight or else cut the state's losses and get out

Military Integration After Civil Wars Florence Gaub, 2010-09-13 This book examines the role of multiethnic armies in post conflict reconstruction and demonstrates how they can promote peacebuilding efforts The author challenges the assumption that multiethnic composition leads to weakness of the military and shows how a multiethnic army is frequently the impetus for peacemaking in multiethnic societies Three case studies Nigeria Lebanon and Bosnia Herzegovina determine that rather than external factors it is the internal structures that make or break the military institution in a socially challenging environment The book finds that where the political will is present the multiethnic military can become a symbol of reconciliation and coexistence Furthermore it shows that the military as a professional identity can supersede ethnic considerations and thus facilitates cooperation within the armed forces despite a hostile post conflict setting In this the book challenges widespread theories about ethnic identities and puts professional identities on an equal footing with them The book will be of great interest to students of military studies ethnic conflict conflict studies and peacebuilding and IR in general Florence Gaub is a Researcher and Lecturer at the NATO Defence College in Rome She holds a PhD in International Politics from Humboldt University Berlin

Eventually, you will certainly discover a supplementary experience and attainment by spending more cash. yet when? pull off you undertake that you require to acquire those every needs later than having significantly cash? Why dont you try to get something basic in the beginning? The Armed Bureaucrats Military Administrative Regimes And Political Development Introduction

Free PDF Books and Manuals for Download: Unlocking Knowledge at Your Fingertips In todays fast-paced digital age, obtaining valuable knowledge has become easier than ever. Thanks to the internet, a vast array of books and manuals are now available for free download in PDF format. Whether you are a student, professional, or simply an avid reader, this treasure trove of downloadable resources offers a wealth of information, conveniently accessible anytime, anywhere. The advent of online libraries and platforms dedicated to sharing knowledge has revolutionized the way we consume information. No longer confined to physical libraries or bookstores, readers can now access an extensive collection of digital books and manuals with just a few clicks. These resources, available in PDF, Microsoft Word, and PowerPoint formats, cater to a wide range of interests, including literature, technology, science, history, and much more. One notable platform where you can explore and download free The Armed Bureaucrats Military Administrative Regimes And Political Development PDF books and manuals is the internets largest free library. Hosted online, this catalog compiles a vast assortment of documents, making it a veritable goldmine of knowledge. With its easy-to-use website interface and customizable PDF generator, this platform offers a user-friendly experience, allowing individuals to effortlessly navigate and access the information they seek. The availability of free PDF books and manuals on this platform demonstrates its commitment to democratizing education and empowering individuals with the tools needed to succeed in their chosen fields. It allows anyone, regardless of their background or financial limitations, to expand their horizons and gain insights from experts in various disciplines. One of the most significant advantages of downloading PDF books and manuals lies in their portability. Unlike physical copies, digital books can be stored and carried on a single device, such as a tablet or smartphone, saving valuable space and weight. This

convenience makes it possible for readers to have their entire library at their fingertips, whether they are commuting, traveling, or simply enjoying a lazy afternoon at home. Additionally, digital files are easily searchable, enabling readers to locate specific information within seconds. With a few keystrokes, users can search for keywords, topics, or phrases, making research and finding relevant information a breeze. This efficiency saves time and effort, streamlining the learning process and allowing individuals to focus on extracting the information they need. Furthermore, the availability of free PDF books and manuals fosters a culture of continuous learning. By removing financial barriers, more people can access educational resources and pursue lifelong learning, contributing to personal growth and professional development. This democratization of knowledge promotes intellectual curiosity and empowers individuals to become lifelong learners, promoting progress and innovation in various fields. It is worth noting that while accessing free The Armed Bureaucrats Military Administrative Regimes And Political Development PDF books and manuals is convenient and cost-effective, it is vital to respect copyright laws and intellectual property rights. Platforms offering free downloads often operate within legal boundaries, ensuring that the materials they provide are either in the public domain or authorized for distribution. By adhering to copyright laws, users can enjoy the benefits of free access to knowledge while supporting the authors and publishers who make these resources available. In conclusion, the availability of The Armed Bureaucrats Military Administrative Regimes And Political Development free PDF books and manuals for download has revolutionized the way we access and consume knowledge. With just a few clicks, individuals can explore a vast collection of resources across different disciplines, all free of charge. This accessibility empowers individuals to become lifelong learners, contributing to personal growth, professional development, and the advancement of society as a whole. So why not unlock a world of knowledge today? Start exploring the vast sea of free PDF books and manuals waiting to be discovered right at your fingertips.

FAQs About The Armed Bureaucrats Military Administrative Regimes And Political Development Books

1. Where can I buy The Armed Bureaucrats Military Administrative Regimes And Political Development books?
Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
2. What are the different book formats available? Hardcover: Sturdy and durable, usually more expensive. Paperback: Cheaper, lighter, and more portable than hardcovers. E-books: Digital books available for e-readers like Kindle or software like Apple Books, Kindle, and Google Play Books.
