The Elijah Years

Frank de Ruyter

The Elijah Years:

3 1/2 Years , *Samuel, Kings, Chronicles, Ezra-Nehemiah* Athalya Brenner-Idan, Gale A. Yee, 2021-07-29 This volume brings together disparate views about biblical texts in the books of Samuel Chronicles and Ezra Nehemiah and examines their influence in the life of contemporary communities demonstrating how today s environments and disorders help readers to acquire new insights into such texts The contributing scholars hail from different continents from East Asia to the United States to Europe to South Africa and Israel and count themselves as members of various Jewish and Christian traditions or secularist ways of life But in spite of their differences in location and community membership and perhaps in the spirit of the times 2020 and its global discontents they share preoccupations with questions of ethics in politics and life proper death violence and social exclusion or inclusion This volume offers readers a better understanding of how politics and faith can be melded both in ancient and contemporary contexts to serve the interests of certain classes and societies often at the expense of others

The Next Thirteen Years Frank de Ruyter, 2013-11-14 *Next Thirteen Years* started with the question of how the Mayan Calendar date of 21 December 2012 might be connected to Christian apocalyptic expectations for the end of this age A certain amount of paranoia was no doubt produced by the

unexpected destruction of much of my hometown Christchurch through a number of earthquakes that struck throughout 2011 during the year of the super Moon The 2011 Japan tsunami came soon after and these disasters seemed to be leading into 2012 when NASA was also anticipating dangerous solar flares Many thought the government knew something that the rest of us did not and wild speculation broke out on YouTube from 2011 onwards fed by the massive underground bunker building programs and the arming of FEMA camps all across the United States Huge stock piling of food in these bunkers throughout 2013 is not helping to calm public nerves Financial prognosticators have also foreseen an imminent collapse and the picture being drawn is almost apocalyptic expressing a readiness for cosmic disaster or war on American soil My own beliefs anticipate critical events from 2026 to 2030 which is when I think the final great Antichrist will be upon us who will appear with the overthrow of Jerusalem The thirteen year gap from 2013 to 2026 is of the right length to suggest the next thirteen years could be the period of apostasia rebellion that Paul speaks of as preceding this great Man of Sin whom Christ must destroy at his return What governments are doing now can easily be read as preparation for the collapse of society perhaps with the aim of building a New World Order from the ashes ruling over whoever is fortunate enough to survive what is about to come Plans to cull population may also be brought to fruition in this great set of events about to take place upon the Earth In setting the plan of the elitists alongside what I think will transpire from 2026 onwards I lay before the reader what I think the Next Thirteen Years may hold for us Year Book of the Central Conference of American Rabbis ,1922

Year Book of the Central Conference of American Rabbis Central Conference of American Rabbis,1922 Containing the proceedings of the convention **VOLUME II THE CREATION OF MORMONISM: JOSEPH SMITH JR. IN THE 1820S** JOHN J HAMMOND,2011-07-27 This is Volume II of an epic multi volume work entitled The Quest for the New Jerusalem A Mormon Generational Saga which combines family Mormon and American history focusing upon how the author s ancestors were affected by their conversion to the Mormon religion In Volume I four of the author s ancestral families the Carters Hammonds Knowltons and Spencer s and the ancestors of Mormon Church founders Joseph Smith and Brigham Young are followed from the time they enter the Massachusetts Bay Colony in New England in the 1600s down to the early 1800s Their private lives are described as well as how they are affected by such events and situations as King Philip s War the Salem Witch Trials the institution of black slavery the French and Indian War and the American Revolution Toward the end of Volume I the focus is upon Joseph Smith and his family including their move from Vermont to western New York their religious and magic world views the latter involving astrology ritual magic and treasure seer and treasure digging activities Volume II takes up the narrative at about the year 1820 and involves a detailed comprehensive and critical look at the events in the life of Joseph Smith Jr during the decade in which he purportedly was visited by numerous heavenly messengers received the golden plates translated the writing on the plates to produce the Book of Mormon received priesthood authority from other heavenly messengers published the Book of Mormon and organized the Mormon LDS Church Making use of the

most recent historical research the author tackles the controversial issues surrounding the First Vision the supposed appearance to Joseph Jr of God the Father and his Son Jesus Christ in 1820 the Second Vision 1823 to 1827 which produced the Book of Mormon and the Third Vision late 1820s or early 1830s which involved the restoration of priesthood authority The author looks at original sources documents and also compares the perspectives of major loyal Mormon non Mormon and ex Mormon scholars on these controversial questions There is a discussion of the serious lack of congruence between how Joseph Smith Jr described these events officially after 1837 and what was being said by the Smith family their neighbors early Mormon converts and by newspaper accounts during the 1820s and early 1830s There is for example no mention of a First Vision for at least twelve years after it supposedly occurred and there are several conflicting versions of it by Joseph Jr in the 1830s once he started talking about it Primary focus however is upon what the author collectively calls the Second Vision which purportedly involved multiple visitations by an angel spirit between 1823 and 1827 It was from this heavenly messenger that Joseph Jr obtained golden plates and the Book of Mormon was he maintained a translation by him of the ancient American writings on these plates There is a thorough examination of the complex and contentious issues surrounding the origin of the Book of Mormon and several chapters look closely at the evidence regarding its authenticity the question whether it was written by Joseph Jr or by ancient American prophets scribes The author also thoroughly discusses the testimony in the Book of Mormon of the Three Witnesses and Eight Witnesses and offers an alternative narrative regarding what really transpired with Joseph Jr during the 1820s Later in Volume II several chapters look at how Mormon Church organization went through a significant evolution during its earliest years moving against the American democratic grain toward an increasingly centralized authoritarian structure There is a detailed look at Joseph Jr s claims regarding a restoration of priesthood authority during the late 1820s and early 1830s and the considerable controversy
