Struggling With Their Histories:

Struggling with History Edward Simpson, Kai Kresse, 2008 *Struggling with History* compares anthropological and historical approaches to the study of the Indian Ocean by focusing on the conflicted nature of cosmopolitanism Essays contribute to current debates on the nature of cosmopolitanism the comparative study of Muslim societies and the examination of colonial and postcolonial contexts Few books combine a comparable level of interdisciplinary scholarship and regional ethnographic expertise

Nations and their Histories S. Carvalho, F. Gemenne, 2009-10-09 *Nations and their Histories* highlights the importance of the past and its uses in the formation of modern nations and national identities The book looks at the construction of different national historiographies as well as present representations of the past in the political and cultural life of nations covering the five continents

The Struggle for the History of Education Gary McCulloch, 2011-02-25 The history of education is a contested field of study and has represented a site of struggle for the past century of its development It is highly relevant to an understanding of broader issues in history education and society and yet has often been regarded as being merely peripheral rather than central to them Over the years the history of education has passed through a number of approaches more recently engaging with a different areas such as curriculum teaching and gender although often losing sight of a common cause In this book McCulloch contextualizes the struggle for educational history explaining and making suggestions for the future on a number of topics including finding a set of common causes for the field as a whole engaging more effectively with social sciences and humanities while maintaining historical integrity forming a rationale of missions and goals for the field defining the overall content of the subject its priorities and agendas and reassessing the relevance of educational history to current educational and social issues Throughout this book the origins of unresolved debates and tensions about the nature of the field of history of education are discussed and key examples are analysed to present a new view of future development The Struggle for the History of Education demonstrates the key changes and continuities in the field and its relationship with education history and the social sciences over the past century It also reveals how the history of education can build on an enhanced sense of its own past and the common and integrating mission that makes it distinctive interesting and important for a wide range of scholars from different backgrounds

The Penguin History of Britain: The Struggle for Mastery David Carpenter, 2004-08-26 The two and a half centuries after 1066 were momentous ones in the history of Britain In 1066 England was conquered for the last time The Anglo Saxon ruling class was destroyed and the English became a subject race dominated by a Norman French dynasty and aristocracy This book shows how the English domination of the kingdom was by no means a foregone conclusion The struggle for mastery in the book's title is in reality the struggle for different masteries within Great Britain The book weaves together the histories of England Scotland and Wales in a new way and argues that all three in their different fashions were competing for domination
