Throughout Dary keeps us informed of developments in the East and their influence on events in the West among them the building of the transcontinental railroad and the efforts of the far western settlements to become U S territories and eventually states Above all The Oregon Trail offers a panoramic look at the romance colorful stories hardships and joys of the pioneers who made up this tremendous and historic migration So Rugged and Mountainous Will Bagley, 2012-10-09 The story of America's westward migration is a powerful blend of fact and fable Over the course of three decades almost a million eager fortune hunters pioneers and visionaries transformed the face of a continent and displaced its previous inhabitants The people who made the long and perilous journey over the Oregon and California trails drove this swift and astonishing change In this magisterial volume Will Bagley tells why and how this massive emigration began While many previous authors have told parts of this story Bagley has recast it in its entirety for modern readers Drawing on research he conducted for the National Park Service's Long Distance Trails Office he has woven a wealth of primary sources personal letters and journals government documents newspaper reports and folk accounts into a compelling narrative that reinterprets the first years of overland migration Illustrated with photographs and historical maps So Rugged and Mountainous is the first of a projected four volume history Overland West The Story of the Oregon and California Trails This sweeping series describes how the Road across the Plains transformed the American West and became an enduring part of its legacy And by showing that overland emigration would not have been possible without the cooperation of Native peoples and tribes it places American Indians at the center of trail history not on its margins A Preliminary Check List of Missouri Imprints, 1808-1850 Westering Women and the Frontier Experience, 1800-1915 Sandra L. Michael L. Tate, 2014-10-22 Between 1841 and 1866 more than 500 000 people followed trails to Oregon California and the Salt Lake Valley in one of the greatest mass migrations in American history This collection of travelers accounts of their journeys in the 1840s the first volume in a new series of trail narratives comprises excerpts from pioneer and missionary letters diaries journals and memoirs many previously unpublished accompanied by biographical information and historical background Beginning with Father Pierre Jean de Smet's letters relating his encounters with Plains Indians and ending with an account of a Mormon gold miner's journey from California to Salt Lake City these narratives tell varied and vivid stories Some travelers fled hard times religious persecution the collapse of the agricultural economy illness or unpredictable weather Others looked ahead attracted by California gold the verdant Willamette Valley of Oregon or the prospect of converting Native people to Christianity Although many welcomed the adventure and adjusted to the rigors of trail life others complained in their accounts of difficulty adapting Remembrances of the Oregon California and Mormon Trails have yielded some of the most iconic images in American history This and forthcoming volumes in The Great Medicine Road series present the pioneer spirit of the original overlanders supported by the rich scholarship of the past century and a half Indians Robert H. Ruby, John Arthur Brown, 2005 In this book Robert H Ruby and John A Brown tell the story of the Cayuse people from their early years through the nineteenth century when the tribe was forced to move to a reservation First published in 1972 this expanded edition is published in 2005 in commemoration of the sesquicentennial of the treaty between the Cayuse Umatilla and Walla Walla Confederated Tribes and the U S government on June 9 1855 as well as the bicentennial of Lewis and Clark's visit to the tribal homeland in 1805 and 1806 Volume 120 in The Civilization of the American Indian An Interior Empire Stephen Dow Beckham, 1995 Possessing the Pacific Stuart Banner, 2009-06-30 During the Series nineteenth century British and American settlers acquired a vast amount of land from indigenous people throughout the Pacific but in no two places did they acquire it the same way Stuart Banner tells the story of colonial settlement in Australia New Zealand Fiji Tonga Hawaii California Oregon Washington British Columbia and Alaska Today indigenous people own much more land in some of these places than in others And certain indigenous peoples benefit from treaty rights while others do not These variations are traceable to choices made more than a century ago choices about whether indigenous people were the owners of their land and how that land was to be transferred to whites Banner argues that these differences were not due to any deliberate land policy created in London or Washington Rather the decisions were made locally by settlers and colonial officials and were based on factors peculiar to each colony such as whether the local indigenous people were agriculturalists and what level of political organization they had attained These differences loom very large now perhaps even larger than they did in the nineteenth century because they continue to influence the course of litigation and political struggle between indigenous people and whites over claims to land and other resources Possessing the Pacific is an original and broadly conceived study of how colonial struggles over land still shape the relations between whites and indigenous

people throughout much of the world Oregon and the Collapse of Illahee Gray H. Whaley,2010 In this sound analysis of Indian white relations in Oregon the author clearly presents the significant regional issues and effectively integrates them into the broad national patterns Roger L Nichols University of Arizona author of Natives and Strangers A History of Ethnic Americans The Federal Indian Policy in the Oregon Country, 1849-1855 ... Charles Florus Coan,1914 The Great Medicine Road, Part 1 Will Bagley,2014 Between 1841 and 1866 more than 500 000 people followed trails to Oregon California and the Salt Lake Valley in one of the greatest mass migrations in American history This collection of travelers accounts of their journeys in the 1840s the first volume in a new series of trail narratives comprises excerpts from pioneer and missionary letters diaries journals and memoirs many previously unpublished accompanied by biographical information and historical background Columbia River System Operation Review (SOR) ,1996
