mystical path was based on exchanges and debates on the Qur'an and on the Prophet's customs. The book analyses their interpretation of sacred texts: the Qur'an, hadiths, sunna and malfuzat. This created a unique self-understanding which developed specific Sufi spiritual exercises. The book discusses new important ways of thinking about the Sufi hermeneutics of the Qur'an and its contribution to Islamic intellectual and spiritual life.

Ezra Pound: Poet A. David Moody, 2015-09-24 This third and final volume of A. David Moody's critical life of Ezra Pound presents Pound's personal tragedy in a tragic time. In this volume we experience the 1939-1945 World War and Pound's hubristic involvement in Fascist Italy's part in it; we encounter the grave moral and intellectual error of Pound holding the Jewish race responsible for the war and his consequent downfall, being charged with treason, condemned as an anti-Semite and shut up for twelve years in an institution for the insane. Further, we see Pound stripped for life by his own counsel and wife of his civil and human rights. Pound endured what was inflicted upon him justly and unjustly without complaint and continued his lifetime's effort to promote in and through his *Cantos* and his translations a consciousness of a possible humane and just social order. The contradictions run deep and compel as tragedy does a steady and unprejudiced contemplation and an answering depth of comprehension.
