**Trails to and Tales of Sanderson, Texas** Cleo W. Robinson,2007-09-20 Punch was sort of a mongrel In his veins circulated the blood of all the races found along the Gulf Coast and the Mexican border Like most mongrels Punch was a survivor smart healthy dependable and loyal Punch was a bit short of six feet tall slim always clean shaven with graying brown hair and blue eyes He walked with a limp His left leg had been messed up in a bad fall with a cowpony some years back The wreck pretty well retired him from working as a full time cowhand Punch had an endless supply of stories of the old

days but no one knew where he actually came from or exactly how old he was It was evident that he had been a cowboy probably a lawman a hunter a trapper and perhaps an outlaw Punch was fluent in Spanish and French knew some Apache and most folks believed that he knew Indian sign language He was known to be a talented tracker Some claimed He could track a bird through the air As little was known about Punch folks tended to fill the gaps with guesses and rumors Punch never agreed or disagreed with those who claimed to have some knowledge about his background As long as the avoided insulting or demeaning him Punch would smile volunteer nothing and allow people to form their own opinions about his background He was easy going and friendly to everyone but if you had the sense God gave a sheep you would sense Punch was not a man to be trifled with Given the right circumstances Punch could be a dangerous person to cross One of the stories associated with Punch claimed he had trailed on foot a horse thief into Mexico and recovered a stolen horse When people mentioned the story to Punch he would nod his head in apparent agreement and tell them Yup you just about got it right Punch knew that they were wrong Dead wrong Only he knew what had happened and he wasn't talking

### **New Beginnings** Cindy Agelwei, 2023-04-03

Jenna wanted to make a change in life after the passing of her mother brother and grandmother a life change that would take her four hours away from the town she grew up in away from her best friend and away from all her family's memories It was a chance to start over where no one knew her story where she could start a new life in her grandmother's farmhouse along with money that will last her more than a lifetime not that money meant anything to her She'd give it all back to have her family with her That however wasn't life's plan When Jenna was involved in a hit and run accident she found herself in the

hospital There she met Maria who reminded her that love didn't always come from blood Jacob who showed her that he would protect her no matter what and Aaron who showed her it was okay to take a chance on love It took someone else though to teach her to make the tough choices to listen to her heart no matter where it took her which in the end made her question who truly and completely had her heart Jenna brought a special light to this new town Her big heart was felt by so many However with the good came the bad Someone was set out to hurt Jenna Catching him before it happened brought Jenna closer to the people she started to love the people she soon considered her family

**Stuck in the Middle** Linda Heard,2005-03-28 Fridays were washday in my house It normally took eight five gallon buckets of water just to fill the washing machine with enough water for one load of clothes With eleven children to wash for this process took several hours We owned an old wringer washing machine that would squeeze water out of the clothes when placed between the two rolling pins which were located at the top of the washing machine The washing machine was very dangerous to operate and therefore no one was allowed near it except for my mother One day while Mom was in the process of doing her weekly washing my younger brothers Roosevelt and Jeffery were fighting in the backyard Mom heard the noise and went to break up the fight While she was gone I decided to help her out with the clothes I had been warned by Mom to never go near the washing machine But being the hardheaded child that I was do you think I listened I think not I took out a blouse that was washing in the water and placed it in between the two rolling pins Lo and behold my arm got caught in the wringers You would think that I would have had enough common sense to let go of the blouse but no not me All I could think of was that my arm was gonna fall off I was too scared to yell for help because I knew I would be in big trouble once Mom caught me meddling with the washing machine Luckily Mom came back into the house just in time to unplug the electric plug from the outlet before my arm was completely under the wringer Of course after I was freed I started to cry I had to think of something quick in order to save my behind so I told Mom I was trying to help her out with the laundry so that she didn't have to work so hard It worked She felt sorry for me and I was spared a whipping that day When it was time to take our baths we had to fill the aluminum five foot tub my dad had purchased from the hardware store with ten five gallon buckets of water We then

had to get the help of another person to lift the tub onto the top of the wood stove so that that water could be heated We normally took our baths right there in the kitchen There was no door separating the kitchen from the living room so when we bathed we had to hang a bed sheet in front of the opening All eleven of the children had to share the same bath water The oldest child was usually the first one allowed to bathe and then the rest followed by age     Stuck in Winter Wonderland C.S.
