Tigers of a Different Stripe Sydney

Hutchinson,2016-11-21 Tigers of a Different Stripe takes readers inside the unique world of merengue t pico a traditional music of the Dominican Republic While in most genres of Caribbean music women usually participate as dancers or vocalists in merengue t pico they are more often instrumentalists and even bandleaders something nearly unheard of in the macho Caribbean music scene Examining this cultural phenomenon Sydney Hutchinson offers an unexpected and fascinating account of gender in Dominican art and life Drawing on over a decade of fieldwork in the Dominican Republic and New York among musicians fans and patrons of merengue t pico not to mention her own experiences as a female instrumentalist Hutchinson details a complex nexus of class race and artistic tradition that unsettles the typical binary between the masculine and feminine She sketches the portrait of the classic male figure of the t guere a dandified but sexually aggressive and street smart tiger and she shows how female musicians have developed a feminine counterpart the t guera an assertive sensual and respected female figure who looks like a woman but often plays and even sings like a man Through these musical figures and studies of both straight and queer performers she unveils rich ambiguities in gender construction in the Dominican Republic and the long history of a unique form of Caribbean feminism **The Bars Are Ours** Lucas

Dennis,2025-08-27 How do television viewers decide that characters are gay Why is one viewer convinced by a scene where

two men smile at each other whereas another responds to a scene where they share a bed with I don't see how that makes them gay This book examines scenes situations and structures that permit characters to be read as LGBT including two same sex characters as a romantic couple in the dark comedy crime drama The Righteous Gemstones and other contemporary television series contrasted with social media posts that embrace ignore or deny their identity Some surprising strategies emerge such as if a man speaks to a woman he is always straight and they can't be a romantic couple if another character ever refers to them as friends This thoroughly researched work investigates the practices of viewers identifying gayness on television drawing conclusions about both media and audience

Queering Drag Meredith Heller, 2020-01-21 Theatrical gender bending also called drag is a popular form of entertainment and a subject of scholarly study However most drag studies do not question the standard words and ideas used to convey this performance genre Drawing on a rich body of archival and ethnographic research Meredith Heller illuminates diverse examples of theatrical gender bending male impersonation in variety and vaudeville 1860 1920 the sexless gender bending of El Teatro Campesino 1960 1980 queer butch acts performed by black nightclub singers such as Storm DeLarverie instigator of the Stonewall riots 1910 1970 and the range of acts that compose contemporary drag king shows Heller highlights how in each case standard drag discourses do not sufficiently capture the complexity of

performers intents and methods nor do they provide a strong enough foundation for holistically evaluating the impact of this work Queering Drag offers redefinition of the genre centralized in the performer s construction and presentation of a queer version of hegemonic identity and it models a new set of tools for analyzing drag as a process of intents and methods enacted to effect specific goals This new drag discourse not only allows for more complete and accurate descriptions of drag acts but it also facilitates more ethical discussions about the bodies identities and products of drag performers Gays on Broadway
