Byrnes, 2011-08-17 Many Catholic priests nuns and brothers in the United States take a strong interest in US policies that affect their brothers and sisters abroad In fact when the policies of their native government pose significant dangers to their people internationally these US citizens engage actively in a variety of political processes in order to protect and advance the interests of the transnational religious communities to which they belong In this provocative examination of the place of religion in world politics Timothy A Byrnes focuses on three Catholic communities Jesuit Maryknoll and Benedictine and how they seek to shape US policy in El Salvador

Nicaragua and Mexico Based on years of fieldwork and on the ground interviews Reverse Mission details the transnational bonds that drive the political activities of these Catholic orders This fascinating book reveals how the men and women of these orders became politically active in complex and sometimes controversial causes and how ultimately they exert a unique influence on foreign policy that is derived from their communal loyalties rather than any ethnic or national origin **The Green City** DJ Willie,2011-02-14 This book tells the story of a city that mirrors the mythical city of Enoch The Green City Readers will explore a new place in the world where a community lives on next to nothing as far as money is concerned They call it The Green City and the people living in that place work for each other for the city for their families for the state and for their country Everyone puts in a little time in caring for their food They all work together as one large family and they make strong friendships and bonds It is an amazing living city that invites everyone to visit for a time and they may never want to return to where they come from But how this city comes to exist and what mystery lies behind it More surprises await everyone as the whole story unfolds Through The Green City readers will find some thoughts that could change lives economically and financially help to solve frustration stress weight and mental issues and find happiness and enlightenment
