The Vickie M. Stringer Reader's Companion Vickie M. Stringer, 2013-09-03 A collection of excerpts from Vickie M Stringer's novels including *Let That Be the Reason* *Imagine This* *The Reason Why* **Stringer** Ward S. Just, 1984

Phantom Wires Arthur Stringer, 2019-12-24 Arthur Stringer's *Phantom Wires* is a gripping exploration of the psychological and social implications of technological advancements during the early 20th century. Set in a time when communication was transforming through radio and telegraphy, Stringer masterfully intertwines elements of psychological thriller and social commentary. The narrative reflects a keen understanding of isolation in the modern age, illuminating the paradox between connection and disconnection as characters navigate a world increasingly reliant on invisible communications that both unify and separate them. Stringer's prose is sharp and evocative, drawing readers into a landscape of introspection and intrigue marked by a sense of dread about new technologies. Arthur Stringer, a prominent figure in early modernist literature, lends his expertise and personal experiences to this work. Born in Canada and later immersed in the literary culture of the United States, Stringer often reflected on the human condition and its intersection with technological change in his writing. His background in journalism combined with a penchant for the complexities of human psychology significantly influenced his approach in *Phantom Wires*, making it a prescient commentary on the fragility of human connections amidst evolving communication methods. Readers seeking a thought-provoking narrative that challenges the notion of progress will find *Phantom Wires* an indispensable addition to their literary repertoire. Stringer provides not just a tale of suspense but also an intricate examination of societal anxieties concerning technology. This book resonates with those who appreciate literary works that delve into the effects of modernity on the human psyche, making it a compelling read for both scholars and casual readers alike.

Inventing Vietnam Michael A. Anderegg, 1991 Testimony of the unique relationship between the U.S. Vietnam War and the images and sounds that have been employed to represent it *Authors and Audiences* Clarence Karr, 2000 From the 1890s through the 1920s, the best-selling fiction of Ralph Connor, Robert Stead, Nellie McClung, Lucy Maud Montgomery, and Arthur Stringer was internationally recognized. In this intriguing cultural history of the conception, production, and reception of popular fiction, Clarence Karr challenges the common assumption that best sellers are a conservative cultural influence reflecting and promoting traditional values. By focusing on a society and its cultural leaders at a period when they were coming to grips with modernity, Karr provides a new perspective on popular culture and the interaction between readers and popular authors.
