*Library of Congress Catalogs* Library of Congress, 1980. Russia Abroad Marc Raeff, 1990-04-19. The dramatic events of the twentieth century have often led to the mass migration of intellectuals, professionals, writers, and artists. One of the first of these migrations occurred in the aftermath of the Russian Revolution when more than a million Russians were forced into exile. With this book, Marc Raeff, one of the world's leading historians of Russia, offers the first comprehensive cultural history of the Great Russian Emigration. He examines the social and institutional structure of the emigration and describes its rich cultural and intellectual life. He points out that what distinguishes this emigration from other such episodes in European history is the extent to which the emigres succeeded in reconstituting and preserving their cultural creativity in the West. The flourishing Russian communities of Paris, Berlin, Prague, and Harbin not only enriched Russian arts and letters but also significantly influenced the culture of their Western hosts. Raeff concludes with an assessment of their impact on the development of modern Western and Soviet culture. **Subject Catalog, 1980** Library of Congress, 1980.
