

THE ARMIES OF IGNORANCE

THE RISE OF THE AMERICAN
INTELLIGENCE EMPIRE

WILLIAM R. CORSON

The Armies Of Ignorance

Scott Anderson

The Armies Of Ignorance:

The Armies of Ignorance William R. Corson, 1977 The closing months of 1977 saw the beginning of the most important debate on the functions and future of American intelligence since the original National Security Act of 1947 signaled the rise of what has become an intelligence empire The Senate Intelligence hearings the Watergate revelations and the daily barrage of leaks and exposés about mind control and mail opening programs were merely a prelude to the struggle to reorganize and control the bewildering proliferation of agencies activities and responsibilities that make up the vital intelligence shield of this country *The Armies of Ignorance* is one of the most authoritative and important contributions to understanding what has gone on in the sprawling intelligence community and what must be done to ensure this country's real national security Part of the task is historical this book examines the entire history of American espionage from the Revolution to the present The more important and more difficult task is that of relating how the intelligence establishment has really functioned since the early days of the Second World War and how its unwritten law compares with Congressional mandates executive orders and the U S Constitution Book jacket

The Divine Guide in Early Shi'ism Mohammad Ali Amir-Moezzi, 2016-03-22 The Imam the Divine Guide is the central point around which the Shi'ite religion turns The power of Shi'ism comes from the actions of the Imam This title is reserved exclusively for the successors of the prophets in their mission The author shows that from the beginning of Shi'ite Islam until the tenth century the Imam was primarily a master of knowledge with supernatural powers not a jurist theologian The Imam is the threshold through which God and the creatures communicate He is thus a cosmic necessity the key and the center of the universal economy of the sacred The author presents Shi'ism as a religion founded on double dimensions where the role of the leader remains constantly central perpetual initiation into divine secrets and continued confrontation with anti initiation forces Without esotericism exotericism loses its meaning Early Imamism is an esoteric doctrine Historically then at the beginning of esotericism in Islam we find an initiatory mystical and occultist doctrine This is the first book to systematically explore the immense literature attributed to the Imams themselves in order to recover the authentic original vision It restores an essential source of esotericism in the world of Islam

[What is Shi'i Islam?](#) Mohammad Ali Amir-Moezzi, Christian Jambet, 2018-05-08 For the public at large Shi'ism often implies a host of confused representations suggesting more often than not obscurantism intolerance political violence and other ignominies running hot or cold in response to world events In fact for many people Shi'ism stands for radical Islam or worse Islamic terrorism In some respects nothing is more familiar than Shi'ism and yet nothing is more misunderstood For some twenty years the media have increased their coverage of the phenomenon Never or only rarely do they formulate the question we ask here what is Shi'ism What is this belief that inspires millions of people dispersed throughout the world This book provides a broad based introduction to Shi'i Islam It examines what the Shi'is believe how they see themselves and how they view the world It includes a thorough examination of doctrine philosophy the Shi'i approach to the Qur'an and the historical

evolution of Shi'ism as a branch of Islam Too often and too quickly the conclusion is drawn that Shi'ism is a marginal heretical sect fundamentally alien to the deeper truth of the great religion of Islam thrust by historical accident onto the political stage Shi'ism either speaks the truth of Islam meaning that it is a truth of terror or it is entirely foreign to Islam and therefore merits outright rejection as Islamic fundamentalists and some individuals repeatedly claim This book intends to explain why such common misunderstandings of Shi'ism have taken root Written in an accessible format and providing a thorough overview of Shi'ism this book will be an essential text for students and scholars of Islamic Studies or Iranian Studies

The Archaeologist was a Spy Charles Houston Harris, Louis R. Sadler, 2003 Sylvanus G Morley 1883 1948 is widely known as an influential Mayan archaeologist This intriguing book shows that he was arguably the greatest American spy of World War I Morley came to the attention of the Office of Naval Intelligence in 1916 when reports that German agents were establishing a Central American base for submarine warfare first surfaced Morley's field research provided the ideal cover for reconnoitering throughout the region He made several extended research intelligence gathering trips along the Caribbean coast of Central America starting in 1917 and forwarded detailed reports and maps to ONI While he found no noteworthy German activity his activities permit the authors of this book to reconstruct the way ONI identified recruited placed and debriefed field agents nearly 150 of whom many with academic ties were funneling data to ONI by the close of World War I In a final chapter Sadler and Harris extend the story of academic participation in intelligence work through the 1930s into the founding of Wild Bill Donovan's Office of Strategic Services OSS at the beginning of World War II

Ike's Spies Stephen E. Ambrose, 2012-01-17 This classic Cold War era history looks at the way President Dwight Eisenhower managed America's secret operations as general and as commander in chief and is based on privileged access to the president and his private papers from bestselling historian Stephen E Ambrose During his time in office Eisenhower projected the image of a genial bureaucrat but behind that public face he ran the most efficient espionage establishment in the world overseeing assassination plots the growth of the CIA and the overthrow of governments This book gives a behind the scenes look at some of the most ambitious secret operations in American history including the 1954 overthrow of Jacobo Arbenz Guzmán's government of Guatemala Operation AJAX which toppled Iran's Mossadegh and the U 2 flights over Russia Some of Ike's most conspicuous intelligence missteps are also discussed including the failure to predict the German attack during the Battle of the Bulge and the tragic encouragement of freedom fighters in Hungary Indonesia and Cuba Ike's Spies is indispensable to anyone interested in the development of America's Cold War spy operations

The Study of Shi'i Islam Gurdofarid Miskinzoda, Farhad Daftary, 2014-01-08 Shi'i Islam with its rich and extensive history has played a crucial role in the evolution of Islam as both a major world religion and civilization The prolific achievements of Shi'i theologians philosophers and others are testament to the spiritual and intellectual wealth of this community Yet Shi'i studies has unjustly remained a long neglected field despite the important contribution that Shi'ism has made to Islamic traditions Only in recent

decades partially spurred by global interest in political events of the Middle East have scholars made some significant contributions in this area The Study of Shi i Islam presents papers originally delivered at the first international colloquium dedicated exclusively to Shi i studies held in 2010 at The Institute of Ismaili Studies London Within the book are eight sections namely history the Qur an and its Shi i interpretations hadith law authority theology rites and rituals and intellectual traditions and philosophy Each section begins with an introduction contextualizing the aspects of studying Shi i Islam particular to its theme before going on to address topics such as the state of the field methodology and tools and the primary issues with which contemporary scholars of Shi i studies are dealing The scope and depth here covered makes this book of especial interest to researchers and students alike within the field of Islamic studies The volume benefits from the diverse expertise of nearly 30 world class scholars including Mohammad Ali Amir Moezzi Meir M Bar Asher Farhad Daftary Daniel De Smet Gerald R Hawting Nader El Bizri Etan Kohlberg Wilferd Madelung Andrew Newman Ismail K Poonawala Sabine Schmidtke and Paul E Walker

U. S. Army Special Warfare, Its Origins Alfred H. Paddock, Jr., 2002-04 Colonel Paddock traces the origins of Army special warfare from 1941 to 1952 the year the Armys special warfare center was established While the Army had experience in psychological warfare the major recent U S experience in unconventional warfare had been in the Office of Strategic Services a civilian agency during World War II Many army leaders trained and experienced in conventional warfare hesitantly accepted psychological warfare as a legitimate weapon in the Armys wartime arsenal but questioned the validity and appropriateness of the Armys adoption of unconventional operations The continuing tensions of the cold war and hostilities in Korea resolved the ambivalence in favor of coordinating in a single operation the techniques of both types of warfare Colonel Paddocks extensively documented work traces a portion of a brief episode in our Nations military history but an instructive one For the historian and military scholar it provides the necessary backdrop for understanding the subsequent evolution of the Armys special warfare capability For the national security policymaker it suggests the value of the innovative impulse and the need for receptivity to new ideas and adaptability to change John S Pustay Lieutenant General United States Air Force President National Defense University

U.S. Army Special Warfare Alfred H. Paddock, 2002 Paddock also includes new sections on American psychological warfare in the Pacific the Army Rangers the 1st Special Service Force and American led guerrillas in the Philippines

BOOK JACKET The Quiet Americans Scott Anderson, 2020-09-01 From the bestselling author of Lawrence in Arabia the gripping story of four CIA agents during the early days of the Cold War and how the United States at the very pinnacle of its power managed to permanently damage its moral standing in the world Enthralling captivating reading The New York Times Book Review At the end of World War II the United States was considered the victor over tyranny and a champion of freedom But it was clear to some that the Soviet Union was already seeking to expand and foment revolution around the world and the American government s strategy in response relied on the secret efforts of a newly formed CIA Chronicling the fascinating lives of four

agents Scott Anderson follows the exploits of four spies Michael Burke who organized parachute commandos from an Italian villa Frank Wisner an ingenious spymaster who directed actions around the world Peter Sichel a German Jew who outwitted the ruthless KGB in Berlin and Edward Lansdale a mastermind of psychological warfare in the Far East But despite their lofty ambitions time and again their efforts went awry thwarted by a combination of ham fisted politicking and ideological rigidity at the highest levels of the government

The Analytical Review, Or History of Literature, Domestic and Foreign, on an Enlarged Plan, 1796 Containing scientific abstracts of important and interesting works published in English a general account of such as are of less consequence with short characters notices or reviews of valuable foreign books criticisms on new pieces of music and works of art and the literary intelligence of Europe c **Philip Sidney and the Poetics of**

Renaissance Cosmopolitanism Robert E. Stillman, 2008 Offering a fresh interpretation of Philip Sidney s Defence of Poesy Robert E Stillman s intellectually ambitious study challenges traditional scholarship by identifying the impact of his education by the followers of Philip Melanchthon the so called Philippists on his poetics piety and politics Sidney created the first Renaissance text to argue for poetry s pre eminence as an autonomous form of knowledge in the public domain and its consequent power to promote cultural reform

The Oxford Handbook of Islamic Theology Sabine Schmidtke, 2016 Within the field of Islamic Studies scientific research of Muslim theology is a comparatively young discipline Much progress has been achieved over the past decades with respect both to discoveries of new materials and to scholarly approaches to the field The Oxford Handbook of Islamic Theology provides a comprehensive and authoritative survey of the current state of the field It provides a variegated picture of the state of the art and at the same time suggests new directions for future research Part One covers the various strands of Islamic theology during the formative and early middle periods rational as well as scripturalist To demonstrate the continuous interaction among the various theological strands and its repercussions during the formative and early middle period and beyond Part Two offers a number of case studies These focus on specific theological issues that have developed through the dilemmatic and often polemical interactions between the different theological schools and thinkers Part Three covers Islamic theology during the later middle and early modern periods One of the characteristics of this period is the growing amalgamation of theology with philosophy Peripatetic and Illuminationist and mysticism Part Four addresses the impact of political and social developments on theology through a number of case studies the famous mihna instituted by al Ma mun r 189 813 218 833 as well as the mihna to which Ibn Aqil d 769 1367 was subjected the religious policy of the Almohads as well as the shifting interpretations throughout history particularly during Mamluk and Ottoman times of the relation between Ash arism and Maturidism that were often motivated by political motives Part Five considers Islamic theological thought from the end of the early modern and during the modern period

A View of the Causes and Progress of the French Revolution. By John Moore .. A New Edition John Moore (M.D. Author of "Zeluco".), 1795

Spying on Americans Athan G. Theoharis, 1978 This book is a comprehensive history of the abuses of

the American domestic intelligence system from 1936 until May 1978 Drawing from the mountain of bureaucratic memos that Congressional committees and the Freedom of Information Act have pried loose the author traces the step by step expansion of the authority of the FBI and other agencies to investigate the loyalty of American citizens exercising their civil liberties In the process he also shows the daily Washington struggle of top level bureaucrats for power and programs from Publisher description *Reexamining the Eisenhower Presidency* Shirley A. Warshaw,1993-07-28 The most important book on the Eisenhower presidency in over a decade Warshaw s edited collection provides extensive new data to support the view of Eisenhower as an activist hands on involved president The volume focuses on how he used a hidden hand leadership style to direct not only policy development but crisis management With contributions from both historians and political scientists the work supports the current trend in revisionist literature on Eisenhower as an activist president *The War in the Far East, 1904-1905* Charles à Court Repington,1905 **Analytical Review** ,1796 Containing scientific abstracts of important and interesting works published in English a general account of such as are of less consequence with short characters notices or reviews of valuable foreign books criticisms on new pieces of music and works of art and the literary intelligence of Europe etc **United States Intelligence** Bruce W. Watson,Susan M. Watson,Gerald W. Hopple,1990 *A View of the Causes and Progress of the French Revolution* John Moore,1795 **A view of the causes and progress of the French Revolution** John MOORE (M.D., Author of "Zeluco.".),1795
