The European Pentarchy and the Congress of Verona, 1822 I.C. Nichols,2012-12-06 For one reason or another modern historians have

neglected the Congress of Verona some because they thought the field already had been thoroughly plowed while others doubted that enough material could be found for more than an article or two on the subject Indeed not a single book length monograph of this international assembly has ever been published in any language This study therefore attempts to fill the gap by 1 explaining the genesis of the Congress 2 furnishing a comprehensive account of its work 3 revising some of the interpretations of Sir Charles K Webster Harold W V Temperley and others and 4 analyzing the significance of the Congress with emphasis on its contribution to the fall of the Quintuple Alliance a consequence aided by the dissimilar and often contradictory interests of the allies themselves This book is essentially a diplomatic history but diplomats of course do not live in a vacuum Numerous political social commercial financial and sometimes even religious factors impinge upon their consciousness *Anecdotes of painters, engravers, sculptors and architects, and curiosities of art* Shearjashub

Spooner, 1853 *"The" Westminster Review*, 1833 **Who Occupies This House** Kathleen Hill, 2010-10-30 An Irish American woman grieves the death of her mother and the impending sale of the house that has belonged to her family for four generations prompting her to go through letters journal and mysterious areas of the house to discover the devastation and loss experienced by her ancestors *Scribner's Magazine* Edward Livermore Burlingame, Robert Bridges, Alfred Sheppard Dashiell, Harlan Logan, 1894 **Public Memory and the Television Series Outlander** Valerie Lynn Schrader, 2020-12-30 Using rhetorical criticism as a research method Public Memory and the Television Series Outlander examines how public memory is created in the first four seasons of the popular television show Outlander In this book Valerie Lynn Schrader discusses the connections between documented history and the series noting where Outlander's depiction of events aligns with documented history and where it does not as well as how public memory is created through the use of music language directorial and performance choices and mise en scene elements like filming location props and costumes Schrader also explores the impact that Outlander has had on Scottish tourism known as the Outlander effect and reflects on whether other filming locations or depicted locations may experience a similar effect as Outlander's settings move from Scotland to other areas of the world Furthermore Schrader suggests that the creation of public memory through the television series encourages audiences to learn about history and reflect on current issues that are brought to light through that public memory *Terrific Majesty* Carolyn Hamilton, 2009-07 Since his assassination in 1828 King Shaka Zulu founder of the powerful Zulu kingdom and leader of the army that nearly toppled British colonial rule in South Africa has made his empire in popular imaginations throughout Africa and the West Shaka is today the hero of Zulu nationalism the centerpiece of Inkatha ideology a demon of apartheid the namesake of a South African theme park even the subject of a major TV film *Terrific Majesty* explores the reasons for the potency of Shaka's image examining the ways it has changed over time from colonial legend through Africanist idealization to modern cultural icon This study suggests that tradition cannot be freely invented either by European observers who recorded it or by subsequent African ideologues There are particular historical

limits and constraints that operate on the activities of invention and imagination and give the various images of Shaka their power. These insights are illustrated with subtlety and authority in a series of highly original analyses. *Terrific Majesty* is an exceptional work whose special contribution lies in the methodological lessons it delivers above all its sophisticated rehabilitation of colonial sources for the precolonial period through the demonstration that colonial texts were critically shaped by indigenous African discourse. With its sensitivity to recent critical studies, the book will also have a wider resonance in the fields of history, anthropology, cultural studies, and post-colonial literature.

Astoria, Or, Enterprise Beyond the Rocky Mountains Washington Irving, 1836

Astoria Washington Irving, 2008-11-01

The wind now springing up the Tonquin got under way and stood in to seek the channel but was again deterred by the frightful aspect of the breakers from venturing within a league. Here she hove to and Mr Mumford the second mate was despatched with four hands in the pinnace to sound across the channel until he should find four fathoms depth from Chapter VII. The storied wildness of the American West captured the imagination of Washington Irving as completely as did the cultured romance of Europe and the native New Yorker had barely returned home in 1832 from nearly two decades abroad in England, France, Germany, and Spain when he set out again this time for the frontier. The West truly was still wild then to Continental and colonial eyes and Irving was moved to tell one of the most fascinating adventure tales of the hardy men who explored and mapped it. This is Irving's lost classic, a riveting rollicking account of John Jacob Astor's grand dreams of building a fur trading empire in the Pacific Northwest of the expeditions he sent West and of his ultimate and abysmal failure. First published in 1836, *Astoria* has been unfairly maligned as historically inaccurate but more recent scholarship has proven the book's detractors wrong; this is not only an essential work of brilliant literature by one of the great American writers, it is also an important factual chronicle of a foundational era of the American story that should not be forgotten.

American author WASHINGTON IRVING (1783-1859) wrote extensively in the areas of history and historical biography but is best known for his short fiction, including *The Legend of Sleepy Hollow* and *Rip Van Winkle*.
