

We all strive to be better human beings but we have to realize that there is no perfection. And those who believe they have reached that perfection have to remove their humanity, hence their shadow from their awareness. It will now become ripe for projection.

And by the way, we don't choose to project, the unconscious projects itself out so we can see it. Just notice next time you feel extra repulsion towards anyone. It happens to all of us.

Yes, me too!

Guiding Spirits (Veritas) Michele L. Sayre, 2023-06-17 GUIDING SPIRITS VERITAS The beauty of poetry is that we try to express with the fewest words possible the entirety of life and our natures and what it is like for us to live upon this planet Words become a song that we sing out into the universe trying to reach out to like minded souls It is our nature to express ourselves and share who we are with the cosmos There's a certain fearlessness attached to a poem when it's presented to the world There's always that one iota of fear where the poet feels that they are alone in their views and someone else will not get them at their most basic level of humanity Poetry is saying Here I am universe Take me as I am I hope you love me but if that cannot happen I will be satisfied if you just don't ignore me To be heard is to matter and that is all any of us want to fulfill the wish that our lives matter That what we think and feel and hope matters to someone other than ourselves This book is an exploration and experiencing of the world around us through the poet's eyes when she was much younger than she is now Through any age we all experience the same emotions desires wants dreams and just a heart felt wish that we matter to

Stearn,2017-05-11 When I was seven years old the nun teaching my Catechism class told us that Mary immaculately conceived Jesus My mother immediately disabused me of this idea stating unequivocally that Mary was just another fourteen year old who got pregnant arguably and ironically planting the seed for this book The theist belief that God exists as a conscious entity in some form other than that of matter or energy denies by definition the actual existence of God Atheism denies the belief in God existing as a conscious entity Neither theists nor atheists rely upon evidence to support their belief This thesis proposes that God either exists or doesn t exist and belief does not change the ultimate fact Syllogistically if God exists God exists as some form of matter or energy and God is infinite by definition and since matter and energy can be neither created nor destroyed according to the Law of Conservation God and matter and energy are identical and everything that exists in the cosmos is God Omnideism proposes a logical explanation for the actual existence of God consistent with the laws of physics and theistic purpose for human existence if God exists Liberalism, Diversity and Domination Inder S.

The Quality of Life Richard Kraut, 2018-08-22

The Quality of Life Aristotle Revised presents a philosophical theory about the constituents of human well being The principal idea is that what Aristotle calls external goods wealth reputation power have at most an indirect bearing on the quality of our lives Starting with Aristotle s thoughts about this topic Kraut increasingly modifies and occasionally rejects that stance He argues that the way in which we experience the world is what well being consists in A good internal life comprises in part pleasure but far more valuable is the quality of our emotional intellectual social and perceptual experiences These offer the potential for a richer and deeper quality of life than that which is available to many other animals A good human life is immeasurably better than that of a simple creature that feels only the pleasures of nourishment even if it felt pleasure for millions of years human life would be superior In opposition to contemporary discussions of well being which often appeal to a thought experiment devised by Robert Nozick Kraut concludes that the quality of our lives consists entirely in the quality of our experiences While others hold that we must live in the real world to live well and that one s interior life has little or no value on its own Kraut s interpretation of this thought experiment supports the opposite conclusion
