 Literature of Hawaii The Sacred Songs of the Hula 1909 is a collection of hulas and essays by Nathaniel B Emerson
 Translating previously unwritten songs interviewing native Hawaiians and consulting the works of indigenous historians
 Emerson provides an entertaining and authoritative look at one of Hawaii s most cherished traditions For an account of the
 first hula we may look to the story of Pele On one occasion that goddess begged her sisters to dance and sing before her but
 they all excused themselves saying they did not know the art At that moment in came little Hiiaka the youngest and the
 favorite When banteringly invited to dance to the surprise of all Hiiaka modestly complied The wave beaten sand beach was
 her floor the open air her hall Feet and hands and swaying form kept time to her improvisation As an American born in
 Hawaii who played a major role in the annexation of the islands as an author of the 1887 Constitution of the Hawaiian
 Kingdom Emerson likely saw himself as a unifying figure capable of interpreting for an English speaking audience the
 ancient and sacred tradition of the hula a Polynesian dance often accompanied with instruments and chanting or singing
 Combining critical analysis with samples of popular hulas in both Hawaiian and English Emerson works to preserve part of
 the rich cultural heritage of the Hawaiian Islands With a beautifully designed cover and professionally typeset manuscript
