Playing the Viola David Dalton,1989-11-30 In all areas of human endeavour time and again an individual appears who due to a multitude of personal attributes elevates his or her field to a hitherto unknown height Such an individual was William Primrose His name and the viola are synonymous Janos Starker This unique book is the result of a series of conversations with Primrose in the last years before his death in 1982 David Dalton describes how he came to the great artist armed with every question he could think of pertaining to performing on and teaching the viola The lively dialogue contains a wealth of illuminating advice for the student on the technicalities of playing the viola It is however far more than a technical guide The two violists discuss the unique position of their instrument an instrument without tradition is

Primrose's bald description. They cover the topic of repertoire with fascinating insights into the performance of the great concertos by Bartók and Walton with which Primrose was so closely associated. Still more invaluable advice emerges from the discussion of Primrose's own experience on the art of performance on demeanour on stage on competitions on recordings and on preparing for a career. The book is a tribute to one of the greatest artists of this century. Musical Observer, 1919
