The American Senator:

The American Senator Anthony Trollope, 2020-09-28 I never could understand why anybody should ever have begun to live at Dillsborough or why the population there should have been at any time recruited by new comers That a man with a family should cling to a house in which he has once established himself is intelligible The butcher who supplied Dillsborough or the baker or the ironmonger though he might not drive what is called a roaring trade nevertheless found himself probably able to live and might well hesitate before he would encounter the dangers of a more energetic locality But how it came to pass that he first got himself to Dillsborough or his father or his grandfather before him has always been a mystery to me The town has no attractions and never had any It does not stand on a bed of coal and has no connection with iron It has no water peculiarly adapted for beer or for dyeing or for the cure of maladies It is not surrounded by beauty of scenery strong enough to bring tourists and holiday travellers There is no cathedral there to form with its bishops prebendaries and minor canons the nucleus of a clerical circle It manufactures nothing specially It has no great horse fair or cattle fair or even pig market of special notoriety Every Saturday farmers and graziers and buyers of corn and sheep do congregate in a sleepy fashion about the streets but Dillsborough has no character of its own even as a market town Its chief glory is its parish church which is ancient and inconvenient having not as yet received any of those modern improvements which have of late become common throughout England but its parish church though remarkable is hardly celebrated The town consists chiefly of one street which is over a mile long with a square or market place in the middle round which a few lanes with queer old names are congregated and a second small open space among these lanes in which the church stands As you pass along the street north west away from the railway station and from London there is a steep hill beginning to rise just beyond the market place Up to that point it is the High Street thence it is called Bullock s Hill Beyond that you come to Norrington Road Norrington being the next town distant from Dillsborough about twelve miles Dillsborough however stands in the county of Rufford whereas at the top of Bullock s Hill you enter the county of Ufford of which Norrington is the assize town The Dillsborough people are therefore divided some two thousand five hundred of them belonging to Rufford and the remaining five hundred to the neighbouring county This accident has given rise to not a few feuds Ufford being a large county with pottery and ribbons and watches going on in the farther confines whereas Rufford is small and thoroughly agricultural The men at the top of Bullock s Hill are therefore disposed to think themselves better than their fellow townsmen though they are small in number and not specially thriving in their circumstances

The American Senator, Volume I Anthony Trollope, 2008-04 Walking across the bridge towards the house Reginald Morton felt thoroughly disgusted with all the world Or disgusted at least with himself for he had altogether made a fool of himself by his manner He had shown himself to be offended not only by Mr Twentyman but by Miss Masters also and he was well aware as he thought of it all that neither of them had given him any cause of offence If she chose to make an appointment for a walk with Mr Lawrence Twentyman and to keep it what was that to him His anger

was altogether irrational and he knew it was so What right had he to have an opinion about it if Mary Masters should choose to like the society of Mr Twentyman It was an affair between her and her father and mother in which he could have no interest and yet and yet The novels of Anthony Trollope 1815 82 have returned to vogue in recent decades enjoy renewed popularity for their gentle yet carefully precise observations of the English people **The American Senator** Anthony Trollope,2021-04-19 the american senator From Anthony Trollope **The American Senator** Anthony Trollope,1877 *The American Senator* Anthony Trollope,1877 *The American Senator 3* Trollope A.,2019 Anthony Trollope 1815 1882 was an English novelist of the Victorian era Among his best known works is a series of novels collectively known as the Chronicles of Barsetshire which revolves around the imaginary county of Barsetshire The American Senator is a novel written in 1875 It is notable for its depictions of rural English life and for its many detailed fox hunting scenes The novel is largely set in and near the town of Dillsborough in the fictional county of Rufford *The American Senator Illustrated* anthony trollope,2020-03-03 The American Senator is a novel written in 1875 by Anthony Trollope Although not one of Trollope s better known works it is notable for its depictions of rural English life and for its many detailed fox hunting scenes In its anti heroine Arabella Trefoil it presents a scathing but ultimately sympathetic portrayal of a woman who has abandoned virtually all scruples in her quest for a husband Through the eponymous Senator Trollope offers comments on the irrational aspects of English life **The American Senator** Thomas Carpenter,2019-04-03 The American Senator Trollope,1877 **The American Senator** Anthony Trollope,2024-08-05T04:47:42Z When John Morton returns to his rural English estate from a diplomatic posting in Washington he returns not only with an American senator seeking to understand England but also with a fianc e the aristocratic beauty Arabella Trefoil Morton s return also brings him back into contact with his slightly older and estranged cousin Reginald who still resides in Dillsborough their ancestral town Out of these elements Trollope constructs a chronicle of a winter at Dillsborough as the Senator of the title does not in fact take pride of place which instead goes to the goings on among residents of the town and its environs As romantic intrigues unfold elements of status class and wealth propel and dispel various attachments The Senator acts as a foil to reflect on the absurdities of English life somewhat tempered by the noble but headstrong character of the American As is so often the case with Trollope some female characters are drawn with especial depth and clarity Chief among these is Arabella Trefoil whose heartless predatory pursuits of a husband are nonetheless depicted with some poignancy Likewise some minor characters the wife of Dillsborough s leading lawyer in particular are nevertheless forcefully present Trollope wrote The American Senator between the last two installments of his political Palliser series and a few characters from those novels make cameo appearances here Trollope began writing the book while in Australia and completed it at sea during the return voyage to England Perhaps something of that distance contributes an ambivalence about life in his home country so often marked by deep irrationalities but so lovingly defended by the novel s English protagonists This book is part of the Standard Ebooks project which produces
