Targeting computer oriented graphic artists

Hayden Scott Baron breaks down manga style components to allow readers to develop their own personal styles while creating romantic bishoujo heroines traditional samurai warriors futuristic robots and fantastic space pirates among others

Action Motion Hazel Monroe,AI,2025-03-10

Action Motion dives into the art of creating dynamic visuals a crucial skill for artists in comic art illustration and animation

The book reveals how static images can convey intense speed and power through the strategic use of motion lines impact effects and pose exaggeration

By mastering these elements artists can elevate their visual storytelling and captivate audiences

The book s unique value lies in its practical approach breaking down complex techniques into actionable steps

For example motion lines are not just simple streaks but communicate speed direction and force

Similarly exaggerated poses though seemingly unrealistic heighten drama and emphasize physical

exertion Action Motion progresses logically starting with fundamental principles and dedicating sections to motion lines impact effects and pose exaggeration culminating in case studies of successful action sequences This comprehensive guide also explores how digital tools can enhance these techniques It emphasizes the interplay of these elements providing a deeper understanding of their individual functions and how they contribute to the overall dynamism of a scene The book s insights extend beyond comics offering valuable lessons for animators filmmakers and graphic designers seeking to infuse their work with dynamic energy Library Journal ,2006 Includes beginning Sept 15 1954 and on the 15th of each month Sept May a special section School library journal ISSN 0000 0035 called Junior libraries 1954 May 1961 Also issued separately
