The Art Of Beingpsychic:

The Art of Being-- Psychic June-Ellen Laine, 2006 Psychic art is about contacting the creative source and thinking outside the box of our own limitations. This can lead to extraordinary results: the ability to paint portraits of people you don't know, indeed being able to draw and paint and compose without training. With the right tools and a clear sense of purpose, we can all develop our ability, learning to enter altered states at will to produce art that exceeds our normal expectations.

The Art of Psychic Reiki Lisa Campion, 2018-10-01 From master Reiki teacher Lisa Campion comes *The Art of Psychic Reiki*, a one-of-a-kind step-by-step guide for learning the sacred art of Reiki while cultivating the psychic and intuitive skills crucial to this healing energy work. Reiki is a gentle yet powerful hands-on energy healing method from Japan that's been gaining in popularity over the last century, not only with bodyworkers and massage therapists in the West but also with medical professionals who can attest to its healing power. Born from the author's decades of experience with Reiki healing and her own methods, *The Art of Psychic Reiki* provides everything you need to know about this healing art, including the critical psychic development and empathy training that prepares healers to go out and do the work they were meant to do. If you're drawn to the healing art of Reiki, you might be a highly sensitive person with high levels of empathy, intuition, and latent psychic abilities, a combination of intuition and inner knowing plus the ability to connect with higher wisdom. And since Reiki is a form of energy healing, many new practitioners may experience what's called a psychic opening as they learn or practice. For this reason, it's important that every Reiki practitioner master the ability to navigate their empathic and psychic sensitivities while engaged in this work, and this book can help. Whether you're new to Reiki or you're a practitioner seeking to deepen your knowledge and enhance your skills with this guide, you'll learn how to use Reiki to heal yourself and others, cultivate and trust your natural intuition, develop your empathic and psychic abilities, work with your spirit guides, and ground and protect yourself as a practitioner of this sacred healing art.

I'm Still With You Carole J. Obley, 2010-05-11 A collection of compelling true stories of after-death communication from the experiences of psychic medium Carole J. Obley. These inspiring examples open our hearts and minds by convincingly demonstrating how contact with the spirit world can be a catalyst in healing grief. We are uplifted and comforted by realizing that the challenges we face in life can be positively transformed by the magnificent strength of undying love.

Jung's Reception of Picasso and Abstract Art Lucinda Hill,2022-03-31 This book explores the nature of Jung s understanding of modern art in particular his reception to the work of Picasso and his striking prejudice shown in his controversial essay of 1932 Offering an important contribution towards understanding Jung s attitudes towards Picasso and modern art the book addresses the impact that Jung s unwillingness to engage in a deeper exploration of modern artforms had on the development of his psychological ideas It explores and uncovers the reasons for Jung s derogatory view of Picasso and abstract art more generally revealing how Jung was unable to remain objective due to his own complex and equally fascinating relationship with art and the psychology of image making The book argues that modern art parallels Jung s interests by embracing the spirit of experimentation and using new imagery to challenge creative conceptions which makes Jung s attitudes towards modern art all the more surprising Jung s Reception of Picasso and Abstract Art will be of great interest to researchers academics and those interested in analytical psychology Jungian studies art history and modernism aesthetics and psychoanalysis
