Situation In China:

China Review ,1923 Legal Issues for Implementing the Clean Development Mechanism in China Xiaoyi

Jiang,2012-08-13 Today climate change is among the most hotly debated topics The Clean Development Mechanism CDM one of the three financial mechanisms under the Kyoto Protocol open to developing and developed countries was devised to assist in mitigation of global warming This book discusses what China should do to make full use of the CDM to promote sustainable development and to meet the challenge of climate change from a legal perspective The findings lead to the conclusion that the CDM has limitations in promoting sustainable development in China and thus should be regarded only as a complementary instrument in combating climate change Legal strategies for improving the implementation of CDM projects under the legal framework in China are thus put forward and some proposals for China to meet the challenge of climate change in the post 2012 era are made This book offers new insights to academics and policymakers both in the public and private sector It is intended for legal practitioners and researchers on carbon trading as well as policymakers interested in the role of developing countries in climate change law In addition it is of interest to stakeholders of CDM projects

Work Safety Regulation in China Jie Gao,2022-03-31 Fatality quotas implemented in China s industrial section and local governments are being used to promote work safety and therefore reducing the number of work related deaths Given the controversial nature of this policy Gao analyzes how the fatality quotas are functioning to aid the country in balancing economic growth and social stability The book also examines significant implications caused of this policy s implementation in the local regions and reveals how local officials attempt to handle these problems This is the first book to systematically examine the role of death indicators in work safety improvement in contemporary China revealing insight into Beijing s quota oriented approach to policy making Foreign Relations of the United States United States. Department of State,1944

China's Soil Pollution and Degradation Problems Claudio O. Delang,2017-05-18 China s air pollution is infamous The haze can make it impossible to see buildings across the street and the pollution forces schools to close and creates health and morbidity problems in addition to tremendous environmental degradation However China also faces another important environmental problem which is less well known to the public that of soil degradation and pollution This book provides an overview of the problems related to soil degradation and pollution throughout China examining how and why current policy has fallen short of expectation It also examines the challenges faced by policy makers as they attempt to adopt sustainable practices alongside a booming and ever expanding economy China s Soil Pollution and Degradation Problems utilizes grey literature such as newspaper articles NGO reports and Chinese government information alongside academic studies in order to provide an extensive review of the challenges faced by grassroots organizations as they tackle environmental policy failings throughout China This book will be of great interest to students of environmental pollution and contemporary Chinese studies looking for an introduction to the topics of soil pollution and soil degradation and for researchers looking for

an extensive list of sources and analysis of China's environmental problems more broadly

Rising China and World Order Yunling Zhang, 2010 Contains the author's writings on China's perspective and policy with regard to its foreign relations and engagement of regional and global affairs This book covers issues ranging from the post Cold War world order China-US relations the North Korean nuclear crisis and China's policy and China's relations with its neighbors in a fresh context

Hollywood's Representations of the Sino-Tibetan Conflict J. Daccache, B. Valeriano, 2012-12-05 Using film as a lens through which we can witness the global transformations in politics economy culture and communication this book analyzes Hollywood's shift in its depictions of China and Tibet

Donald J. Trump and China John Franklin Copper, 2019-08-12 In Donald J Trump and China John Franklin Copper examines President Trump's views of China that developed before and after he entered office As a businessman and witness to US politics and foreign policy Trump realized China was the most important country in the world to the United States He also recognized that one of the key difficulties in American trade policy was the imbalance between the United States and China Copper argues that Trump blamed previous US policy makers for the disparity and was determined to rectify the imbalance Trump undertook formulating a new China policy in spite of non supporters in the Democratic Party the media academia and Hollywood Donald Trump accepted China's rise as an economic power and felt he could negotiate with President Xi to construct a positive relationship that would benefit both countries save the global financial system curb nuclear proliferation and save the environment Ultimately Copper asserts that Trump knew a constructive relationship with China would be challenging however he also understood that this is the nature of big power politics and that strategic negotiations and realism would ensure peace between these two powerful countries
