A Gathering of Rivers Lucy Eldersveld Murphy, 2004-06-01 In *A Gathering of Rivers* Lucy Eldersveld Murphy traces the histories of Indian multiracial and mining communities in the western Great Lakes region during the eighteenth and early nineteenth centuries. For a century the Winnebagos, Ho Chunks, Mesquakies, Fox, and Sauks successfully confronted waves of French and British immigration by diversifying their economies and commercializing lead mining. Focusing on personal stories and detailed community histories, Murphy charts the changed economic forces at work in the region, connecting them to shifts in gender roles and intercultural relationships. She argues that French, British, and Native peoples forged cooperative social and economic bonds expressed partly by mixed race marriages and the emergence of multiethnic communities at Green Bay and Prairie du Chien. Significantly, Native peoples in the western Great Lakes region were able to adapt successfully to the new frontier market economy until their lead mining operations became the envy of outsiders in the 1820s.

Sioux Slave Georgina Gentry, 2014-05-16 Georgina Gentry's historical romances are filled with fiery passion that is impossible to resist or forget. She brings to life the exciting history and traditions of the American Indian in a way that makes her characters live forever in our imaginations and our hearts. *SIOUX SLAVE*: Widowed on her wedding day, Kimimila swore vengeance on the blue coats who had slain her betrothed. So when the village elders placed the fate of their yellow-haired captive in her hands, the beautiful Sioux maiden eagerly accepted the honor. But as she looked into her prisoner's sky-blue eyes, she could not find it in her heart to slay him. For what she felt for him was not the passion of hatred but the desire a woman feels for the man who has stolen her heart and soul. Though he should have been her enemy, he soon became her lover. And as the heat of their desire burned through the Dakota nights, Kimimila found her destiny in her white warrior's embrace.

Bonds of Alliance Brett Rushforth, 2013-06-01 In the seventeenth and eighteenth centuries, French colonists and their Native allies participated in a slave trade that spanned half of North America, carrying thousands of Native Americans into bondage in the Great Lakes, Canada, and the Caribbean. In *Bonds of Alliance*, Brett Rushforth reveals the dynamics of this system from its origins to the end of French colonial rule. Balancing a vast geographic and chronological scope with careful attention to the lives of enslaved individuals, this book gives voice to those who lived through the ordeal of slavery and along the way shaped French and Native societies. Rather than telling a simple story of colonial domination and Native victimization, Rushforth argues that Indian slavery in New France emerged at the nexus of two very different forms of slavery: one indigenous to North America and the other rooted in the Atlantic world. The alliances that bound French and Natives together forced a century-long negotiation over the nature of slavery and its place in early American society. Neither fully Indian nor entirely French, slavery in New France drew upon and transformed indigenous and Atlantic cultures in complex and surprising ways. Based on thousands of French and Algonquian language manuscripts archived in Canada, France, the United States, and the Caribbean, *Bonds of Alliance* bridges the divide between continental and Atlantic approaches to early

American history By discovering unexpected connections between distant peoples and places Rushforth sheds new light on a wide range of subjects including intercultural diplomacy colonial law gender and sexuality and the history of race

concerns and that take up the question of how Native peoples can define and assert their own social cultural and legal political forms of living being and belonging within the settler colonial order Placing novels in conversation with nonfiction writings Native Removal Writing ranges from texts produced in response to the legal and political struggle over Cherokee Removal in the late 1820s and 1830s to works written by African Native writers dealing with the freedmen disenrollment crisis to contemporary speculative fiction that links the appropriation of Native intangible property culture with the earlier dispossession of their real property land In close contextualized readings of John Rollin Ridge John Milton Oskison Robert J Conley Diane Glancy Sharon Ewell Foster Zelda Lockhart and Gerald Vizenor as well as politicians and scholars such as John Ross Elias Boudinot and Rachel Caroline Eaton Meyer identifies the links these writers create between historical past narrated present and political future Native Removal Writing thus testifies to both the ongoing power of Native Removal writing and its significance as a critical practice of resistance

Challenges on the Emmaus Road T. Felder Dorn, 2021-11-25 While slavery and secession divided the Union during the American Civil War they also severed the Northern and Southern dioceses of the Protestant Episcopal Church In *Challenges on the Emmaus Road* T Felder Dorn focuses on the way Northern and Southern Episcopal bishops confronted and responded to the issues and events of their turbulent times Prior to the Civil War Southern bishops were industrious in evangelizing among enslaved African Americans but at the same time they supported the legal and social aspects of the peculiar institution Southern and Northern bishops parted company over the institution of slavery not over the place of blacks in the Episcopal Church As Southern states left the Union Southern dioceses separated from the Episcopal Church in the United States The book's title was inspired by the Gospel of Luke 24 13 35 in which the resurrected Jesus Christ walked unrecognized with his disciples and discussed the events of his own crucifixion and disappearance from his tomb Dorn perceives that scriptural episode as a metaphor for the responses of Episcopal bishops to the events of the Civil War era Dorn carefully summarizes the debates within the church and in secular society surrounding the important topics of the era In

doing so he lays the groundwork for his own interpretations of church history and also provides authentic data for other church scholars to investigate such topics as faith and doctrine evangelism and the administrative history of one of the most important institutions in America Dorn devotes the final chapters to the postwar reunification of the Episcopal Church and Southern bishops involvement in establishing the Commission on Freedmen to offer help with the educational and spiritual needs of the recently emancipated slaves

Riversioux Peccary The Peccary, The Peccary, 2005-09 The author's search for his roots leads down paths unimagined or intended The ensuing saga cuts a swath through frontier America an America still young and yet unafraid Great rewards are visible and attainable for an individual possessing raw courage and luck Young Alanson Baker absolutely possesses courage and for awhile luck but alas luck is fickle Like his young nation Alanson triumphs at times and at times suffers the wrenching pain of defeat This is the entwined tale of a nation and a man testing their conscience and their will to survive Alanson although not great walked amongst the greats and was apart to great events unfortunately not all great events are laudable In time history separates the good from the bad Unfortunately this process usually comes to fruition only when both the conquering and conquered societies have long perished In this tale The Peccary attempts to tell the story of pioneer America from an interested but non judgmental perspective Likely some will be offended by this perspective of history while others may applaud both reactions please the Peccary

The Killing Age Clifton Crais, 2025-11-14 A bracing account of how our current planetary crisis emerged from the worst cataclysmic destruction in human history which Clifton Crais terms the Mortecene the killing age We are used to speaking of the Anthropocene and the outsized impact humans have had on the planet But we sometimes lose sight of a fundamental truth at the heart of modern world history the legacy of human predation slavery and imperialism that has devastated the natural world and led us to our present moment As historian Clifton Crais shows in this magisterial work the period that we most associate with human progress which gave us the Enlightenment the rise of democracies the Industrial Revolution and more was at the same time catastrophically destructive In this bracing landmark book Crais urges us to view the growth of global capitalism between 1750 and the early 1900s not as the Anthropocene but as the Mortecene the Killing Age Killing brought the world together and tore it apart as profiteering warlords committed mass scale slaughter of humans and animals across Africa Asia and the Americas The newfound ease and profitability of killing created a disturbing network of global connections and economies eliminating tens of millions of people and sparking an environmental crisis that remains the most urgent catastrophe facing
