Corps Commander Brian Horrocks, Eversley Michael Gallimore Belfield, Hubert Essame, 1977* **Brian Horrocks** Philip Warner, 2014 Often described as Britain s answer to Rommel the charismatic and courageous Sir Brian Horrocks was one of the most successful field commanders of the Second World War much of which he spent working with Montgomery His tireless drive and brilliance were admired and respected not only by Montgomery but by very many around him Philip Warner once again shows us the man behind the image in his own revealing and engaging way Tracing his journey from youth through the hurdles and troubles of World War I to his brilliant campaigns in North Africa and Europe in the Second World War that helped to throw off the terrible scourge of Nazism The book shows how Horrocks could achieve so much by his brilliant handling of the forces under him into a fearsome fighting unit **Army**, 1978 *The British Way in Warfare:*

Power and the International System, 1856-1956 Keith Neilson, 2016-03-16 In his groundbreaking book *The British Way in Warfare* Routledge 1990 David French outlined the skillful combination of maritime economic and diplomatic power employed by Britain to achieve its international goals Almost two decades later this collection offers a reassessment of French's thesis using it as a lens through which to explore Britain's relationship with various kinds of power military and civil and how this was employed across the globe In particular each essay addresses the ways in which the use of power manifested itself in the maintenance of Britain's place within the international system between 1856 and 1956 Adopting twin methodologies the collection firstly addresses the broad question of Britain's relationship with other Great Powers and how these influenced the strategies used before then testing these with specific case studies By taking this approach it is possible to discern which policies were successful and which failed and whether these remained constant across time and space Measuring Britain's strategy against her commercial imperial and military competitors including France the USA Italy Germany and Russia allows intriguing conclusions to be drawn about just how an essentially maritime power could compete with much larger and potentially more powerful continental rivals With contributions from an outstanding selection of military scholars this collection addresses fundamental questions about the intersection of military economic and diplomatic history that are as relevant today as they were during the height of Britain's imperial power It will prove essential reading not only for those with an interest in British military history but for anyone wishing to understand how power in all its multifaceted guises can be employed for national advantage on the international stage

Military Review, 1985 First Polish Armoured Division 1938-47 Evan McGilvray, Janusz Jarzembowski, 2022-07-20 If the Polish armed forces are of interest to you this title covering their distinguished service during World War II should appeal to many Armorama The First Polish Armored Division was formed in Scotland in February 1942 from Polish exiles who had escaped first Poland and then France Its commander Stanislaw Maczek and many of its men had previously served in Polish 10th Motorized Cavalry Brigade 10 BKS which had taken part in the Polish invasion of Czechoslovakia in 1938 and given a good account of itself in the defense of Poland against German and Soviet invasion of 1939 Under Maczek's leadership the division was trained and equipped along British lines in preparation for the invasion of France Attached to 1st Canadian Army the division was sent to Normandy in late July 1944 It suffered heavily during Operation Totalize but went on to play a crucial role in preventing an orderly German withdrawal from the Falaise Pocket by its stand at Hill 262 They then played their part in the advance across Western Europe and into Germany This detailed history supported by dozens of archive photos concludes by looking at the often poor treatment of Maczek and his men after the war A Polish armoured division comprising volunteers from Polish refugees it reads like a story from the Boys Own Paper Astonishing Books Monthly

The Guns of Normandy George Blackburn, 2012-03-26 In the weeks after D Day the level of artillery action in Normandy was unprecedented In what was a relatively small area both sides bombarded each other relentlessly for three months each trying to overwhelm the other by

sheer fire power The Guns of Normandy puts the reader in the front lines of this horrific battle In the most graphic and authentic detail it brings to life every aspect of a soldier s existence from the mortal terror of impending destruction to the unending fatigue to the giddy exhilaration at finding oneself still inexplicably alive The story of this crucial battle opens in England as the 4th Field Regiment receives news that something big is happening in France and that after long years of training they are finally going into action The troop ships set out from besieged London and arrive at the D Day beaches in the appalling aftermath of the landing What follows is the most harrowing and realistic account of what it is like to be in action as the very lead man in the attack an artillery observer calling in fire on enemy positions The story unfolds in the present tense giving the uncomfortably real sense that You are here The conditions under which the troops had to exist were horrific There was near constant terror of being hit by incoming shells prolonged lack of sleep boredom weakness from dysentery sudden and gruesome deaths of close friends and severe physical privation and mental anguish And in the face of all this men were called upon to perform heroic acts of bravery and they did Blackburn provides genuine insight to the nature of military service for the average Canadian soldier in the Second World War something that is all too often lacking in the accounts of armchair historians and television journalists The result is a classic account of war at the sharp end From the Hardcover edition *Corps Commander*, by Sir B. Horrocks with E. Belfield and Major-General H. Essame Sir Brian Gwynne Lieut-general Horrocks,1977 **The Devil's Bridge** Anthony Tucker-Jones,2020-06-25 This fascinating title offers a new look at Operation Market Garden and the Arnhem campaign from the perspective of the German forces who defended against the Allies In the late summer of 1944 SS Obergruppenführer Wilhelm Willi Bittrich found himself in the Netherlands surveying his II SS Panzer Corps which was in a poor state having narrowly escaped the defeat in Normandy He was completely unaware that his command lay directly in the path of a major Allied thrust the 17 September 1944 launch of the largest airborne and glider operation in the history of warfare Codenamed Operation Market Garden it was intended to outflank the German West Wall and bounce the Rhine at Arnhem from where the Allies could strike into the Ruhr Nazi Germany s industrial heartland Such a move could have ended the war However Market Garden and the battle for Arnhem were a disaster for the Allies Put together in little over a week and lacking in flexibility the operation became an all or nothing race against time The plan to link the airborne divisions by pushing an armoured division up a sixty five mile corridor was optimistic at best and the British drop zones were not only too far from Arnhem Bridge but also directly above two recuperating SS Panzer divisions The Devil s Bridge explores the operation from the perspective of the Germans as renowned historian Anthony Tucker Jones examines how they were able to mobilise so swiftly and effectively in spite of depleted troops and limited intelligence World War II in Europe David T. Zabecki,2015-05-01 World War II defined the 20th century and shaped many events from the decolonization of Africa to the rise and fall of the Berlin Wall This encyclopedia offers a focused overview of this complex and volatile era the circumstances that led up to war the underlying causes its unfolding and

The Long Left Flank Jeffery Williams, 1988-09-26 When in August 1944 the Allies broke out of Normandy the world's attention became fixed on the dramatic British and American armoured thrusts into the Rhine The war in Europe seemed all but over Far to the left along the flank of the Allied Expeditionary Force almost unnoticed a battle was beginning on whose outcome hung not only victory but the possibility of disaster Under strength neglected by Montgomery and denied by Eisenhower the supposed which he had promised First Canadian Army paid an appalling price in casualties to clear the Channel coast and open up the great port of Antwerp Commanded by General Harry Crerar the army contained not only Canadians but for most of the campaign more British troops than the Eighth Army at Alamein Poles Americans Dutch Belgians Czechs and French served in it and were partnered in all their operations by the equally international No 84 Group RAF Their hard won success in clearing the banks of the Scheldt and in capturing Walcheren Island was followed four months later by victory in the Rhineland There with almost every one of Montgomery's British Divisions under command they smashed the best of what remained of the German Army and with it Hitler's last hope of defending the Rhine The way was open for the Allies into the heart of the Reich In the war's final phase most of Crerar's British divisions were replaced with by Canadian formations newly arrived from their arduous campaign in Italy Striking north and west after crossing the Rhine they liberated Holland and drove eastward into the heavily defended area of Germany At war's end they had reached the Weser and were closing on the great naval bases of Emden and Wilhelmshaven Jeffery Williams won wide acclaim for his definitive biography Viscount Byng of Vimy He brings the same assured touch to this lively and fast moving account of a crucial aspect of the battle for North West Europe which has hitherto been largely neglected by historians

The Marine Corps Gazette ,1979 A British Education Control Officer in Occupied Germany, 1945-1949 David Phillips,2023-11-30 Edward Aitken Davies 1899 1981 served as an Education Control Officer in the British Zone of occupied Germany from the early summer of 1945 until December 1949 He thus experienced the implementation of policy in the Zone from the very beginnings of the occupation until the founding of the Federal Republic of Germany in 1949 During the period 1945 to 1947 he wrote weekly letters home to his mother Those letters together with the many speeches he gave in Germany during his time as a leading British officer in the Hanover region have not hitherto been available to researchers but can now be made accessible in edited form The letters are placed in the context of developments in British policy and with explanatory notes on the detail Taken together his letters and other documents provide insights into the day to day lives of the impressive group of individuals who oversaw the development of education in Germany from post war chaos to the reform and stability which restored the education system of the country to a pre eminent status in Europe Monty and the Canadian Army John A. English,2021-10-01 General Bernard Law Montgomery affectionately known as Monty exerted an influence on the Canadian Army more lasting than that of any other Second World War commander In 1942 he assumed responsibility for the exercise and training of Canadian formations in England and by the end of the war Canada s field army was second to none in the practical exercise of combined arms In Monty and the Canadian Army John A English analyses the way Montgomery s operational influence continued to permeate the Canadian Army For years the Canadian Army remained a highly professional force largely because it was commanded at almost every lower level by Monty men steeped in the Montgomery method The era of the Canadian Army headed by such men ceased with the integration and unification of Canada s armed forces in 1964 The embrace of Montgomery by Canadian soldiers stands in marked contrast to largely negative perceptions held by Americans Monty and the Canadian Army aims to correct such perceptions which are mostly superficial and more often than not wrong and addresses the anomaly of how this gifted general one of the greatest field commanders of the Second World War managed to win over other North American troops *A Thoroughly Canadian General* Paul Douglas Dickson,2007-01-01 General H D G Harry Crerar 1888 1965 was involved in or directly responsible for many of the defining moments of Canadian military history in the twentieth century In the First World War Crerar was nearly killed at the second battle of Ypres was a gunner who helped to secure victory at Vimy Ridge and was a senior staff officer during the pivotal battles of the last Hundred Days During the Second World War he occupied and often defined the Canadian army s senior staff and operational appointments including his tenure as commander of First Canadian Army through the northwest European campaign Despite his pivotal role in shaping the Canadian army however General Crerar has been long overlooked as a subject of biography In *A Thoroughly Canadian General* Paul Douglas Dickson examines the man and his controversial place in Canadian military history arguing that Crerar was a nationalist who saw the army as an

instrument to promote Canadian identity and civic responsibility From his days as a student at the Royal Military College in Kingston to his role as primary architect of First Canadian Army the career of General H D G Crerar is thoroughly examined with a view to considering and reinforcing his place in the history of Canada and its armed forces Professional Journal of the United States Army ,1985
