The American President Cd:

The Development of the American Presidency Richard J. Ellis, 2013-06-17 Our understanding of the politics of the presidency is greatly enhanced by viewing it through a developmental lens analyzing how historical turns have shaped the modern institution The Development of the American Presidency pays great attention to that historical weight but is organized topically and conceptually with the constitutional origins and political development of the presidency its central focus Through comprehensive and in depth coverage this text looks at how the presidency has evolved in relation to the public to Congress to the Executive branch and to the law showing at every step how different aspects of the presidency have followed distinct trajectories of change All the while Ellis illustrates the institutional relationships and tensions through stories about particular individuals and specific political conflicts Ellis s own classroom pedagogy of promoting active learning and critical thinking is well reflected in these pages Each chapter begins with a narrative account of some illustrative puzzle that brings to life a central concept A wealth of photos figures and tables allow for the visual presentations of concepts A companion website not only acts as a further resources base directing students to primary documents newspapers and data sources but also presents interactive timelines practice quizzes and key terms to help students master the book s lessons

The Oxford Handbook of the American Presidency George C. Edwards, William G. Howell, 2011-08-04 With engaging new contributions from major figures in the field The Oxford Handbook of the American Presidency provides the key point of reference for anyone working in American politics today

The American Presidency Harold J. Laski, 2024-09-02 First Published in 1940 The American Presidency is the first full length study of the presidency in action in America to be written by an Englishman It explains the working of the complicated system over which the President presides and particularly the vexed question of the dual control of foreign relations in the United States Professor Laski offers a new theory of the place of the presidency in American life and incidentally throws light on the inner nature of the other great Anglo Saxon democracy His Book is more than a formal description It is essentially a novel interpretation of the greatest elective office in the democratic world This is a must read historical reference work for students of politics American politics and American history

The World Almanac and Book of Facts , 1902 Lists news events population figures and miscellaneous data of an historic economic scientific and social nature
