Charles Lobitz, 1977 **Skiing Heritage Journal**, 2007-03 Skiing Heritage is a quarterly Journal of original entertaining and informative feature articles on skiing history Published by the International Skiing History Association its contents support ISHA's mission to preserve skiing history and to increase awareness of the sport's heritage *The Story of Modern Skiing* John Fry, 2017-03-14 This is the definitive history of the sport that has exhilarated and infatuated about 30 million Americans and Canadians over the course of the last fifty years Consummate insider John Fry chronicles the rise of a ski culture and every aspect of the sport's development including the emergence of the mega resort and advances in equipment technique instruction and competition The Story of Modern Skiing is laced with revelations from the author's personal relationships with skiing greats such as triple Olympic gold medalists Toni Sailer and Jean Claude Killy double gold medalist and environmental champion Andrea Mead Lawrence first women's World Cup winner Nancy Greene World Alpine champion Billy Kidd Sarajevo gold and silver medalists Phil and Steve Mahre and industry pioneers such as Vail founder Pete Seibert metal ski designer Howard Head and plastic boot inventor Bob Lange Fry writes authoritatively of alpine skiing in North America and Europe of Nordic skiing and of newer variations in the sport freestyle skiing snowboarding and extreme skiing He looks closely at skiing's relationship to the environment its portrayal in the media and its response to social and economic change Maps locating major resorts records of ski champions and a timeline bibliography glossary and index of names and places make this the definitive work on modern skiing Skiers of all ages and abilities will revel in this lively tale of their sport's heritage **Skiing Out of Your Mind** Leonard A. Loudis, W. Charles Lobitz, Kenneth M. Singer, 1986 With this unique guide skiers will gain a better understanding of their skiing frustrations fears and bad habits and how to gain control over them *Scaling New Heights in Technical Communication*, 1994 **Skiing**, 1977-12 **Understanding Extreme Sports: A Psychological Perspective** Eric Brymer, Francesco Feletti, Erik Monasterio, Robert D. Schweitzer, 2020-03-30 Extreme sports those activities that lie on the outermost edges of independent adventurous leisure activities where a mismanaged mistake or accident would most likely result in death have developed into a significant worldwide phenomenon Brymer Patterson 2002 and Generation Z turn to extreme sports because they are popular and linked to escapism Giannoulakis Pursglove 2017 Arguably extreme sports now support a multi billion dollar industry and the momentum seems to be intensifying Traditional explanations for why extreme sports have become so popular are varied For some the popularity is explained as the desire to rebel against a society that is becoming too risk averse for others it is about the spectacle and the merchandise that is associated with organised activities and athletes For others it is just that there are a lot of people attracted by risk and danger or just want to show off For others still it is about the desire to belong to sub cultures and the glamour that goes with extreme sports Some seek mastery in their chosen activity and in situations of significant challenges This confusion is unfortunate as despite their popularity there is still a

negative perception about extreme sports participation There is a pressing need for clarity The dominant research perspective has focused on positivist theory driven perspectives that attempt to match extreme sports against predetermined characteristics For the most part empirical research has conformed to predetermined societal perspectives Other ways of knowing might reveal more nuanced perspectives of the human dimension of extreme sport participation This special edition brings together cutting edge research and thought examining psychology and extreme sports with particular attention payed to the examination of motivations for initial participation continued participation effective performance and outcomes from participation
