

The American People In The Age Of Kennedy

Susan J. Drucker, Robert S. Cathcart

The American People In The Age Of Kennedy:

The American People in the Age of Kennedy David M. Kennedy, 1973 *Rethinking American History in a Global Age* Thomas Bender, 2002-05-14 In One eloquent essay after another some of the wisest historians of our time write American history in a grand cosmopolitan context From the era of discovery to the present histories that we thought we knew of labor of race relations of politics of gender relations of diplomacy of ethnicity are more richly understood when causes and consequences are traced throughout the globe One emerges invigorated ready to welcome a new American history for a new international century Linda K Kerber author of *No Constitutional Right to Be Ladies Women and the Obligations of Citizenship* *Rethinking American History in a Global Age* is an extremely stimulating and thought provoking collection of essays written by leading historians who offer wider contexts for illuminating the traditional themes and issues of American national history Particularly impressive is the book's combination of caution and original sometimes daring insights David Brion Davis author of *In the Image of God Religion Moral Values and Our Heritage of Slavery* For decades American historians have been urging one another to place our culture in comparative or transnational perspective Thomas Bender's unique volume includes not only essays theorizing such efforts and essays exemplifying such work at its most successful and its most provocative it also provides more skeptical assessments questioning whether American historians can meet the challenge of overcoming our longstanding national preoccupations *Rethinking American History in a Global Age* is an indispensable book that will shape the work of a rising generation of historians whose horizons will extend beyond our own shores James T Kloppenberg author of *The Virtues of Liberalism* Religion in the Age of Obama Juan M. Floyd-Thomas, Anthony B. Pinn, 2018-08-23 This is the first book to focus on the significance of religion during President Obama's years in the White House Addressing issues ranging from identity politics immigration income inequality Islamophobia and international affairs *Religion in the Age of Obama* explores the religious and moral underpinnings of the Obama presidency and subsequent debates regarding his tenure in the White House It provides an analysis of Obama's beliefs and their relationship to his vision of public life as well as the way in which the general ethos of religion and non religion has shifted over the past decade in the United States under his presidency Topics include how Obama has employed religious rhetoric in response to both international and domestic events his attempt to inhabit a kind of Blackness that comforts and reassures rather than challenges White America the limits of Christian hospitality within U S immigration policy and the racialization of Islam in the U S national imagination *Religion in the Age of Obama* shows that the years of the Obama presidency served as a watershed moment of significant reorganization of the role of religion in national public life It is a timely contribution to debates on religion race and public life in the United States *The Space-Age Presidency of John F. Kennedy* John Bisney, J. L. Pickering, 2019-03-15 In this engaging and inspiring work John Bisney and J L Pickering have written and illustrated a thorough history of John F Kennedy's role in developing the United States space program Ironically

despite his close association with the race to space Kennedy initially thought the space program was too expensive and did not support a manned space flight until the Russians sent Yuri Gagarin into orbit just a few months after Kennedy's inauguration. Now a century after Kennedy's birth the United States has reached the moon sent probes into deep space and had its astronauts spend extended time in space all of which are a legacy of Kennedy's presidency. Surprising though there hasn't been a photographic history of Kennedy's involvement in the space race despite the visual glamour associated with the space race and Kennedy's presidency until this engaging book by two widely respected chroniclers of the race to space.

The Age of Great Dreams David Farber, 1994-04 In this absorbing new book David Farber gives us the history of our collective and individual memories of the 1960s the brilliant colors of revolt and rapture of flames and raised fists of napalm and tear gas of people desperate to make history even as others fought fiercely to stop them. More than thirty years after the assassination of John F. Kennedy this book grounds our understanding of the terrible events of that era by linking them to our country's grand projects of previous decades the forging of a national system of social provision in the New Deal our new agenda as global superpower after World War II the creation of the national security state and the maturation of a national consumer driven mass mediated marketplace. Farber's account based on years of research in archives and oral histories as well as in the historical literature deals in full not only with nation building in Vietnam the 1964 Civil Rights Act the 1965 Watts riot and the War on Poverty but with the entertainment business the drug culture and much more. **The American Class Structure in an Age of Growing Inequality** Dennis Gilbert, 2011 In this Eighth Edition of his acclaimed and thought provoking text author Dennis Gilbert explores historical and contemporary empirical studies of class inequality in America through the lens of nine key variables. Focusing on the socioeconomic core of the American class system Gilbert describes a consistent pattern of growing inequality in the United States since the early 1970s. In his search for the answer to why class disparities continue to increase Gilbert examines changes in the economy family life and politics drawing on vivid first person accounts to illustrate the human emotion wrapped up in class issues. *American Heroes in a Media Age* Susan J.

Drucker, Robert S. Cathcart, 1994 This volume explores the relationship of hero to celebrity and the changing role of the hero in American culture. It establishes that the nature of hero and its function in society is a communication phenomenon which has been and is being altered by the rapid advance of electronic media. **The African American People** Molefi Kete Asante, 2013-06-17 The African American People is the first history of the African American people to take a global look at the role African Americans have played in the world. Author Molefi Kete Asante synthesizes the familiar tale of history's effect on the African people who found themselves forcibly part of the United States with a new look at how African Americans in later generations impacted the rest of the world. Designed for a range of students studying African American History or African American Studies The African American People takes the story from Africa to the Americas and follows the diaspora through the Underground Railroad to Canada and on to Europe Asia and around the globe. Including over 50 images documenting

African American lives The African American People presents the most detailed discussion of the African and African American diaspora to date giving student the foundation they need to broaden their conception of African American History

The Revolutionary Imagination in the Americas and the Age of Development María Josefina Saldaña-Portillo, 2003-11-07 Table of contents *Party Politics in the Age of Roosevelt* Michael P. Riccards, Cheryl A. Flagg, 2022-04-29 Riccards and Flagg examine in detail the development of Franklin Delano Roosevelt from a young politician in Albany to assistant secretary of the Navy to governor of the state of New York The volume shows how Roosevelt developed his rhetorical skills his art of manipulation and coalition building and his incredible bond to the American people through the Depression and World War II As commander in chief he mastered the leadership skills that made him a great military leader and a political leader who established himself as a paramount figure using control of the Democratic party In the process he solidified the party as a long lasting coalition that set the United States as a world empire The Golden Age of the American Essay Phillip Lopate, 2021-04-06 A one of a kind anthology of American essays on a wide range of subjects by a dazzling array of mid century writers at the top of their form from Norman Mailer to James Baldwin to Joan Didion selected by acclaimed essayist Phillip Lopate The three decades that followed World War II were an exceptionally fertile period for American essays The explosion of journals and magazines the rise of public intellectuals and breakthroughs in the arts inspired a flowering of literary culture At the same time the many problems that confronted mid century America racism sexism nuclear threat war poverty and environmental degradation among them proved fruitful topics for America s best minds In The Golden Age of the American Essay Phillip Lopate assembles a dazzling array of famous writers critics sociologists theologians historians activists theorists humorists poets and novelists Here are writers like James Agee E B White A J Liebling Randall Jarrell and Mary McCarthy pivoting from the comic indignities of daily life to world peace consumerism and restaurants in Paris Here is Norman Mailer on Jackie Kennedy Vladimir Nabokov on Lolita Martin Luther King Jr s Letter from Birmingham Jail and Richard Hofstadter s The Paranoid Style in American Politics Here are Gore Vidal Rachel Carson James Baldwin Susan Sontag John Updike Joan Didion and many more in a treasury of brilliant writing that has stood the test of time **Final Report to the American Indian Policy Review Commission** United States. American Indian policy review commission, 1976 **Soundtracked Books from the Acoustic Era to the Digital Age** Justin St. Clair, 2022-06-15 Offering both a short history and a theoretical framework this book is the first extended study of the soundtracked book as a media form A soundtracked book is a print or digital publication for which a recorded musical complement has been produced Early examples were primarily developed for the children s market but by the middle of the twentieth century ethnographers had begun producing book and record combinations that used print to contextualize musical artifacts The last half century has witnessed the rapid expansion of the adult market including soundtracked novels from celebrated writers such as Ursula K Le Guin Kathy Acker and Mark Z Danielewski While often dismissed as gimmicks

this volume argues that soundtracked books represent an interesting case study in media consumption Unlike synchronous multimedia forms the vast majority of soundtracked books require that audience activity be split between reading and listening thus defining the user experience and often shaping the content of singing books as well Mapping the form s material evolution this book charts a previously unconsidered pathway through more than a century of recording formats and packaging strategies emphasizing the synergies and symbioses that characterize the marriage of sound and print As such it will be of value to scholars and postgraduate students working in media studies literary studies and sound studies *The American Culture of War* Adrian R. Lewis,2006-12-21 *The American Culture of War* presents a sweeping critical examination of every major American war since 1941 Timely incisive and comprehensive it is a unique and invaluable survey of over sixty years of American military history *Race in the Age of Obama* Donald Cunnigen,Marino A. Bruce,2010-12-17 Looks at the impact of the key sociological issues faced by the new Obama Administration and explores conventional topics on race and ethnic relations as well as delving into fresh areas of intellectual inquiry regarding the changing scope of race relations in a global context This title examines the 2008 Presidential Election **Congressional Record** United States. Congress,1953

American Exceptionalism in the Age of Globalization William V. Spanos,2008-01-24 Connects the American exceptionalist ethos to the violence in Vietnam and the Middle East **Media Management in the Age of Lyndon B. Johnson** Benjamin W. Quail,2022-01-01 This book looks broadly at how the contentious relationships between the media and US President Lyndon B Johnson affected the national consciousness during the turbulent period of his leadership Johnson had to deal with a particularly difficult and divisive period in American history and his relationship with the press undoubtedly contributed to an atmosphere of friction within the United States A more specific purpose of this research monograph is ultimately to shine a light on the trials and tribulations that Johnson faced as a president dealing with new forms of communication in the 1960s It aims to show the difficulties that he had in adapting a very personal style of leadership which had served him well in the Senate in the role he undertook as leader of a nation Further to this it builds on this foundation to argue that Johnson developed a reactive passive stance to dealing with the media one that ultimately contributed to a loss in popularity and status as leader a blow he never recovered from during his time in office

Encyclopedia of the Jazz Age: From the End of World War I to the Great Crash James Ciment,2015-04-08 This illustrated encyclopedia offers in depth coverage of one of the most fascinating and widely studied periods in American history Extending from the end of World War I in 1918 to the great Wall Street crash in 1929 the Jazz age was a time of frenetic energy and unprecedented historical developments ranging from the League of Nations woman suffrage Prohibition the Red Scare the Ku Klux Klan the Lindberg flight and the Scopes trial to the rise of organized crime motion pictures and celebrity culture Encyclopedia of the Jazz Age provides information on the politics economics society and culture of the era in rich detail The entries cover themes personalities institutions ideas events trends and more and special features such as sidebars
